1960 SPRING CATALOG

Ackerman

NURSERIES

BRIDGMAN, MICHIGAN

Now a new dwarf

Hardy Hall's Almond

Offered for the first time last Fall. A Hardy Almond now in a dwarf type tree! No need for ladders to pick their delicious nuts. Rarely ever will exceed 6 to 8 feet in height, but will produce the same fine large nuts and beautiful flowers that the standard Hall's Almond does, which we offer on page 26 of this catalog.

Makes an attractive ornamental, small enough to be planted in your flowering border, as well as being valuable for the nuts it produces. Plant two trees for best results.

PRICE: Strong, 3-4 ft. trees, \$3.75 each;
2 for \$7.00; 4 for \$13.00.

For only **\$9.95**

(A Saving of \$2.30)

Net, not prepaid

A Complete Orchard on one Dwarf Quintuplet Apple Tree

Ideal for Small Gardens

A Whole Orchard at Your Doorstep on one DWARF Tree — Trees very seldom grow taller than you can reach! Produces the same large fruit as standard apple trees, but on a dwarf tree! Remember, 5 kinds of apples on one tree. The varieties are Anoka, Red and Yellow Delicious, Yellow Transparent, Jonathan and Red McIntosh. Really there are 6 varieties but we offer them as 5 just in case one bud may not have grown. No yard too small

for one or two of these unique trees. Supply is very limited . . . order early and avoid being disappointed.

PRICE:

3-Year Select specimen trees, \$5.25 each; 2 for \$10.00.

Over 100,000 SATISFIED CUSTOMERS are proof that our endeavor to fill our orders with the finest Nursery Stock that Mother Earth produces at the lowest possible cost to our customer is the one and only policy. You PAY NO AGENT'S COMMISSION, for we are not jobbers . . . we grow a tremendous amount of stock, which is handled only once — direct from the nursery to you.

★ IT IS SO EASY TO SHOP BY MAIL

Every year more and more people are getting this habit. Why, for the simple reason you can make your selections from this 64-page book in the comfort of your home, at your leisure . . . no need to wrestle with crowds and wait for service. When ordering in your home, you have time to plan wisely, to be sure you buy the things you really want . . . your entire family can share in the pleasure and excitement that comes in shopping from your mail order nursery catalog . . . just like a store in your own Living Room, but you have a choice of a much larger selection because stores can handle profitably only the most popular, and fastest moving varieties.

★ YOU TAKE ABSOLUTELY NO RISK

Simply list the nursery stock you wish on the convenient order-velope included in this book . . . we will then reserve this stock until such time as you are ready to have it shipped. All stock will be just as represented in this catalog, up to grade in every respect, and guaranteed to be true-to-name and to reach you in good growing condition.

★ YOU SAVE MONEY

You save money because we grow large quantities of stock offered . . . our 69 years of testing and developing of the newer horticulture methods is your assurance of newer and better varieties of top quality nursery stock at bargain prices . . . you avoid all risk when you order-by-mail from Ackerman's for you are fully protected by our written Guarantee . . . we work in close cooperation with the State Department of Agriculture, and all of our stock is certified apparently free from disease.

★ PLACE YOUR ORDER EARLY

We are offering special 10% discount for all cash with orders placed early in the season, for we can take care of this work much easier before our shipping season opens up. Our shipping continues through March, April, May and June. However, dormant trees and shrubs can be shipped to the southern states earlier. If a special date is given as to time of shipment, we will try to ship as near that time as possible; if not, we will ship at proper planting time for your locality. We feel sure your cooperation in placing your order early, so it may be booked before our rush season is on, will enable us to accommodate all of our customers in a very satisfactory manner.

Order Early and
SAVE 10%

ON CASH ORDERS

Received before February 5th, 1960. (Except on Bargain Offers and Special Quotations).

To those who wish to send all cash with order, we offer these special cash discounts from our regular printed prices (except on Bargain Offers and special quotations). Your order will be reserved for you and shipped at proper planting time for your locality. Order early and Save!

No Cash Payment Before Shipment

You examine stock before you pay. This offer applies only on orders amounting to \$5.00 or more for shipment on or before April 25, 1960.

We are one of the first nurseries in this section of the country to adopt this unique selling plan, whereby it is possible for customers to order without sending any money. Make out your order at full prices listed in catalog, and instruct us to ship C.O.D., express or parcel post, subject to your examination by express only, as the postal authorities do not permit examination of parcel post shipments.

Look over the shipment and see for yourself whether the stock is in good condition. If shipment is satisfactory, pay your express agent the amount due and the plants are yours — still covered by our guarantee. What could be more fair? We simply must furnish good nursery stock or we couldn't possibly afford to make this offer.

Pay Cash and Save Additional Cost on C. O. D. Shipments

Some concerns add 5 per cent to their list price, in addition to the required C.O.D. fees, if order is for C.O.D. shipment. Knowing our stock will be satisfactory, we will ship C.O.D., if you prefer, at our regular printed price, although we want to remind you of the collection and money order fees on C.O.D. shipments.

We would advise all small shipments sent by mail, and will send your order by parcel post C.O.D. for purchase price, plus postage, if you prefer. All such shipments are fully covered by our guarantee.

NOTICE: The above offer does not apply on orders amounting to less than \$5.00; on Special Bargain Collections; Special Quoted Prices; nor on any orders specifying shipments later than April 25th, 1960. Cash in full must accompany orders under \$5.00, or those calling for shipment later than April 25th; but on such orders customers will be entitled to our cash discounts from regular catalog rates, as explained at the left. **WE GUARANTEE SAFE ARRIVAL OF ALL SHIPMENTS MADE ON OR BEFORE MAY 25th, 1960.**

We reserve the right to cancel all printed prices without notice.

These charges, over which we have no control, or do not receive one cent of the fees, amount to approximately 5 per cent on average orders. You can save this 5 per cent by sending cash with order. You take no chances — all shipments are backed by our guarantee.

You Are Always Welcome to Stop, Look, and Shop at

ACKERMAN'S NEW "DRIVE-IN" GARDEN CENTER

So as to better serve our "Drive-In" Customers, we have just completed a new modern Garden Center, and extend to you, our customer, an invitation to come and visit us at any time. You can select any and all of your gardening needs . . . this new Garden Center is filled with many items not listed in our catalog, such as garden tools, fertilizers, sprays, trellises, and many items too numerous to mention . . . in fact, everything to make gardening easier.

We operate over 300 acres of Michigan's finest land, to grow high quality Nursery Stock for Your requirements . . . a BIG SAVING when you buy your plants direct from the grower!

WE ARE LOCATED on US-12, 25 miles north of Michigan City, Indiana, 12 miles south of St. Joseph, Mich., and less than a half day's drive from Chicago, Indianapolis, Detroit, or Grand Rapids. Drive to the nursery, pick up your order, and save shipping charges. Bring the family and spend an enjoyable day. During the planting season, we are open 7 days a week. Stock packed especially for your car, while you wait!

OUR GUARANTEE

We guarantee all of our Nursery Stock to be just as represented in this catalog; fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach customer alive, and in perfect growing condition.

Furthermore, we will at our option, either replace free of charge, or refund purchase price on any stock that arrives in bad condition; providing claim is made within 10 days after arrival. Ackerman's guarantee all stock to live and grow. However, we are not responsible for losses caused by unfavorable weather, careless, or improper planting. If anything fails, report such loss to us within 60 days, or not later than July 1st, and same will be replaced the following season at cost of transportation only. Losses reported after July 1st and before September 1st will be replaced at one-half catalog price plus transportation and handling costs. No replacements made on losses reported after September 1st.

It is mutually agreed between the customer and ourselves that the purchaser's order and our acknowledgment of its receipt, shall constitute a mutual acceptance of the above terms and conditions. Further, in any event we will not be liable for more than the purchase price of the stock.

THE ACKERMAN NURSERIES

IMPORTANT

Strawberry Plants Will Be Shipped Separate. As weather conditions govern the digging of all Strawberry plants, these will be shipped separate in most cases.

Perennials, Bulbs and House Plants will also be shipped separate from balance of your order. All other stock such as bramble fruits, fruit trees, ornamental trees and shrubs, roses and hedging, evergreens, etc., will be shipped together. Therefore, do not become alarmed if balance of your order does not arrive in one shipment . . . this will be shipped later, or vice versa.

KEEP ALL PAPERS

All papers pertaining to your order will be returned to you when order is acknowledged. **DO NOT DESTROY THEM.** If necessary to write us at any time, be sure and return everything sent you, except planting instructions, including correspondence, original order and tags.

NOTE: Special discounts on early orders. Also additional premiums. See list to the right.

Easy Terms

On Orders of \$35.00 or more

If your order amounts to \$35.00 or more, send in your order as usual, and indicate how you wish to handle payment . . . we will then send you the necessary forms to fill out, with full particulars.

Free Gifts

for Early Cash Orders

This Offer Good on Orders Received on or Before April 15, 1960. (This does not apply to bargains, special quotations, or on fresh Blueberries.)

As a special inducement to send us your order early, we offer the following FREE premiums to every customer who sends us an order before April 15th, 1960, accompanied by cash in full at regular catalog rate, and who in addition sends us the names and addresses of three fruit growers, or purchasers of nursery stock, we will include without charge, additional Premium Stock, as follows:

With each order of \$5.00 (excluding Bargains and Fresh Blueberries), you may select one of the Premiums listed below. With every order of \$10.00, you may select any two premiums, alike or different.

With each additional \$5.00, you may select one more premium. The Premiums you select **MUST BE WRITTEN ON THE ORDER**, or none will be sent, even if you notify us later. Remember this Gift Offer of FREE STOCK applies only on CASH ORDERS of \$5.00 or more, and your order must be postmarked April 15th, or before. **ALL BARGAINS, Fresh Blueberries, or stock purchased at a Special Quotation do not entitle you to the free gift stock.**

IMPORTANT — If we run short on some items, we reserve the privilege of changing premiums, sending you stock of equal or greater value.

YES...IT'S TRUE...IT'S REAL

(Plant Patent 1691)

The Strawberry That Climbs

**PRICE: Well Established Plants, from 3 inch pots,
3 Plants for \$6.95, Postpaid.**

It's a real Strawberry that Climbs! You can pick delicious fruit at eye level from this sensational plant that grows up to 6 feet tall and produces berries all the way up! Imagine picking berries right off the vine this summer without stooping and without need to wash off the dirt! It's an Everbearing type for it blooms and fruits at the nodes on the runners of the current season's growth . . . produces unusually long (up to 6 to 8 ft.) runners each year that may be tied to canes, fences, etc. Produces bright red Strawberries of firm texture, tempting fragrances and delightful taste.

SONJANA (pronounced Son-yah-nah) is far more than a strawberry . . . it's a beautiful ornamental plant that bears **DELICIOUS FRUIT**. You do not need a lot of space to grow them in . . . only a couple of square feet of

ground per plant! Sonjana is very versatile; not only can you grow it upward on a trellis or poles, but the runners can be trained in criss-cross fashion, or diagonally so you will have a wall of beautiful greenery decked generously with bright (and delicious) berries. Then you can grow them in large jars and let this plant drape or festoon its berry-bearing runners down its sides. This, surely, is something different in strawberry jars . . . something, any way you use it, which is bound to be the year's "Conversation Piece" in your garden. There's nothing like it in America's Gardens today, and is the plant sensation of Europe, where it originated. You have tasty fine-flavored strawberries which you pick fresh and clean from climbing vines all summer and fall the first year and from June until winter the second year!

Planting and care are simple. Prepare the soil by digging in humus, peat-moss or well-rotted manure. Set the crown of the plant just at ground level, planting on a slight mound. Feed with good plant food at this time, and use

at regular intervals during the growing season. After planting, place a mulch around base of plant to conserve moisture. Sonjanas like plenty of water. At the end of the season (when freezing stops growth) remove all runners leaving only the mother plant in the soil. This will produce even more runners again the following spring.

WILL BE SHIPPED SEPARATE from balance of your order. As this is a patented Strawberry we are having them shipped direct to you without any other merchandise so as to be sure you will not confuse them with some other plant you may have ordered, and in this manner be sure of planting them for "just that spot" you have in mind for this wonderful plant. Therefore, do not become alarmed if these are not included with your order for other merchandise, and vice versa.

Supply is very limited . . . order early, for orders will be accepted and filled in rotation in which they are received.

2 LEADERS in EVERBEARING STRAWBERRIES

EVERBEARING GARDEN BARGAIN NO. 2

25 Superfection **\$2.85**
25 20th Century **Net, not prepaid**
A Saving of \$1.25

20th century

SHORTCAKE from YOUR OWN GARDEN!

4-513 — 20th CENTURY. The Everbearer that has both "EYE" and "TASTE" appeal! PLUS being a "TOP PRODUCER". Bears fruit 60 days after planting. 3 Big Crops in 18 months. Berries are round; exceptionally large, from first picking to the last. Fruit is uniform in size and has rich red color all the way through; very firm, which makes it excellent for distant shipping. **FLAVOR of the Best . . . real honey-sweet.** One of the best for freezing, jams and jellies. **HEAVY PRODUCER.** Records indicate this variety has produced 750 pints of berries from 500 plants, from July through November. **GROWS ON ANY SOIL.**

PRICE: 25 for \$2.15; 50 for \$4.00; 100 for \$6.95; 250 for \$16.00; 500 for \$29.00; 1,000 for \$50.00.

Superfection

**Bears
from June to Frost!**

4-508 — SUPERFECTION. Berries are exceptionally large, roundish in shape; are dark red all the way through. Superfection has a zippy, sweet flavor, fairly melts in your mouth. Berries are of firm texture. **TWO CROPS in one Year** — starts bearing in July and continues on until frost, and then following spring has a heavy crop in June, plus another crop that Fall. An excellent plant maker. A hundred plants in your garden will produce enough berries for an average family.

PRICE: 25 for 1.95; 50 for \$3.25; 100 for \$5.50; 250 for \$9.75; 500 for \$17.50; 1,000 for \$32.00.

4 Shortcake from Your Own Garden Tastes so Good!

New "EARLIDAWN"

The Earliest of All to Ripen!

A new introduction of the U.S.D.A. Tested for over 10 years before being released, and although just recently introduced, has already been acclaimed a "WINNER" in all strawberry sections. The variety originated as a seedling from the cross of Midland x Tennessee Shipper. The earliest of all to ripen — about 5 days before Blakemore A nearly FROST-PROOF variety — its flower stems are short and the flowers are well covered by leaves to protect them from frost.

Berries are average large in size, which they maintain throughout the picking season. Berries are fairly uniform in shape; the color is a strong vivid red, a little deeper than the Blakemore; they are glossy, have a moderately tough skin—firmer than Sparkle—about as firm as Pocahontas. Flavor is tart and good.

Plants are vigorous, very productive; make an excellent fruiting row. Yields have been recorded in Maryland at the rate of 410 crates (24-quarts) per acre. In tests for the frozen product, Earlidawn is rated high for color, texture, and flavor.

As Earlidawn has already produced 25% of its crop by the time Blakemore starts ripening, it will command highest market prices, for fruit is then at a premium. EARLY RIPENING plus HEAVY PRODUCTION means EARLIER and LARGER PROFITS for the grower. Supply is limited this year—order early.

PRICE: 25 for \$2.25; 50 for \$3.50; 100 for \$5.25; 250 for \$9.25; 500 for \$14.50; 1,000 for \$25.00.

or Double the Bargain
50 Each: Earlidawn,
Empire, and Surecrop

for only **\$5.85** Net, not
prepaid

New EMPIRE

- EXTRA LARGE BERRIES
- HEAVY CROPS

A comparatively New Variety which is proving to be a good money-maker for commercial growers. Introduced by the N. Y. Experiment Station at Geneva. Berries average larger and of better quality than Premier; are pointed, very glossy light red, and so attractive they command highest market prices. Excellent for freezer and market due to its firmness, color and flavor. Ripens 4 to 5 days after Premier. Plants are sturdy, heavy yielding, and produce many runners. Stands dry weather as well as the best.

PRICE: 25 for \$1.25; 50 for \$2.15; 100 for \$3.15; 250 for \$6.25; 500 for \$9.00; 1,000 for \$15.95; 2,000 for \$30.00; 5,000 for \$60.00.

New SURECROP

Developed by U. S. D. A. and Maryland Agriculture Experimental station. It ripens with Fairland. Is a vigorous plant with many runners. Produces an abundance of fruit over a long period of time. Berries average large in size throughout picking season, are light bright red color that becomes a rich red but does not turn dark. They are firm with a tough, glossy skin, flavor is tart and good. Excellent for freezing. It is most useful to grow in red-stele infested soils because of its resistance to more than one race of red-stele. In our opinion it is one of the best all-around Strawberry introductions. PRICE: 25 for \$1.75; 50 for \$2.75; 100 for \$4.45; 250 for \$8.75; 500 for \$12.95; 1,000 for \$18.95.

A Word About ACKERMAN'S QUALITY GUARANTEED PLANTS

Many claim to be the largest growers of plants, many claim to grow the best plants. We have made tests with strawberry plants received from some that make extravagant claims, and we say this in all truthfulness . . . we have never received or tested any better plants than those we send our customers. Our plants are all grown on fumigated land, have been twice inspected by authorized State Inspectors, and have been certified to be apparently free from all disease. We guarantee the plants we grow and sell to be as large and as good quality as you get anywhere (no matter what you pay), and to reach you in good growing condition.

ARMORE

The "BIG" late berry

4-516 — (Late midseason) Big is the word for ARMORE. BIG Producer, BIG berries. BIG harvests when the other June berries are through. Tests the past few years have proven Armore has produced more fruit of larger size and better color than any other of the new sorts. Unrivalled for flavor — unbeatable for sugar sweetness; is a perfect shipper and makes a fine picking row on light soil. Price: 25 for \$1.25; 50 for \$2.15; 100 for \$3.15; 250 for \$6.25; 500 for \$9.00; 1,000 for \$15.95; 2,000 for \$30.00; 5,000 for \$60.00.

POCAHONTAS

4-517 — (Midseason). A recent introduction of the U.S.D.A. A large, deep vivid red berry, which we know will be as popular with the commercial grower and home gardener as its namesake was with Capt. John Smith! Berries are of good color, very firm, highly flavored — excellent for freezing. A leader due to its strong plants and productiveness. We know you will be proud of the results you receive. Price: 25 for \$1.25; 50 for \$2.15; 100 for \$3.15; 250 for \$6.25; 500 for \$9.00; 1,000 for \$15.95; 2,000 for \$30.00; 5,000 for \$60.00.

DIXIELAND

4-518 — (early). Early ripening — about the same time as Blakemore. Berries are very uniform in shape and color; sweet flavor. Rapidly replacing Blakemore in eastern and northern states because of greater vigor and larger berries. Exceptional for freezing. Vigorous plants. Price: 25 for \$1.25; 50 for \$2.15; 100 for \$3.15; 250 for \$6.25; 500 for \$9.00; 1,000 for \$15.95; 2,000 for \$30.00; 5,000 for \$60.00.

FROM THESE

4 Varieties

OF STRAWBERRIES

ALL RED STELE RESISTANT

PAYMASTER

A GREAT NEW STRAWBERRY

(Midseason). This variety will truly be the "PAYMASTER" on your farm! One Midwest grower reports he picked 800 sixteen-quart crates per acre. Paymaster is a cross of the Gem everbearer and the Premier. Berries are large, firm, sparkling red, sweet and high flavor. One of the best for freezing. As it originated in Michigan, is absolutely hardy. Is Red Stele resistant. Has an extremely long fruiting season. Produces an excellent fruiting row on most any soil. **Prices:** 25 for \$1.35; 50 for \$2.35; 100 for \$3.45; 250 for \$7.25; 500 for \$10.00; 1,000 for \$16.95; 2,000 for \$32.00; 5,000 for \$75.00.

SPARKLE RED STELE RESISTANT

4-512 — Exceptionally prolific plant maker with good healthy foliage. Especially adapted to northern climates. Its resistance to Red Stele root rot make this one of the most promising varieties. Heavy producer. Berries round, medium to large, uniform in shape, and as its name indicates, has a bright, rich-red color, with a shiny, sparkling skin which makes them very attractive. Quality of berry good. Ripens midseason, being a little later than Premier. All plants are grown on fumigated soil, under our strict Michigan State Inspection program. **Price:** 25 for \$1.25; 50 for \$2.15; 100 for \$3.15; 250 for \$6.25; 500 for \$9.00; 1,000 for \$15.95; 2,000 for \$29.95; 5,000 for \$60.00.

LATE GIANT

The Best Late

4-505 — This variety does not begin to blossom until other varieties are fruiting — so late, in fact, that there will be no waiting between strawberries and raspberries. Berries are dark red all the way through. Honey-sweet, with a flavor of a wild strawberry. Berries are giant in size and good quality. It is a vigorous, healthy grower and very productive. Make a good fruiting row on any soil. **Very Red Stele resistant**, a very important factor today in raising Strawberries successfully. **Price:** 25 for \$1.25; 50 for \$2.15; 100 for \$3.15; 250 for \$6.25; 500 for \$9.00; 1,000 for \$15.95; 2,000 for \$30.00; 5,000 for \$60.00.

Commercial Growers write for special prices on quantity lots.

MORTGAGE LIFTER EXTRA LARGE

A new midseason June-bearing Strawberry which has everything to be desired in a good Strawberry for the home gardener or commercial grower. Exceptionally large, deep red in color, deliciously sweet berries; firm, a good shipper, and a good plant maker. As the berries are solid, and deep red all the way through, makes them a good variety for freezing purposes. Plants are vigorous and productive, making a good fruiting row, which means exceptionally heavy crops. Mortgage Lifter is hardy and very disease-resistant. With the heavy yields and large berries produced by this variety, your mortgage worries will be short-lived. Observations have proven this variety produces so heavy, 100 plants in your garden will provide enough fruit for an average family throughout the season, plus enough berries for your freezer. **Price:** 25 for \$1.75; 50 for \$2.75; 100 for \$4.35; 250 for \$8.75; 500 for \$12.50; 1,000 for \$22.50; 2,000 for \$42.00.

NOTICE

Strawberry Plants Will Be Shipped

As weather conditions govern the digging of all Strawberry plants, in most cases these will be shipped separate on orders calling for 500 or more. Therefore, do not become alarmed if the balance of your order does not accompany — this will be shipped later, or vice versa.

Late Giant

NO FAILURES WITH DISEASE RESISTANT VARIETIES

RED CROP

**An Outstanding
June-bearer**

A June-bearing variety, released by the New Jersey Experiment Station in 1950. Yields so heavy, your first glimpse at your patch during the peak of the harvest, tends to make you think of a "red-cover" — therefore, the name "Red Crop". In New Jersey yields of from eight to ten thousand quarts per acre have been reported, although most growers are picking somewhere around five thousand quarts per acre.

Red Crop is considered an early-mid-season variety. Plant growth is quite vigorous, making new runner plants quite freely, producing a very evenly spaced matted row. The berry is medium to large and very uniform in size; it is bright red throughout with no hollow center. It makes an excellent frozen product because of its high inside color. Its pretty bright green calyx make it sell on sight on the fresh strawberry market. Quality of fruit is good, comparing favorably with the well known Premier. Flavor is of the finest — very sweet and delicious. It has grown well in soils that have had the common red stele root disease.

PRICE: 25 for \$1.45; 50 for \$2.50; 100 for \$3.75; 250 for \$6.75; 500 for \$11.00; 1,000 for \$18.00; 2,000 for \$34.00; 5,000 for \$75.00.

Tried and Tested **FOR 58 YEARS** **SENATOR DUNLAP**

One of the oldest and best varieties — a variety your Grandmother canned when you were a child. New varieties have come and gone, but the old Standby "Dunlap" is still with us. Have been sold for 58 years, and still outsells other varieties — they must be good! We sell more plants of this variety than any other kind. Will grow on any kind of soil — grown in every State in the Union — better known than any other variety. Originated by Dr. J. R. Reasoner, of Urbana, Ill.

The fruit is medium large, conical in form, regular in size, and never misshapen; dark glossy red in color. Excellent for home use. The best color — the best flavor, and best of all — so sweet it requires but very little sugar.

Plants are unusually healthy and vigorous, adapting itself to any soil or climate. Twice State Inspected for disease, while growing in the field.

Our propagating plants have been especially selected from heavy producing patches, making this strain heavy producers. Easiest plant to grow — practically no failure. Still grown extensively for a commercial proposition.

PRICE: 25 for \$1.00; 50 for \$1.75; 100 for \$2.50; 250 for \$4.65; 500 for \$7.25; 1,000 for \$11.95; 2,000 for \$22.00; 5,000 for \$50.00.

(Write for special prices on larger quantities).

Certified VIRUS FREE STRAWBERRY PLANTS

If you are interested in commercial quantities (1,000 or more) virus free Strawberry plants, we can furnish most varieties. Write us for Special Price List.

JUNE-BEARING STRAWBERRIES

Robinson *BEST LATE*

30 Berries Will Fill a Quart

One of the best medium to late — 10 days to 2 weeks later than Premier. The largest berry we have ever seen . . . 30 berries will fill a quart. Berries are extremely large, and honey-sweet. Color is decidedly a cardinal-red. Berries have a firm, tough skin, making it an excellent shipper to distant markets. An excellent plant maker on most any kind of soil. Premier and Robinson, two of the best older varieties, will give you berries over the entire season.

PRICE: 25 for \$1.00; 50 for \$1.75; 100 for \$2.50; 250 for \$4.75; 500 for \$7.75; 1,000 for \$12.95; 2,000 for \$24.00; 5,000 for \$54.00.

Premier

Still The Leading Early Berry

A standard of excellence with all growers. A great money maker, for it yields its fruit crop at a time when strawberries are in great demand and sell at fancy prices. Premier is as nearly frostproof as any strawberry can be. It is unusually healthy, being free from leaf-spot and other diseases. Its deep heavy roots enable it to withstand dry weather and mature a full crop of big berries when many varieties are a complete failure. Large, bright red, firm berries of fine texture and flavor.

Price: 25 for \$1.25; 50 for \$2.15; 100 for \$3.15; 250 for \$6.25; 500 for \$9.00; 1,000 for \$15.75; 2,000 for \$28.00; 5,000 for \$60.00.

STATE INSPECTED STRAWBERRY PLANTS

Certificate of Strawberry Inspection No. 6002

This is to certify that Strawberry plants of ACKERMAN Nurseries, Bridgman, have been inspected and apparently conform with the provisions of Dept. Regulation No. 609, as amended. 1st inspection June 3, 1959. Second inspection July 31, 1959. Certificate to be void after Sept. 15, 1960. MICHIGAN DEPT. OF AGRICULTURE, G. S. McIntyre, Director — C. A. Boyer, Chief, Bureau of Plant Industry. August 6, 1959.

COLORFUL FRUITS from your own garden

Red Lake CURRANT

1-5 — Originated at the Minnesota State Fruit Breeding Farm — finest of all Red Currants. The berry is unusually large in size and of a superior quality; the clusters are long and filled out to the top, with stems sufficiently long to make picking easy. Berries are a clear light red and quality excellent. The bush is vigorous, upright, and productive. Ripens early midseason, but holds on over a long period so it can be used or marketed, as desired.

PRICE:	Each	6	12	25	50	100	500	1000
1-Yr. ----	\$0.28	\$1.40	\$2.15	\$3.25	\$6.00	\$11.00	\$45.00	\$80.00
2-Yr. ----	.35	2.00	3.00	4.95	8.75	16.50	70.00	120.00

IMPORTANT. We ship Currant and Gooseberry bushes only to Michigan, Illinois, Indiana, Kansas, Missouri, Iowa, Nebraska, Oklahoma, North Dakota, South Dakota, Kentucky, Texas and Colorado. Currant plants are permitted entry into some of the other states providing you do not live in an area where Pine are grown. Write to your State Entomologist, advise him where you wish to plant, the variety and amount; if you are in a non-control area, he will issue a special permit. If you can secure this permit, send this along when placing your order. Please do not order in control areas unless you secure this Permit.

PIXWELL GOOSEBERRY

1-17 — A tremendous bearer of large, fine quality berries. They hang down on the underside of the branches so they are very easy to pick. They bear very young, the next year after planting. Berries average better than ½ inch; color is light green, turning pink when fully ripe. Not nearly as thorny as other kinds. Hardy. **GOOSEBERRIES CAN BE SHIPPED ONLY IN STATES WHERE CURRANTS ARE PERMITTED.** See under Currants.

PRICE: 1-Yr. 80c each; 3 for \$2.10; 6 for \$3.60; 12 for \$6.00.

BARGAIN NO. 9

6 Sodus Purple Raspberry
3 Golden Queen Raspberry

\$1.65 Net, not prepaid
A Saving of 75c

SODUS PURPLE RASPBERRY

1-11. Berries produced by this variety are two times as large as the older Purplecaps. Berries resemble Red Raspberries in shape and appearance, but fruit is purple and the bush grows like Black caps. Heavy producer. Fruit is very sweet and delicious; excellent either fresh or canned. Culture same as black raspberries.

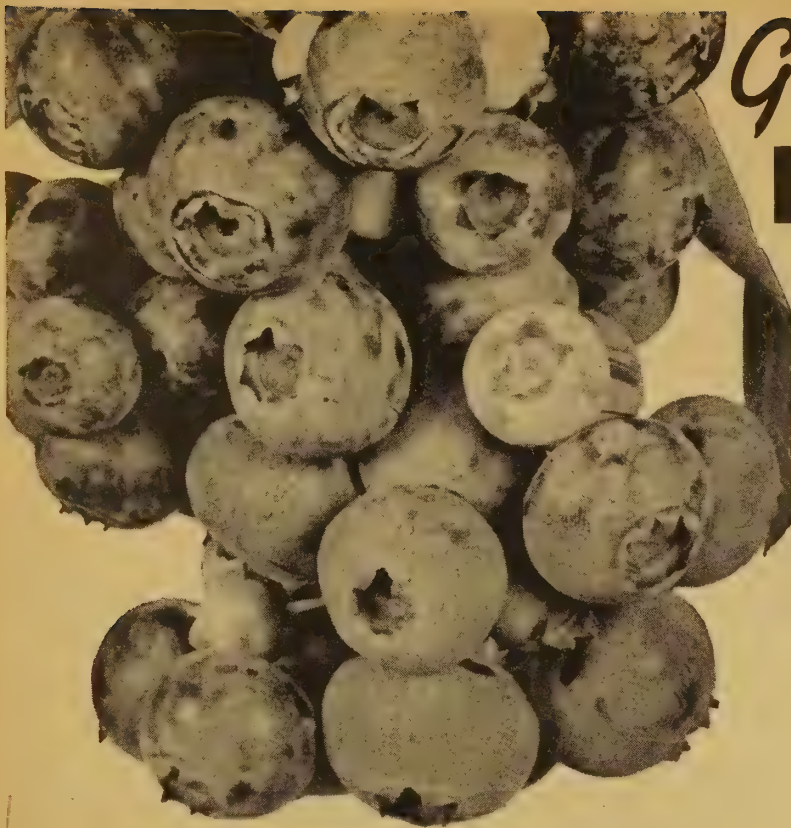

PRICE: 1-Yr. no. 1 plants, 6 for \$1.50; 12 for \$2.45; 25 for \$4.00; 50 for \$6.50; 100 for \$10.50. 2-Yr. Bearing-Age Transplants, 3 for \$1.25; 6 for \$2.25; 12 for \$3.75.

GOLDEN QUEEN RASPBERRY

1-8 — A beautiful large, golden yellow Raspberry. A very attractive dessert berry for it has a sugary sweetness and an unsurpassed flavor. The plant is hardy, vigorous grower, and produces heavy crops. Ripens about the same time as Latham Red Raspberry and culture the same. PRICE: 1-Yr. plants, 3 for 90c; 6 for \$1.65; 12 for \$2.95; 25 for \$5.45.

Giant Cultivated BLUEBERRIES

Biggest money-makers as a commercial proposition — 500 crates per acre. More profits per acre than any other small fruit if your ground is suitable. Also an attractive ornamental from early spring until late fall — full of pink buds, which open into bellshaped, white flowers starting in June. Heavy producer — 4 bushes in your yard will provide enough berries for Blueberry pie throughout the season. Blueberries require an acid or semi-acid soil, good drainage and moderate supply of moisture; plant 5 x 8 feet apart.

We offer 3 new varieties this year, as well as the 2 old standbys! (The 3 new varieties are priced and described to the left). We offer **Jersey** and **Rubel** (midseason to late) at prices listed below. **Rubel** in 3, 4, and 5-Yr.; **Jersey** in all 4 grades. Specify varieties wanted. The 4-, 5-, and 8-year-old bushes will produce this summer. Remember, the older the bush, the more berries and profit you will receive. Cultural instructions on the planting of Blueberries included with every order.

You will be billed for exact postage after shipment by card.

WILLAMETTE RED RASPBERRY

1-14 — One of the Largest Red Raspberries Grown! A Heavy Producer of Large, Firm Berries. This splendid new variety is an Oregon origination. Berries are very large, conical in shape; very firm, dark red, medium acid. Fruit ripens mid-season. An excellent variety for freezing, canning, table use, and to eat fresh from your garden. Its large size and firmness also make this an excellent variety for shipping. This variety is very vigorous and productive and has proven entirely hardy.

Price: 1-Yr. No. 1 plants, 6 for \$1.15; 12 for \$1.75; 25 for \$3.15; 50 for \$5.75; 100 for \$10.00; 250 for \$22.50; 500 for \$39.50; 1,000 for \$70.00. See bottom of page for Bearing-age Transplants.

New **DURHAM EVERBEARING RASPBERRY**

A new so-called Everbearing red raspberry that bears the usual crop in early summer on the old canes. Then in just a few weeks the new canes start bearing and continue for weeks until freezing. Large, plump, juicy berries, free from seediness and full of delicious flavor, are bright red in color and non-crumbling. Plants are hardy, vigorous growing and increase rapidly. The full-flavored berries are delicious to eat fresh, canned or frozen. Its large size, firm berries also make this an excellent shipping variety.

Price: 1-Yr. No. 1 plants, 3 for \$1.00; 6 for \$1.85; 12 for \$3.50; 25 for \$6.50; 50 for \$12.00; 100 for \$20.00. See bottom of page for Bearing-age Transplants.

BEARING-AGE TRANSPLANTS

Acherman's **RED RASPBERRIES** **CANBY RED RASPBERRY**

This raspberry was developed at the Oregon Experiment station, a seedling of the cross of Viking Lloyd George. Our trials with this wonderful variety have proven it to be the largest and best Red Raspberry we have ever grown in our 60 years of fruit growing. Canes are completely **FREE OF THORNS** making it easy to pick the fruit. Berries are a bright, medium-light red, exceptionally **LARGE** in size and very thick-meated with small core. Distinct raspberry flavor, with far less acid than most red raspberries, making it an ideal dessert berry.

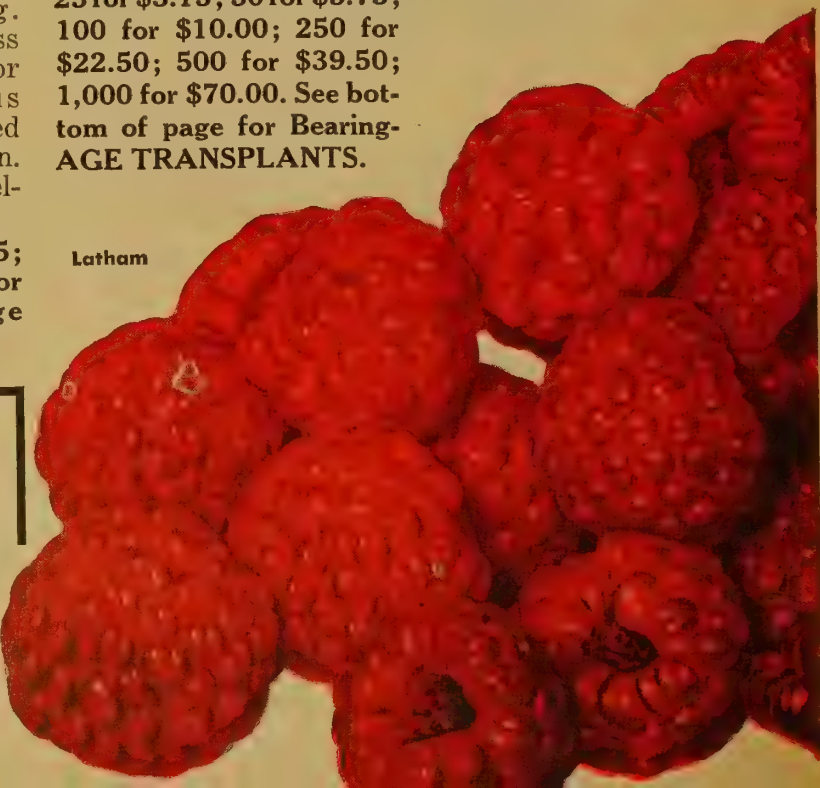

A superior variety for long distant shipping because of its outstanding firmness. An exceptionally vigorous grower, with large stock canes. Commands highest prices, for it is early ripening. Here in Michigan, it ripened the last week in June. We believe it is going to take the place of all red raspberries for home or commercial purposes. **Price:** 1-Yr. No. 1 plants, 6 for \$1.75; 12 for \$3.00; 25 for \$5.00; 50 for \$8.50; 100 for \$15.00; 250 for \$35.00. See Bearing-Age Transplants below.

For BIGGER CROPS and PROFITS Plant LATHAM RED RASPBERRIES **First Choice of Commercial Growers**

A popular favorite in all large fruit-growing sections. Extra Large, rich red berries, some measuring an inch in diameter. Bears a tremendous crop of best quality fruit. Finest berry for canning. Perfectly hardy. Commands highest prices. Plants are state inspected, disease-free, of finest quality, heavy and well-rooted.

PRICE: 1-Yr. No. 1 plants, 6 for \$1.15; 12 for \$1.75; 25 for \$3.15; 50 for \$5.75; 100 for \$10.00; 250 for \$22.50; 500 for \$39.50; 1,000 for \$70.00. See bottom of page for Bearing-AGE TRANSPLANTS.

Latham

BLACK RASPBERRIES

NEW DUNDEE: High Producer

1-15 — A Champion among the Black Raspberry family. An outstanding variety, which was originated by the New York Experiment Station. Berries are exceptionally large, very firm, glossy black in color, deliciously sweet, with few seeds. It never fails to produce a bumper crop, and in many cases will out-bear the older varieties. It ripens from 5 to 7 days earlier than Cumberland. A good variety for dessert, freezing, canning, and for jellies and jams. Strong, vigorous bush, which is very resistant to all diseases common to raspberries. Hardy.

PRICE: 1-Yr. No. 1 plants, 6 for \$1.30; 12 for \$1.95; 25 for \$3.45; 50 for \$5.50; 100 for \$9.45; 250 for \$21.75; 500 for \$35.00; 1,000 for \$65.00.

NEW MORRISON: Giant Size

1-6 — A giant of the Black Raspberry family. Jet black berries, nearly an inch in diameter. The first Blackcap ever introduced that is superior to the old variety, Cumberland. Originated in Northern Ohio by the late Fred Morris. Ripens midseason to late.

An outstanding rapid grower. Produces enormous crops. Very thrifty and disease resistant. Will grow on any soil.

Price: 1-Yr. No. 1 plants, 6 for \$1.30; 12 for \$1.95; 25 for \$3.45; 50 for \$5.50; 100 for \$9.45; 250 for \$21.75; 500 for \$38.50; 1,000 for \$70.00.

NEW LOGAN: Early Ripening

1-19 — Most Dependable Early Black Raspberry. The berry ripens one week earlier than Cumberland. It is an extra heavy yielder, with berries as large or larger than Cumberland. A good many growers prefer this variety inasmuch as it ripens its crop practically at one time, requiring only three or four pickings to complete harvest — a great saving in labor.

PRICE: 1-Yr. No. 1 plants, 12 for \$1.35; 25 for \$2.45; 50 for \$4.25; 100 for \$7.85; 250 for \$17.95; 500 for \$30.00; 1,000 for \$55.00.

CUMBERLAND

1-13 — The Very Best Midseason Kind. No Blackcap has ever been grown as extensively as Cumberland, nor attained its great popularity in all Raspberry producing sections of the country. A heavy yielder; berries large, rich, black color; fruit firm and of delicious flavor. Bush absolutely hardy, vigorous growing, producing plenty of fruiting wood.

PRICE: 1-Yr. No. 1 plants, 12 for \$1.35; 25 for \$2.45; 50 for \$4.25; 100 for \$7.85; 250 for \$17.95; 500 for \$30.00; 1,000 for \$55.00. See price for Bearing-age Transplants to the left.

IMPROVED CUMBERLAND

1-16 — Ripens 10 days to 2 weeks earlier than Cumberland — this early ripening means processors will accept your full crop of this variety for they will all be harvested before canners turn blackcaps down because of mold. Berries are large, jet black in color. Very firm and have a delicious, sweet flavor. Strong, thrifty grower, and very resistant to disease.

PRICE: 1-Yr. No. 1 plants, 6 for \$1.30; 12 for \$1.95; 25 for \$3.45; 50 for \$5.50; 100 for \$9.45; 250 for \$21.75; 500 for \$38.50; 1,000 for \$70.00. See price for Bearing-Age Transplants to the left.

Commercial Growers write for quantity prices on all varieties

Black Hawk

New BLACK HAWK

We believe this to be the Finest Black Raspberry in America!

A new Hybrid black raspberry which was released by the Iowa State College, Ames, Iowa and introduced in 1955, after more than 20 years of careful testing. Tests made in Iowa show the Black Hawk outyielded all other varieties tested — favorable years it produced as much as 5,000 pints per acre. Berries are glossy black, large to very large, many being $\frac{3}{4}$ inch in diameter. Quality is rated very good and equal to the best of the blacks. Berries are firm, sweet, juicy and of richest flavor, pick easily, and do not crumble. Midseason ripening, usually about the first week in July. Excellent for freezing and, when canned, retains its shape. Plants are strong, vigorous growers. PRICE: 1-Yr. No. 1 plants, 6 for \$1.35; 12 for \$2.25; 25 for \$4.25; 50 for \$6.95; 100 for \$11.95; 500 for \$50.00; 1,000 for \$85.00. See Bearing-age Transplants below.

The Best in BLACKBERRIES

EBONY KING

2-19. No more worry about sterility in Blackberries! Ebony King assures crops year after year. The fruit is a glossy-black and very large; has a tangy sweet flavor. It is an early ripening kind and bears very young, ripening 10 to 12 days before Eldorado. Heavy bearer — often 1 quart per plant on young bushes, and best of all — are guaranteed to bear. You can safely buy Ebony King and be assured that every plant will yield mature, full-sized fruit and not the “small dried berries” that are common in the older varieties. **PRICE:** 1-Yr. No. 1 plants, 6 for \$1.95; 12 for \$3.55; 25 for \$6.95; 50 for \$13.50; 100 for \$21.50; 250 for \$46.50; 500 for \$87.50. Net, no further discount. See bottom of page for Bearing-age Transplants.

HEDRICK

A new Blackberry introduced by Dr. Geo. J. Slate at the New York Experiment Station. Bound to become the country's leading Blackberry. Intensive breeding work has been going on at the New York State Experiment Station to improve Blackberries. The berries are somewhat larger than Eldorado, without core and of good quality. Ripens about the third week in July in Michigan. Immune to the so-called “sterility” so prevalent in the Eldorado. Hedrick is hardy and a sure producer of jet black, good size berries, which have an outstanding tangy blackberry-flavor. **PRICE:** 1-Yr. #1 plants, 6 for \$1.55; 12 for \$3.00; 25 for \$5.50; 50 for \$10.00; 100 for \$17.00; 250 for \$37.25; 500 for \$70.00. See bottom of page for Bearing Transplants.

BAILEY

This variety was introduced by the New York Experiment Station in 1950, but supply was too limited to offer in quantities. The berries are large, attractive, moderately firm, sub-acid and of good quality. Recommended for market and for the home garden. Also is immune to the so-called “sterility” which was so common in the older varieties of Blackberries. Plants are tall, vigorous, hardy and very productive. Ripens a few days later than Hedrick. **PRICE:** 1-Yr. No. 1 plants, 6 for \$1.55; 12 for \$3.00; 25 for \$5.50; 50 for \$10.00; 100 for \$17.00; 250 for \$37.25; 500 for \$70.00. 6 Ebony King Blackberry

All 1-Yr. No. 1 plants
A \$2.95 Value, for Only
A 95c Saving!

\$2.00

Net, not prepaid

Thornless BOYSENBERRY

1-12 — Entirely thornless! Think of picking real large berries without a chance of scratching your hands! These large, sweet, juicy berries are often 2 inches in length, and a dark maroon in color. Has a rich, tangy flavor of its own. They are just as easy to grow as Blackberries — plant 6 feet apart in rows 6 feet across; train on wires the same as Dewberries. Absolutely hardy — although we recommend mulching, after the ground is frozen solid, in colder climates. Excellent canner, ideal for freezing, and valuable for table use, jellies and pies.

PRICE: 1-Yr. No. 1 plants, 6 for \$1.00; 12 for \$1.50; 25 for \$2.65; 50 for \$4.75; 100 for \$8.75; 250 for \$20.00; 500 for \$34.50; 1,000 for \$62.50.

MARY WASHINGTON

4-521 — This variety was developed and introduced by the U. S. Dept. of Agriculture, and has long been the leading commercial Asparagus. It is rust-proof, early and productive; the heads are solid and compact; stalks often more than an inch in diameter; crisp and delicious. Excellent for freezing and canning.

Choice

Rhubarb

CHIPMAN'S RED

4-525—This variety has giant size stalks that are red bottom to top, even the flesh is red. It does not lose this rich color in cooking. Skin is so tender you need not peel it. Juicy and sweetest of all, requiring less sugar. Very productive, you can pull the stalks all spring and summer. Seedless. Hardy.

PRICE: 75c each; 3 for \$2.00; 6 for \$3.50; 12 for \$6.25; 25 for \$11.00.

VICTORIA

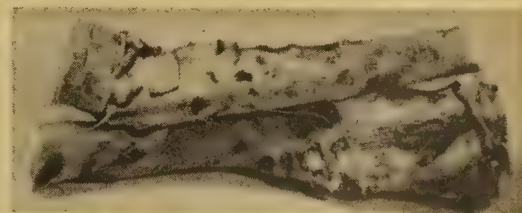

4-523 — One of the older varieties of Rhubarb which is still popular as a commercial crop. Produces large stalks which are tender without being in the least tough or stringy, with a mild sub-acid flavor.

PRICE: 2-Yr. Whole roots, 6 for 90c; 12 for \$1.55; 25 for \$3.00; 50 for \$5.00; 100 for \$8.95. 4-Yr. Clumps, 50c each; 3 for \$1.35; 6 for \$2.50; 12 for \$4.00; 25 for \$7.00.

HORSERADISH

This popular condiment is very easily produced in the home garden — no comparison between the fresh-dug article and that sold over the counter. Source of supply easily maintained, as it spreads quite rapidly. **Plant BIG CROWN Plants Now — Grind Horseradish This Fall!**

PRICE: Big Crown Plants, 3 for 95c; 6 for \$1.75; 12 for \$3.00; 25 for \$5.50.

Been using your stock 18 years, and think
it the best money can buy.

F. W. Whitman

Bernardsville, N. J.

About 3 years ago, I sent to your nurseries
for a Red Leaf Peach tree; today that tree
is a lovely, 8-foot tree and this summer
produced 250 small Peaches of a wonder-
ful flavor.

W. E. Hare

Jumbo Red Grape

Large as a Quarter

The Giant of all Grapes — Individual Kernels Size of a Plum. We introduced this variety in 1946. We believe it came from a sport or seedling as one vine was found in a vineyard of Concord some ten years ago; the fruit is entirely different than any variety we have ever seen. An amber-red when ripe, with individual kernels the size of a plum, in many cases. Bunches are compact, weighing one to two pounds. Very hardy. Will grow on most any soil. Makes one of the prettiest and tastiest jellies we know of — a bright, sparkling red, with a flavor all its own — not like common grape jelly.

As usual, our supply is very small, and we are again limiting each customer to twelve plants.

PRICE: 1-Yr. vines, 60c each; 6 for \$3.00, 12 for \$4.85. 2-Yr. vines, \$1.10 each; 3 for \$2.95; 6 for \$5.15. See page 17 for King Size.

BARGAIN NO. 11
1 Red Leaf Peach, 3-4 ft.
1 5-N-1 Apple, 3-Yr.
1 Jumbo Red Grape, 1-Yr.

A \$4.35 value **\$3.45** Net, not prepaid
for only

ROYAL RED LEAF PEACH

An ornamental tree with RED FOLIAGE — bright red early in the spring, gradually dulling to a deep maroon towards fall. Its deep rose blossoms against the red foliage create a most pleasing contrast. Produces full crops of perfectly round, inch and a half diameter peaches — just right for pickling. Fruit has all over red coloring; flesh is white with a delicious sweet flavor. Ripens late, with the Gold Drop. Our strain is far redder than foliage on most trees offered by other growers and therefore have named ours "Royal", this assures you of the genuine red strain.

PRICE: 1-Yr., 3-4 ft. trees, \$1.50 each; 2 for \$2.75; 4 for \$5.00; 4-5 ft., \$1.95 each; 2 for \$3.75.

KING SIZE TREES

Save years, plant big, sturdy trees that will bear crops long before those of ordinary size. Varieties: 5-N-1 Apple, \$4.25 each. 2 for \$7.75. Express only. Red Leaf Peach, \$2.75 each; 2 for \$5.00.

5-in-1 APPLE TREE

5 Kinds of Apples On One Tree! A Whole Orchard at Your Doorstep. The only Apple tree for the small home owner. No yard too small; can be planted in the front yard as well as the back. Will furnish plenty of shade, be highly ornamental, and also will produce a bountiful supply of five different kinds of Apples. The varieties are: Cortland, Jonathan, Red Delicious, Red Rome Beauty and Yellow Transparent. These are five of the best standard varieties — Apples entire season.

PRICE: 3-Yr. branched, 9/16-11/16 in., 4-6 ft. trees, \$2.25 each; 2 for \$3.95. See King Size trees above.

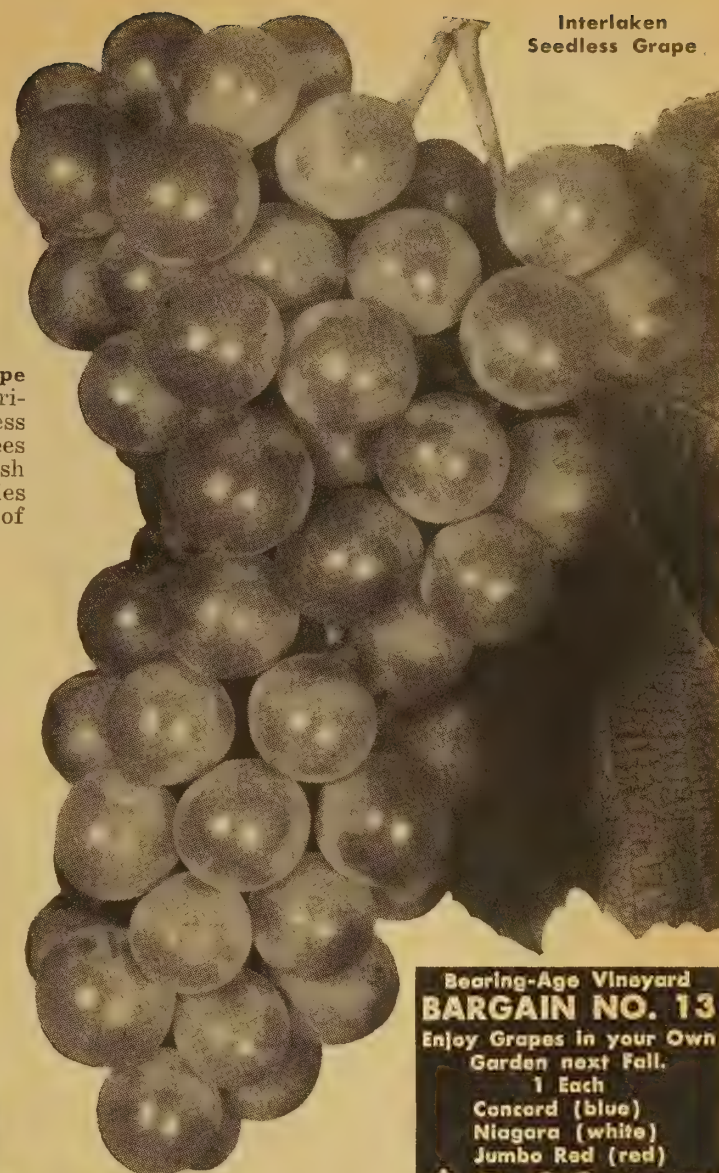

GRAPE VINES

A Lifetime Investment

INTERLAKEN, The Great Seedless GRAPE. A California Seedless type that is Hardy in the North. Interlaken was originated at the Experiment Sta. in Geneva, New York, by crossing the Thompson Seedless with the Ontario. It has proven hardy in temperatures to 15 degrees below zero. The fruit is very sweet and of excellent flavor. The flesh is meaty and crisp and of excellent texture. The cluster of berries is of medium size, golden amber color. It ripens 2 weeks ahead of Concord. **PRICE: \$1.15 each; 3 for \$3.00.**

1E-25 — GOLDEN MUSCAT. Possesses a rich color and the finest Muscat aroma of the European Muscat. For home use and roadside market, it is one of the best. The vine is vigorous, productive; the clusters are very large, tapering, single-shouldered and compact. The berries are large, oval, juicy, tender, sweet, vinous and aromatic. Ripens 10 days earlier than Concord. **PRICE: 1-Yr. vines, 50c each; 6 for \$2.50; 12 for \$4.00. 2-Yr. vines, 80c each; 3 for \$2.25; 6 for \$4.00.**

1E-36 — SENECA. A variety that is entirely different, not just another variety. Ripens early; bunches are of good size, tapering and compact. The berries are oval in shape, and golden yellow. Texture firm, like the California grape, and the skin can be eaten with the berry. Flavor is sweet and aromatic; texture is melting and tender. Moreover, it keeps well on the vine or off, in storage until Thanksgiving. **PRICE: 1-Yr. Vines, 50c each; 6 for \$2.50; 12 for \$4.00. 2-Yr. Vines, 80c each; 3 for \$2.25; 6 for \$4.00.**

1E-24 — NIAGARA. The standard white Grape. Ripens with Concord. Bunch and berries large. Very hardy and productive. Excellent wine grape.

PRICE: Each 6 12 25 50 100 250
1-Yr. --- \$0.40 \$2.10 \$3.50 \$5.00 \$8.00 \$15.00 \$33.00
2-Yr. --- .50 2.75 4.95 8.75 13.50 24.00 55.00

1E-22 — CONCORD. Most popular grape of them all. Large, purplish-black Grape. Large shouldered, compact bunch. Flesh is juicy, sweet and tender, excellent flavor. Vine a strong grower, very healthy, hardy and productive. Ripens in October. See price below:

1E-23 — FREDONIA. "The biggest money-maker of all times." (See what one of our customers say about this wonderful variety at bottom of page). Has produced as high as 2800 four-quart baskets per acre. Fredonia is one of the best early ripening 15 days earlier than Concord. The vine is very disease resistant, vigorous and productive — makes new wood so fast it bears the second year. Of finest quality; the clusters are large size, cylindrical and very compact, berries large, round, and hang well to the bunch. The skin is thick and tough, the flesh is juicy, solid, but tender. See price below:

Gentlemen:

Charlotte, N. Car.

Received from you four years ago 250 Fredonia, Concord, and Niagara vines. Nothing is better than the Fredonia for this section — got \$6.50 per bushel for my entire crop at one market last year. I now have in my vineyard 41 varieties, and of these, 15 varieties are now bearing, but nothing beats the Fredonia! F.D. Wright.

PLANT GRAPES for a LIFETIME INVESTMENT

Northern Grown

APPLE TREES

3-300 — Anoka. The Old Folk's Apple! The second year, big full-sized crops; earliest and heaviest bearing Apple. Hardy in all climates; never winter-kills. Can be grown anywhere in the United States. Ripens in August, but can be used a month earlier. Apples are good sized, well formed, beautifully colored.

3-301 — CORTLAND. An offspring of the McIntosh, but fruit larger, more uniform in size, more highly colored, richer in flavor, firmer but fully as juicy. Clings to tree more tenaciously, and ripens 3 to 4 weeks later. Fine for cooking. A good shipper. Bears 2 to 3 years after planting.

3-302 — RED McINTOSH. Medium size, nearly covered with dark red. Flesh white, tender, juicy and crisp. Similar to common McIntosh but colors earlier. Tree hardy, vigorous and healthy. September ripening.

3-305 — RED ROME BEAUTY. An improved variety, which has a solid, deep red color. Large winter apple of good quality. Thick skinned, stands handling well and a good keeper. Bears young.

3-307 — YELLOW DELICIOUS. Waxy golden color. Luscious flavor, finest in the world. Bears very early, in 2nd and 3rd year. Keeps until late spring without becoming mealy. Very hardy. You'll make more money with our Yellow Delicious.

3-309 — YELLOW TRANSPARENT. Ripens in July. One of the best early. Skin clear white, changing to pale yellow when ripe. Flesh white, tender, sub-acid. Excellent for pies and sauce.

3-306 — WILLIAMS RED. Easily ranks among the very best late summer apples. Ripens the first week in August. Fruit is very large, and has the appearance of Delicious, but is darker red, with faint red stripings. Flesh is pure white, juicy and delicious. Good producer. Tree is spreading in growth. Hardy. **We now have this variety in quantity and are pleased to offer it at same price as other kinds.**

WELLINGTON. A new early Apple, which was named in the New York Experiment Station in honor of Prof. Richard Wellington, now retired. This new apple comes from a cross between Cortland and Crimson Beauty. Produces large, handsome, red-streaked Apples, that ripen shortly after Yellow Transparent. The fruit hangs to the tree well without the use of stop-drop sprays. Not subject to bruising, a weakness of so many early apples. Its large size, annual production, evenness of ripening, good sauce and dessert qualities are unusual for an early variety. Its earliness, attractive appearance, and large size should make it valuable both for the early fresh fruit market and for processing. A hardy, upright spreading type of tree with wide crotch angles. **PRICE: 3 to 4 ft. trees, \$1.85 each; 3 for \$5.25; 10 for \$16.50.**

FIRESIDE. The hardy "Super Delicious" developed by the State Fruit Breeding Farm of Minn. It grows and fruits well in northern sections where the regular Delicious will not thrive. Large fruit, bright red over greenish yellow ground; crisp juicy flesh, flavor very rich. Splendid dessert apple, of higher quality even than Delicious, and keeps all winter. Annual bearer.

3-304 — RED DELICIOUS. The superior Delicious. Fruit is red all over as early as August, when other Delicious are still green. Extra fine flavor. Brings highest prices.

3-303 — RED JONATHAN. Grand, good winter Apple. Bright solid red. Flesh white, sometimes tinted with red; firm, fine, crisp and tender. A splendid family sort and highly profitable for market. Tree long-lived, productive and an early bearer. Will keep well without especial care.

KING SIZE APPLE TREES

You save 2 to 3 years by planting these large trees. Large 6 to 7 ft. Trees. Varieties: All kinds listed, including Red Dolgo Crab, except Wellington and Williams Red.

Price: **\$3.25** each

3 for \$8.95

RED DOLGO CRABAPPLE

3-327 — We know you will say "Dolgo is the Best Tree on the Place", when it starts to bear. A fruit tree that is attractive enough to plant in your lawn as a flowering crab. Clouds of dainty blooms in early spring, followed by unbelievable "red" fruit. Tree is dwarf in size, but grows fast. Bears very young, often the second year. Apples are bright red in summer, deepens to blood-red in autumn, then wine-red as leaves turn yellow. Fruit clings to tree until long after frost. Very hardy. Very good for pickles and jellies; sauce has lots of zip and it doesn't taste like usual Apple Sauce. Even when ripe, the fruit has so much pectin that the pickle juice will jelly.

PRICE	Each	2	10
3 to 4 ft. trees	\$1.15	\$2.10	\$9.25
4 to 5 ft. trees	1.45	2.75	12.50

PLUMS

3-226 — STANLEY PRUNE. Early Yielding. The "LEADER" of all Plums or Prunes offered today. Bears at an early age — **Exceptionally sweet flavor — Hardy — Very Productive!** Comes into bearing in 3 years and ripens 10 days earlier than German Prune. A more thrifty and rapid grower than all other sorts. Fruit large, deep bluish-purple; firm and sweet — require less sugar in canning than other varieties; excellent quality. The best for commercial planting.

BRADSHAW. A very large and fine early Plum. Attractive dark violet skin with yellow flesh. Very juicy; excellent for dessert use and for canning. Produces heavy crops annually. Tree is hardy, and a vigorous grower. Ripens Sept. 5-10th. **This variety in 9/16 inch grade only.**

BLUE DAMSON. Produces abundant crops of small, dark blue plums, with rich golden flesh. Highly prized for jams and jellies; extremely high flavored. Tree is hardy, bears early, and is a heavy producer. Early Sept. ripening.

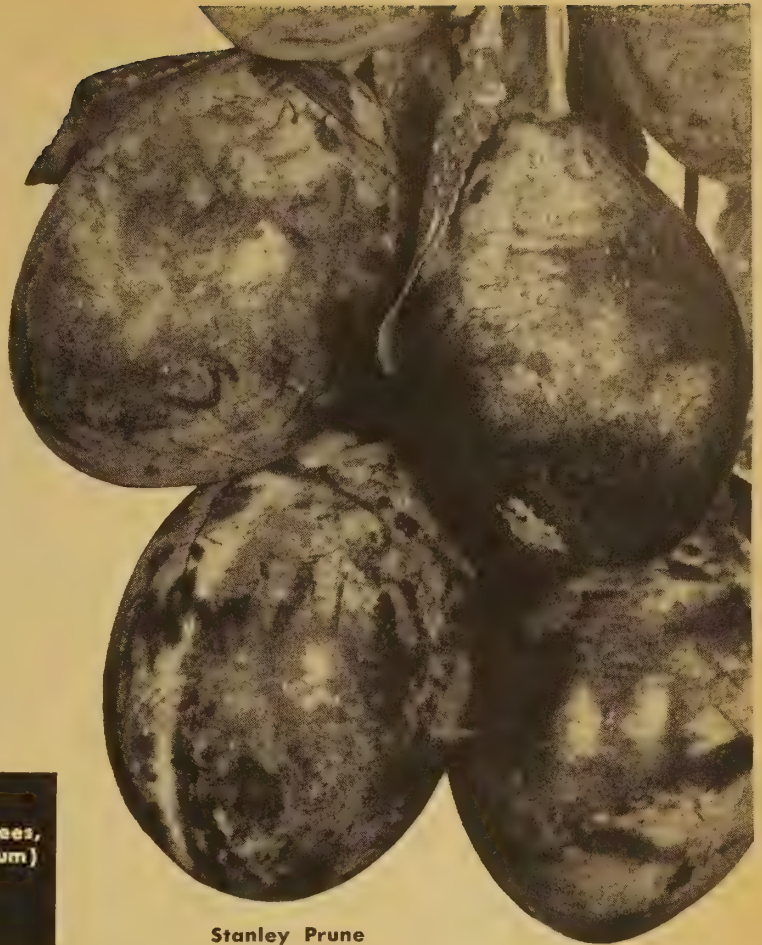

SANTA ROSA. A Deluxe Plum of Great Size. A very promising Oriental variety. Fruit is handsome, dark reddish-purple. Large with very juicy, red flesh of good quality. Tree is large, vigorous and moderately productive. Ripens about third week in August. **These in 9/16 inch grade only.**

PRICE: All Varieties of Plums listed above:

2-Year	Each	10	25
7/16 inch trees	\$1.65	\$13.75	\$27.50
9/16 inch trees	1.90	16.50	35.50

1 Nectarine 1 Hardy Apricot (except Beach Plum)

A Saving of \$1.95! **\$5.00** Net, not prepaid

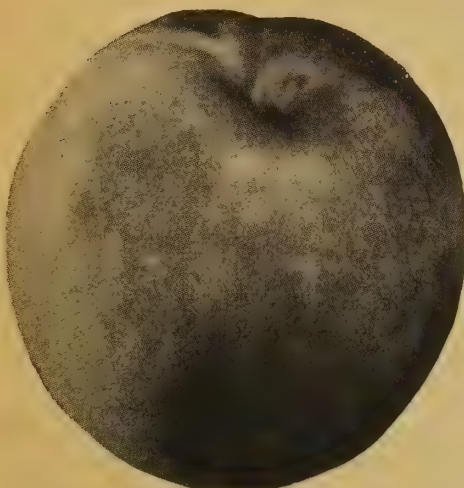

Beach Plum

Delicious BEACH PLUM

An Ideal Bush or Hedge that Bears Delicious Fruit

(*Prunus Maritima*). In full bloom, is a thing of great beauty. A unique bush which is not only a beautiful ornamental shrub, but valuable for its fruit. Bears first or second year after planting. Beautiful white flowers late in the spring before the leaves appear. Hardy and a vigorous grower, even on the poorest soil. Excellent for jams and jellies. Fruit is about size of a Damson Plum or exceptionally large Black Sweet Cherry; bright, deep blue in color, which is deliciously sweet and quite juicy. Ripens in August. Very hardy. Medium to large, tree-like shrub. **PRICE: 1-Yr., 2-3 ft. shrub, \$2.25 each; 2 for \$4.25.**

NECTARINE

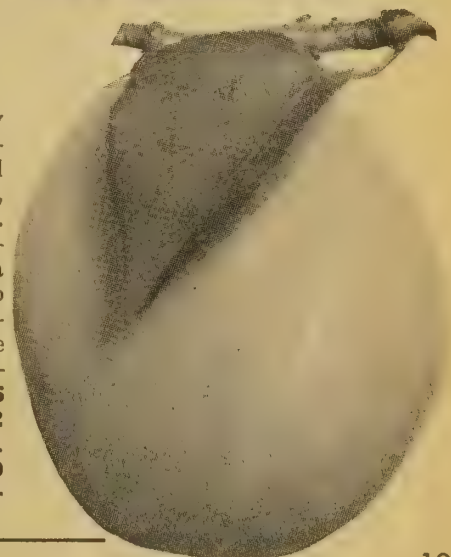

1-39. This delicious fruit is a cross between a Peach and Plum. Resembles a Peach in shape, size and flavor. Smooth skin, similar to that of a Plum; many fruit lovers call it the "Fuzzless Peach". Fruit is large, with striking red color, very juicy and delicious. It is a freestone and ripens with the Elberta peach. Habits similar to Peach; therefore culture the same. Plant two or more trees for proper pollination.

Price: 3-4 ft. trees, \$1.45 each; 2 for \$2.65; 5 for \$6.50.

HARDY APRICOTS

This is the Hardy Northern Variety

1-41 — Produces very large, orange-yellow-colored fruit with red cheek. Fruit is sweet, juicy and delicious. Freestone and very productive. As hardy as a Peach and as easy to grow. Ripens in August. Plant two or more trees for proper pollination. **PRICE: 7/16 in. trees, \$1.60 each; 2 for \$2.95; 5 for \$5.45. 9/16 in. calip., \$1.90 each; 2 for \$3.50; 5 for \$8.25.**

COMMERCIAL GROWERS Write us for special quantity prices.

PEACH TREES

RED SKIN

Hardy — Productive, Large, Beautiful and Delicious! All five characteristics wrapped up in this one wonderful Peach. Redskin is a cross between the well known J. H. Hale and Elberta. Is a freestone, ripening with Elberta; has beautiful red color. The fruit of Red Skin has yellow flesh, with little or no red color near the pit. Develops good size, round peaches even with a heavy load; has firm flesh of excellent keeping qualities; well colored with deep red blush covering fruit. Its delicious flavor and firmness rates this peach tops, for canning and freezing. Trees bear well, are vigorous and hardy, and bear young. **See price below.**

Red Skin

YELLOW-GOLD GIANT

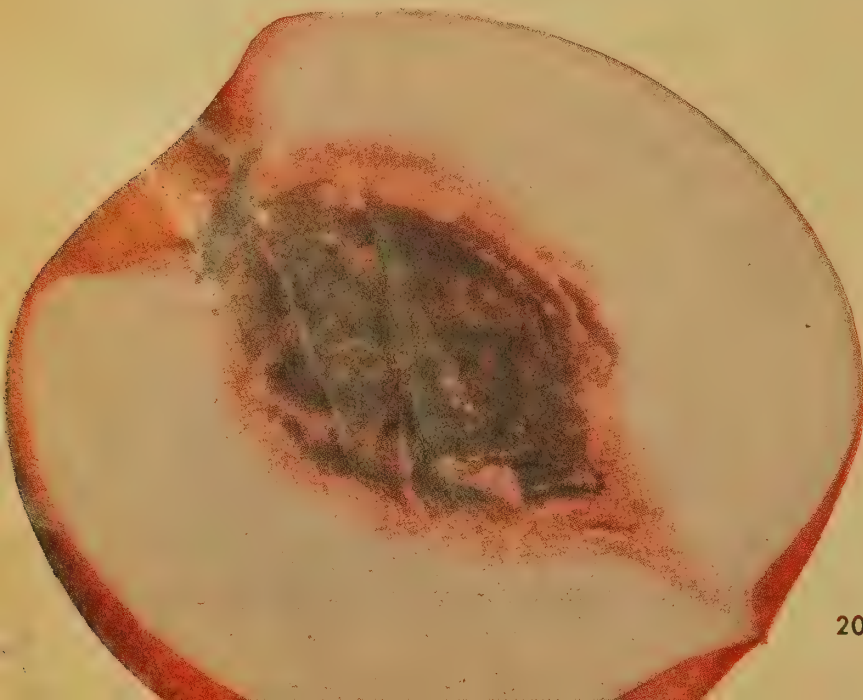

Peaches are exceptionally large, perfectly round, and so brilliantly yellow in color it appears to be "shimmering gold"—so yellow, in fact, one does not notice that it has a slightly red cheek. Fruit is equally as large as the well-known J. H. Hale, but is self-fertile; is highly flavored and an exceptionally good variety for canning. Skin is very firm, which means excellent shipping qualities. Ripens about the same as Elberta. Freestone Tree is hardy, and a good producer. **See price below.**

RED-GOLD GIANT

THE IMPROVED HALE!

Bears Young - Fine Shipper - Very Hardy!

1-38 — Truly the GIANT of the Peach family — many peaches weighing 1 pound each — the largest Peach we have ever seen. This new variety is a bud-sport of the common Hale, but is much larger, and bears heavier, with no signs of "little peach" so common in Hale. A late midseason variety that is almost fuzzless. Ripens a week later than J. H. Hale, when Peaches are bringing a premium price. A perfect freestone. An excellent shipper. Bears at an early date — often one-half bushel the second year. Very hardy. **See prices below.**

BARGAIN NO. 18

EARLY — MIDSEASON — LATE

One each: Red Skin, Red Gold Giant, Sunhaven

All 3 to 4 ft. trees **\$3.00** Net, not prepaid
A Saving of \$1.05!

RICHHAVEN

A new Peach which originated at the Michigan Agricultural Experiment Station. Ripens with Halehaven, about 14 days before Elberta, but because of its bright color, it might be picked 2 to 3 days before Halehaven. Fruits are larger than Halehaven, nearly round, and uniform in size and shape. The ground color is bright golden, overlaid with a large, bright red blush on the area exposed to the sun, with stripes of red and gold on the opposite side. Fuzz is so short and soft as to be nearly unnoticeable. Flesh is clear yellow with moderate amount of red near pit. Medium in texture and resistant to browning. Freestone. Excellent for commercial canning. Unusual thick, tough skin adds to handling and shipping ability of fruit. Trees are large, vigorous and productive.

SUNHAVEN

Ripens 40 Days Earlier than Elberta

The success of the Redhaven variety resulted in many requests for a variety of this type maturing earlier. Sunhaven is being introduced to meet this need. It ripens very early, 10 days before Redhaven and 40 days earlier than Elberta. Fruit is medium-large in size, nearly round, and uniform in shape. Skin color is much like Redhaven, largely bright red with enough bright gold color for pretty contrast. Short, soft fuzz, almost unnoticeable. Fruits keep and handle unusually well for such an early maturing variety. Flesh is clear yellow, fine-texture, firm, of good flavor and very resistant to browning. Sunhaven is a freestone when fully ripe. Its early ripening assures you of BIG PROFITS for your fruit.

YOU CAN RELY ON *Ackerman's* TRUE-TO-NAME • DISEASE FREE **PEACHES**

Perfect Hale

✓ **1-34 — Red Haven.** An excellent early maturing peach. **RIPENS 30 DAYS EARLIER THAN ELBERTA.** Yellow freestone, almost completely covered with a brilliant red color; sweet in flavor. Firm flesh and tough skin. Heavy producer. Fruit buds much harder than Elberta.

✓ **1-31 — Red Globe.** This variety was released by the U.S. Dept. of Agriculture in 1954. It is outstanding for its bright red-gold color and firm flesh. Ripens just a few days ahead of Halehaven. Fruit is round, medium to large in size, and about three-fourths of the skin is covered with a bright red blush over a yellow background. The flesh is very firm textured and of good flavor. Excellent for canning and very attractive as a frozen product. A freestone. Trees are productive and vigorous. A new red-type Peach that is really "going places".

✓ **1-32 — Amber Gem. Best for Canning.** This grand variety is a semi-cling; shaped like an Elberta and ripens same time. Beautiful yellow flesh with deep red blush; delicious honey-sweet flavor. Will hang on the tree for 10 days to 2 weeks after it ripens. Used extensively by all canning factories. Hardy and very productive.

Ackerman's New **MONTMAMMOTH CHERRY**

Montmammoth Cherry

Bears Young — Easy to Pick

3-312 — This variety was found by Lee McClain, of Knox County, in 1928. A sport of the Montmorency. Bears second year — no waiting for fruit. High quality cherries are large, often caliper an inch in diameter. As the tree is dwarf and spreading in growth, it is much easier to pick than other varieties, as the bulk of the crop can be harvested from the ground. Heavy producer — 3 to 5 fruits per spur. Records show the parent tree produced 6-gallon crate of fruit the third year.

PRICE: 1-Yr. 2-3 ft. trees

\$1.45 each; 3 for \$4.15; 10 for \$12.95; 25 for \$30.00

3-4 ft. trees

4-5 ft. trees

\$1.85 each; 3 for \$5.35; 10 for \$17.00; 25 for \$40.00

LARGE MONTMORENCY Sour Cherry

3-311 — The leader of all Sour Cherries. Ripens mid-summer. One of the finest flavored Sour Cherries. Bears enormous crops regularly. Best all-around Cherry grown. Tree bears two or three years from planting. The best Sour Cherry for pies and home use. **OUR TREES HAVE ALL BEEN CERTIFIED BY THE MICHIGAN STATE DEPARTMENT OF AGRICULTURE TO BE VIRUS FREE AND HAVE BEEN PROPAGATED FROM VIRUS DISEASE-FREE BUDWOOD.** No more worry about losing trees due to the dreaded disease, "Yellows". This special certification costs you nothing extra — your guarantee as to receiving disease-free stock.

SWEET CHERRIES

3-322 — Black Tartarian

Very large, purplish black, heart-shaped; flesh mild and sweet, and quality considered one of the best. Tree is vigorous, upright grower and immense bearer. Ripens in July. We recommend this as one of the best Sweets for home use. **King size (this variety only) \$3.25 each.**

3-315 — Napoleon (Royal Ann)

Of fine appearance and very large size. Color yellow and amber, with bright red blush; flesh firm, juicy and delicious. Bears enormous crops ripening in July.

3-313 — Schmidt's Bigarreau

The Giant of the Black Sweet Cherries. Especially noted for coming into bearing at an early age. Bears heavily, is very hardy and a sure cropper. Immense size, deep black; flesh dark, tender, very juicy, fine flavor. Ripens in July.

3-314 — Windsor

Fruit large, dull red; flesh remarkably firm, of fine quality, an excellent shipper and a good bearer. Ripens middle of July.

(See King Size Black Tartarian under description)

NORTH STAR DWARF CHERRY

Very hardy — will succeed farther north than any other Cherry. Ripens early July. Fruit is a bright red, changing to a glistening mahogany-red; skin is medium tender, and flesh is juicy. One of the best pie-Cherries on small trees, which makes it easy to pick. **Price: 3-4 ft. trees, \$3.25 each; 2 for \$6.00.**

HYBRID BUSH CHERRIES

Make an Ideal Bush or Hedge that Bears Delicious Fruit

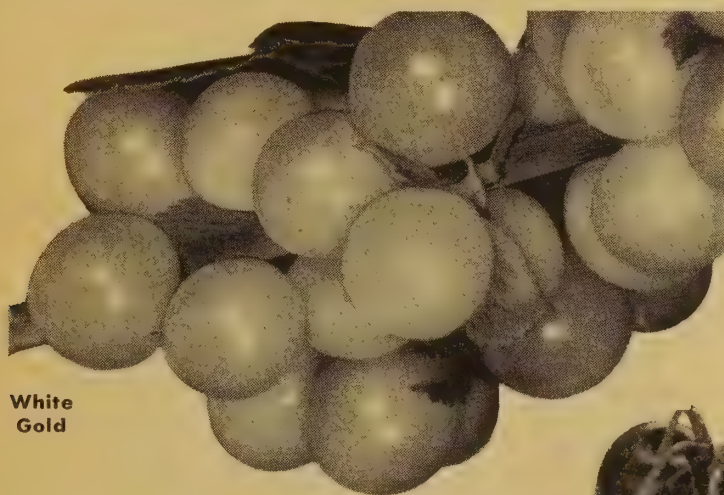

Now we are in a position to supply a Hybrid Bush Cherry which will provide Cherries for those of you who are out of the regular Cherry country — plant these hybrid bush cherries and enjoy the fruit just as much as you would regular cherries. Cherries produced on these bushes are much larger and tastier than those produced by the old Hansen Bush Cherries and are better growers. These are budded on American plums, and should be hardy anywhere. Should a wild plum stalk with large, dull leaves come shooting up through the shiny leaf Bush Cherry, be sure and trim it out. Not only do they produce delicious Cherries, but they provide an ideal hedge or screen. Foliage on these hybrid bushes is so heavy, it hides the fruit from the birds. **We are offering six varieties in this wonderful Hybrid Bush Cherry.** Be sure and specify the variety you wish.

Black Beauty

BLACK BEAUTY. This is the newest selection of the bush cherry. The fruits are a very dark, glossy, black maroon-red; almost as large as tree cherries. Fruit is dark red from the skin right to the pit. Fine eating and fine for canning and pies.

Price: 2-3 ft. \$1.75 each; 3 for \$4.95.

White Gold

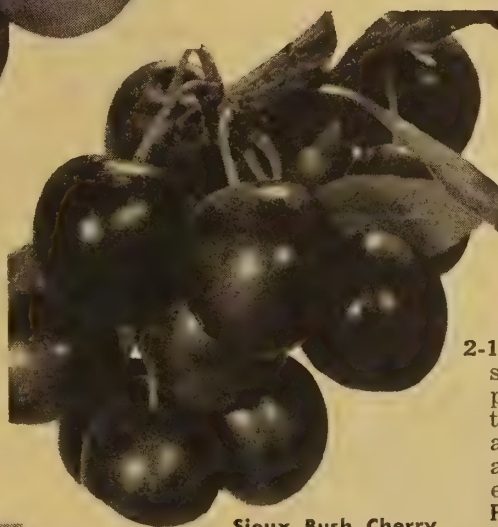

BUSH CHERRY

➤ **SIoux.** Extremely large cherries — $\frac{3}{8}$ " or better across. Purplish black, shiny with greenish flesh. Juicy and sweet. Fruits the last week in July. Price: 2-3 ft., \$1.75 each; 3 for \$4.95.

➤ **WHITE GOLD.** A most unusual one. The large cherries are limpid amber, and are delicious eaten fresh or cooked. A sister to Golden Boy. Price 2-3 ft., \$1.75 each; 3 for \$4.95.

➤ **GOLDEN BOY.** The cherries are large and a bright, golden yellow. Mild and tasty on clean growing bush. You will enjoy them. Price: 2-3 ft., \$1.75 each; 3 for \$4.95.

Nanking)

Sioux Bush Cherry

Nanking Cherry

NANKING CHERRY

2-130 — A most ornamental upright spreading shrub. Pink in bud, the tiny flowers open a pure white with striking contrast between the white flower petals and the bright red and orange calyx. Late June, the branches are studded with large red fruit. Good to eat and make beautiful rich jellies and wine. Price: 18-24 in. shrubs, \$1.00 each; 3 for \$2.75.

DWARF OKA CHERRY

Makes an Ideal Bush or Hedge That Bears Delicious Fruit

One of Prof. Hansen's Best Cherry-Plum introductions. Early bearing — very hardy — delicious flavor — prolific. Dwarf bush habit; bears from the ground up. Showy blooms followed by full crop of fruit. Fruit is about one inch in diameter, purplish black skin and flesh. Very sweet. Ripens late July - early Aug. Delicious to eat, for jelly and jam. Plant near your plum trees. Beautiful ornamental shrub. 2-Year, 3-4 ft. trees, \$1.50; 2 for \$2.75.

Oka Cherry

Delicious Easy-To-Grow PEARS

Bartlett Pear

3-316 — **BARTLETT.** Large, waxen yellow with red blush; juicy melting, highly flavored. Bears young and abundantly. Ripens in Sept.

3-319 — **Buerre Bosc.** Large, of distinct gourd shape, roundish at blossom end, with long, tapering neck. Golden russet color. Highly flavored, juicy and melting. Late Sept. ripening.

3-320 — **FLEMISH BEAUTY.** A medium to large pear; pale yellow with a reddish-brown cheek. Flesh fine grained, juicy and very sweet. Hardy. Sept. ripening. Very productive.

3-318 — **KIEFFER.** Ripens in October and November. Fruit large, of good quality; especially fine for canning. Hardy.

3-321 — **SECKEL.** (Sugar Pear). Small size; yellowish russet, with red cheek. Fine for pickling. Ripens late September.

"COLETTE" EVERBEARING PEAR

(Plant Patent No. 1401)

Most deliciously flavored and unique Pear on the Market today. It blooms at the normal blossoming time, and produces its first fruits of the season late August or early September. These are about the size and shape of an average Bartlett, and rich waxy yellow in color. Then it keeps on blooming and bearing new Pears on the new growth most of the summer and fall. The rich aromatic, spicy flavor and the fine firm flesh entirely free from grit give this pear eating quality without equal, and canning quality of the same degree. Will not rot at the core when fully ripe. **PRICE:** 3 to 4 ft. trees, \$2.75 each; 4 1/2 to 6 ft. trees, \$3.75 each. Net, no discount allowed.

Pear Tree

NEW SUMMER LONG EVERBEARING PEACH

(Plant pat. No. 1503)

Something new in Peaches which we have offered for several years. Peaches from the last of July until the first of October. Actual photograph showing the Summer Long in its various stages, from blossom to matured fruit, at left.

BEARS YOUNG — usually the second year after planting, with a nice crop the third year. Fruit is yellow, juicy and very sweet flavor; freestone, very firm quality. Tree is very vigorous and healthy — the original parent tree attained the age of 22 years without any care or spraying. Two trees of this variety in your backyard will furnish you with Peaches throughout the summer.

PRICE: 3-4 ft. trees, \$2.95 each; 2 for \$5.75; 4 for \$11.00. Net, no discount.

Dwarf Fruit Trees

- Take Little Garden Space
- Bear Fruit When Young
- Produce Large Size Fruit

These unique trees require less space and produce much quicker than standard fruit trees. Most varieties generally start producing the second year after planting.

NEW DWARF PEACH Throw Away Your Ladders! Stand on the ground and pick bushels of peaches. Bears the Second Year Planted.

To our knowledge, we were the first to offer a Dwarf Peach, grown on our special hardy, dwarf-understock. This special understock assures you the tree will seldom grow more than 6 feet tall — takes up small space in your yard. A beautiful ornamental when in bloom. Heavy producer, enough delicious fruit for you and your neighbor. Trees grown on this special understock will bear for years and years as it is much longer-lived.

We offer this wonderful tree in 3 standard varieties and the 2 new kinds, all described on pages 20 and 21. Specify kind wanted. Elberta, Red Gold Giant, Red Haven, and New Richhaven and Sunhaven. PRICE: All varieties listed, 2-3 ft. \$2.15 each; 2 for \$4.00. 3-4 ft. \$2.75 each; 2 for \$5.00; 4 for \$9.50.

DWARF PEAR. These Dwarf Pears are offered in 2 varieties: Bartlett (see page 24 for description), and Clapp's Favorite (like Bartlett, but earlier). PRICE: 2-3 ft. trees, \$2.25 each; 2 for \$4.25; 4 for \$8.00. 3-4 ft. trees, \$2.95 each; 2 for \$5.50; 4 for \$10.00.

DWARF APPLE. They do not spread more than 10-15 ft. and are never more than 10-15 ft. high at maturity. Makes a beautiful ornamental tree. Also produces heavy crops of fruit. Two trees in a small corner in your yard will provide enough fruit for you and your neighbor. The small investment you make will increase in value each year. We are offering 6 varieties (specify variety wanted). See page 18 for descriptions). Anoka, Red Jonathan, Red McIntosh, Red and Yellow Delicious, plus Red Northern Spy (a late red winter apple which is excellent for culinary purposes as well as eating). PRICE: 3-4 ft. trees, 2.95 each; 2 for \$5.75; 4 for \$11.00.

DWARF PLUM. We are offering Stanley Prune (described on page 19). Seldom grows more than 6-8 ft. at maturity. PRICE: 3-4 ft. trees, \$3.25 each; 2 for \$6.00; 4 for \$11.00.

DWARF NECTARINE. (See page 19 for description). This dwarf form seldom grows taller than 6 ft. PRICE: 3-4 ft. trees, \$2.95 each; 2 for \$5.50.

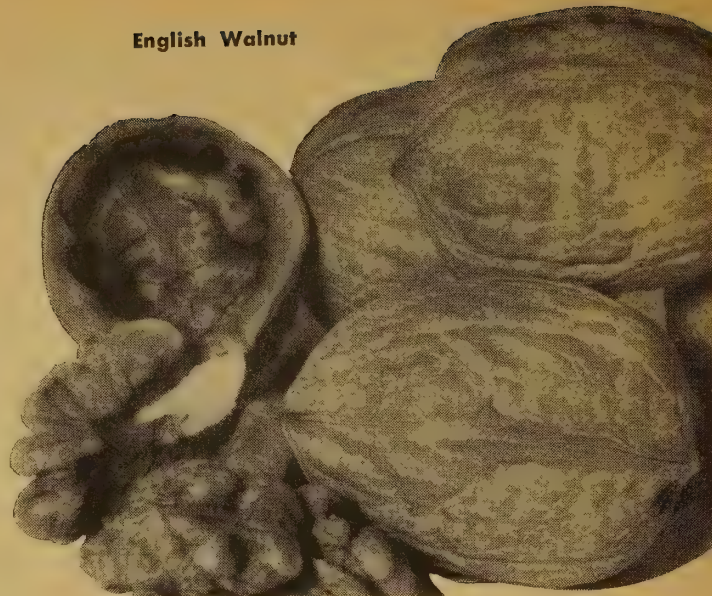

Kings of the NUT TREE FAMILY

ENGLISH WALNUT

3-209 — Hardy Carpathian strain. Tree valuable for its fruit and shade. Nuts are thin-shelled just like those from the West Coast, but harder; nuts are filled with full-meated kernels of delicious flavor. They develop into quite large specimen trees, magnificent in the lawn or back yard. They generally start bearing young. Grow quite rapidly. Plant 2 or more trees for perfect pollination.

Price: Fine, 2-3 ft. trees, \$3.50 each; 2 for \$6.50.

English Walnut

BARCELONA FILBERT

The champion Filbert of the market. Round, thin-shelled golden-brown nut, which are full-kerneled and have a rich, delicious flavor. Start producing in two or three years. Trees are hardy, make a rather shrubby growth, and will thrive in any location. Grow from 6 to 8 feet tall. Plant 2 trees or more for perfect pollination.

Price: 2-3 ft. trees, \$1.75 each; 2 for \$3.25.

Barcelona Filbert

ROYAL FILBERT

This fine new filbert bears large, glossy, well filled nuts in profusion. It needs pollination from either Barcelona or Du Chilly for best results. Delicious flavor. Start producing at an early age. Hardy, and grows under the most trying conditions.

Price: 2-3 ft. trees, \$1.95 each; 2 for \$3.75.

Hall's Almond

DU CHILLY FILBERTS

A very fine commercial variety; nuts are long and golden brown, full kerneled with a delicious sweet flavor. Excellent pollinator for Barcelona or Royal. Hardy and vigorous grower. **ALWAYS PLANT TWO VARIETIES OF FILBERT FOR BEST RESULTS!** **PRICE:** 2 to 3 ft. trees, \$1.75 each; 2 for \$3.25.

NOTE: Due to State Quarantine Regulations, cannot ship nut trees of any kind into the following states: Arizona, California, Florida, Georgia, New Mexico, Oregon, Texas, Utah, and Washington.

HARDY HALL'S ALMOND

For Shade — FOR BEAUTY — PLUS PROFIT

We offered this two-purpose tree for the first time last spring, and our sales were so great, we were unable to fill all orders. Supply is again limited, and would advise ordering early. A tree which not only provides you with breath-taking pretty pink flowers, but also bears a fine crop of delicious Almonds. These trees are hardy, and can be grown wherever it is possible to grow peach trees. They produce abundant crops of top quality, nutritious nuts, which are used extensively by commercial bakers, and housewives everywhere. Hall's Almond is a rapid growing, young bearing nut tree. The nuts are large and of fine quality. Makes an attractive ornamental for your lawn, as well as valuable for its nuts. Foliage is a deep green. Plant two trees for best results.

ALWAYS PLANT 2 NUT TREES OF A VARIETY FOR BEST RESULTS

Hardy NUT TREES

CHINESE CHESTNUT

3-229 — This wonderful strain of Chestnut has proven highly blight resistant in this country. Trees are rapid growing, quick to bear and very heavy yielders; extremely hardy and vigorous. Is a rather dwarf grower, attaining about the size of an apple tree. Productive usually when two or three years old. Nuts of immense size, larger than American Chestnut, and equally as sweet and good. Plant 2 trees for best results. 2-Yr., 2-3 ft. \$2.15 each; 2 for \$3.95.

3-332 — 'BEARING-AGE' Chinese Chestnut. These are all certified trees that are bearing nuts in the nursery row this summer. Supply limited. Price: Bearing-age, branched, 4-5 ft. trees, \$4.95 each; 2 for \$9.50.

HICAN NUT TREES

(Pecan X Shellbark Hickory Hybrids)

CLARKSVILLE.. Trees grow with great vigor, symmetry and beauty. Foliage is dark green; makes a beautiful ornamental tree as well as producing large high quality nuts which are thin shelled and fine flavored. Trees are hardy in Northern areas.

GERARDI. Tree grows very much like the Clarksville, and is hardy in Northern areas. Nuts are often 2 inches long and about 3/4 of an inch in diameter and very fine flavored, with good cracking qualities.

PRICE: Grafted Hican trees: 2-3 ft., \$4.00 each; 2 for \$7.75.
3-4 ft., \$4.75 each; 2 for \$9.25.

Hardy Pecan

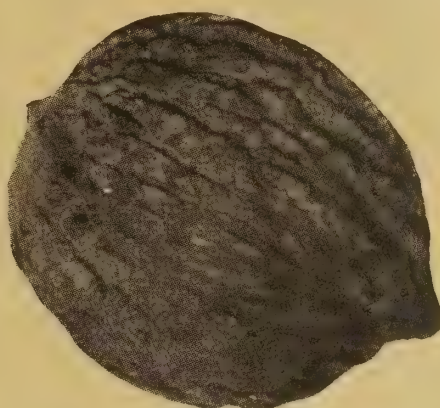

THOMAS Thin-Shelled BLACK WALNUT

An improved Black Walnut, which has been claimed to be the world's heaviest producer, and which will bear and grow anywhere. Hardy, starts bearing at a very early age, often the second year. Nuts are giant in size with kernels much larger, better flavor and much easier to get out, usually come out in halves and quarters. 2-Yr., 3-4 ft. trees, \$3.50 each; 2 for \$6.50.

HARDY PECANS

3-231 — Of all the varieties of the luscious and valuable nut family, the Pecan stands at the head of the list. Hardy and strong grower; nuts of good size and well filled. The trees are long-lived and prolific bearers. This variety can be grown successfully in Northern climates. Nuts are large, thin-shelled and well filled with delicious kernels. Plant 2 trees for best results. Price: 2-3 ft. trees, \$1.95 each; 2 for \$3.75. 3-4 ft. trees, \$2.50 each; 2 for \$4.75.

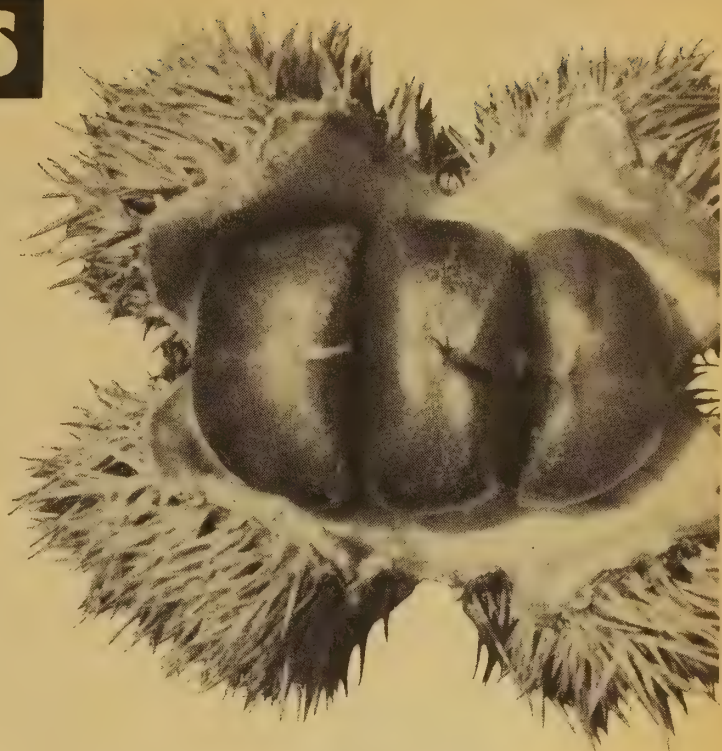

BLACK WALNUT

3-232 — The common Black Walnut is very productive in nuts which are liked by many. A valuable tree for its lumber. Hardy. Fine, 2-3 ft. trees, 95c each; 3 for \$2.65.

NOTE QUARANTINE: Due to State Quarantine Regulations, we are not permitted to ship nut trees into the following states:

Arizona, California, New Mexico and Washington: Hicans, Hickorynut, Pecans, Almonds, and all Walnuts. Idaho and Louisiana: Chestnut, and Almond. Oregon and Washington: Filberts, Chestnut, and Almond.

Crimson King MAPLE

The Red Norway Maple
(*Acer platanoides schwedleri nigra*)
Patent No. 735
A REAL NOVELTY

A beautiful form of Schwedler Maple, which was originated in Europe. Foliage is a very dark crimson, which color it retains all through the summer months, both in the East and on the Pacific Coast. Is very hardy. Habits and growth similar to Norway; attains a height of 50 feet at maturity. Fine for city planting, not harmed by smoke, gases, dust. Ideal for single specimens, street plantings, etc. **Price: 2-Yr., 4-5 ft. trees, \$4.25 each; 2 for \$8.00. 6-8 ft. trees, \$6.95 each; 2 for \$13.00. Net, no discount.**

2-in-1 DOGWOOD

White and Pink Flowers on One Tree!

2-102 (Cornus Florida). A unique tree of sheer beauty. Imagine a tree having a branch of pure white flowers, and at the same time, having a branch of delicate pink flowers? So beautiful, it is almost unbelievable when you first see it! The same type of flowers produced by the Flowering Dogwood listed below, but with blooms of two different colors on the same tree. Grows to a height of 15 to 18 ft. Hardy. Supply is limited — order early, and be sure to be the first in your neighborhood to have this unusual tree. **Price: 2-Yr., 2-3 ft. tree, \$3.75 each; 2 for \$6.95.**

1 2-N-1 Dogwood, 2-3 ft.
1 Red Silver Flw. Crab, 3-4 ft.

\$4.50 Net, not prepaid

A \$1.70 Savings!

New RED DOGWOOD Truly Outstanding — Really Red

A tree that is outstanding and exciting throughout the growing season — clean rich ruby red flowers early in the spring — foliage bright red late spring and early summer — fall coloring is bright scarlet shading to green. Bears clusters of bright red fruit in September and October, which they carry well into the winter. A strong, clean grower with dominant leader and uniform branching habits; grows 8 to 10 feet tall. Truly red red-flowering Dogwood, which is the "CHIEF" among all flowering Dogwoods. **Price: Branched, 3-4 ft. trees, \$6.00 each; 2 for \$11.00.**

FLOWERING DOGWOOD

PINK FLOWERING

3-218 — Cornus Florida Rubra. This charming, brilliant spring-flowering tree possesses a large measure of attractiveness throughout the entire year. Truly a magnificent sight when in bloom. Showy pink blooms appear in early spring, followed by rich, dark green leaves, which change to gorgeous red in fall. Does well in shade. 12-15 ft. at maturity. **Price: 3-4 ft. trees, \$3.95 each; 2 for \$7.75.**

WHITE FLOWERING

3-217 — Cornus Florida. One of the most beautiful of all of our native trees. Early in the spring, the tree is literally covered with single flowers of creamy white which change to white; these are followed by red fruits. Deep green foliage changes to red in the fall. Dogwood thrives in any fertile soil; prefers a shaded location. 12 to 15 ft. at maturity. **Price: 3-4 ft. trees, \$2.25 each; 2 for \$4.00.**

White Flowering Dogwood

ORNAMENTAL TREES

RED SILVER FLOWERING CRAB

3-227 — In our opinion, the most colorful Flowering Crab ever introduced! Completely red in flower, leaf bark and fruit — rich maroon-red from top to bottom. Most flowering Crabs are preferred due to the mass of blooms which they produce for a short time, but the Red Silver is beautiful from spring until late fall because of its all-over red color. The leaves are somewhat cut-leaf, the under side of which are somewhat tinselled with silver — the blend of maroon and silver is a unique combination throughout the season. The wonderfully fragrant red flowers are large, partially double and altogether lovely. Delightful red fruits in the fall. Price: 2-Yr., 3-4 ft., \$2.45 each; 2 for \$4.45. 5-6 ft., \$3.75 each; 2 for \$7.00.

Magnolia
Soulangeana

BECHTEL'S DBL. FLOWERING CRAB

Truly a Rose in Disguise!

3-216 — The only genuine Double Flowered Crab. Makes a medium-sized tree; perfectly hardy. When in bloom, is covered with delicate pink, perfectly double, small, rose-like flowers of delicious fragrance. Blooms very young. 2-Yr., 2-3 ft. trees, \$1.95 each; 2 for \$3.75.

Red Silver Flowering Crab

MAGNOLIAS

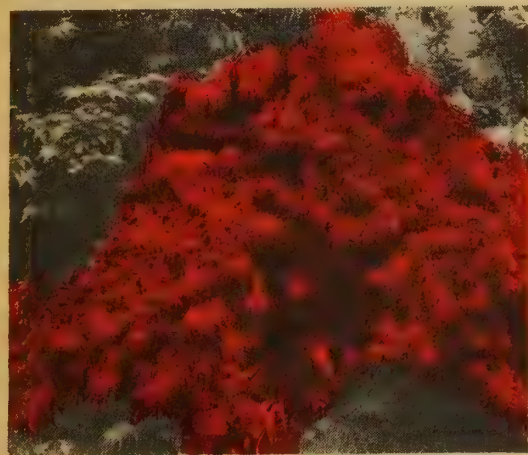

Showy and Hardy

Among the finest of all ornamentals are these hardy Magnolias. Their flowers are produced early in the spring before the leaves appear. Mature to a height of 8 to 10 ft. Plants begin blooming when quite small, often flowering in the nursery row when only 18 to 24 inches tall. We are offering these in two of the best varieties:

3-335 — *Soulangeana*. Large, bell-shaped blooms measuring 4 to 6 inches across, delicate pink in color, and of beautiful waxy sheen.

3-336 — *Soulangeana Nigra*. Flowers are a beautiful purplish-red outside, while the inside is a delicate waxy white. Blooms measure 5-7 in. across.

PRICES: *Soulangeana* and *Soulangeana Nigra*: 2-3 ft., \$3.95 each; 2 for \$7.50. Be sure to specify variety wanted.

Dwarf Japanese Red Maple

KWANZAN DOUBLE FLOWERING CHERRY

2-115. (Sacred Gate). Flowers are fully double, deep pink or old rose, varying in tone according to weather conditions. This variety is found around the famous Tidal Basin at Washington, D.C. Fine, 3-4 ft. trees, \$3.50 each, 2 for \$6.25.

Bechtel's Dbl. Flw. Crab

DWARF RED LEAF MAPLE

2-153 — Hardy, dwarf-growing tree, seldom maturing over 10 feet. Their indented leaves are vivid blood-red in spring, which dulls to bronzy purple red or bronze-green in fall. This grafted form is unexcelled for the bright spot of color on the open lawn or mixed with other shrubs. Grafted, 2-3 ft. trees, \$4.50 each; 2 for \$8.50.

Kwanzan Dbl. Flw. Cherry

BARGAIN NO. 28

FLOWERING TREES of Unusual Beauty

"Sunburst" Golden Locust

BARGAIN NO. 29

1 Pink Wpg. Crab, 1 Yr. Graft
1 Prunus Triloba, (Flw. Plum) 3-4 ft.
A Saving of \$1.20! **\$2.00** Net, not prepaid

PINK WEEPING CRAB

(*Malus Echtermeyer*)

An unusual flowering tree, of breath-taking appearance; blood-red buds open into lovely deep pink flowers early in May. The main stem or trunk of the tree is upright, but the branches are weeping and droop clear to the ground. Foliage bronze green, flesh of fruit is red. Perfectly hardy, medium-size tree. We know you will be glad you bought one of these trees. **Sturdy, 1-Yr. Grafts, \$1.25 each; 3 for \$3.00.**

"SUNBURST" Locust

(Pat. 1313). The greatest new shade tree since the introduction of Crimson King Maple. Has brightest golden bronze foliage; its brilliant coloring is limited to tips of each branch, giving it the appearance of being in full bloom. Fast growing, clean and long lived. Tree is well formed, symmetrical and broadly pyramidal, with excellent spreading branching habit, completely free of thorns and is disease resistant. Withstands drought, heat and cold. **Price: Strong, well rooted, 3-4 ft. trees, \$5.50 each; 2 for \$10.00. Net, no discount.**

GOLDEN RAIN TREE

(*Koelreuteria paniculata*). This is one of the best medium sized flowering trees in cultivation. In midsummer the whole tree is a cascade of golden bloom. Golden yellow flowers are borne in long chains — a breath-taking sight when they stir in the breeze. Use as a specimen lawn tree, or are suitable for planting against walls, corners — any place an unusual floral display is desired. Attains a height of 30 feet. Hardy. **2-Yr., 3-4 ft. trees, \$3.00 each; 2 for \$5.75.**

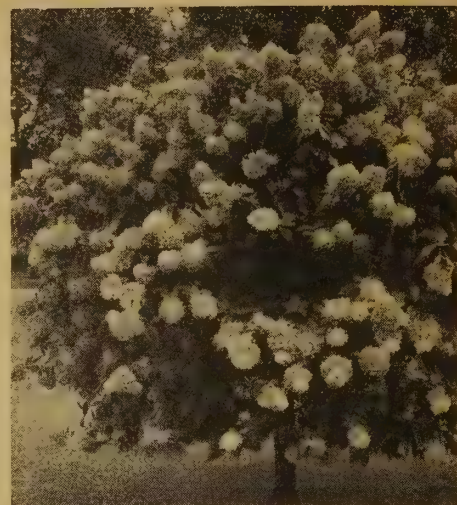

MIMOSA TREE

(*Albizia julibrissin*). Sometimes called Silk Tree or Sensitive Tree. Fern-like foliage with fragrant pink blossoms in round heads during June. Foliage resembles that of tropical plants. North of the Ohio river plant indoors only. **2-Yr., 2-3 ft. trees, \$1.25 each; 2 for \$2.25.**

TULIP TREE

(*Liriodendron tulipifera*). Tall growing, stately tree with smooth bark and large, irregularly shaped leaves of glossy green; ideal for quick shade. Blooms late May and early June, bearing numerous tulip-like flowers 2 to 3 inches long. **Price: 2-Yr., 3-4 ft. transplanted trees, \$1.35 each; 2 for \$2.50.**

TREE HYDRANGEA

Beautiful, well developed trees of true P. G. type. Good roots and plenty of branches. They're beautiful anywhere. Very large clusters of white flowers, changing to pink. **2-Yr., 3-4 ft. trees, \$3.25 each; 2 for \$6.00.**

PRUNUS TRILOBA

(The Rose Tree of China.) The double Flowering Plum. The flowers on this small-growing tree are like the Flowering Almond, double, rose-like, and hugging the naked branchlets so closely and so profusely it is impossible to see the branches; blooms are a bright shade of pink. Hardy and seldom grows taller than 8 ft. **2-Yr., 3-4 ft. trees, \$1.95 each; 2 for \$3.50.**

MAY DAY TREE

(*Prunus padus commutata*). First tree to leaf out in spring, and first to bloom, providing masses of pure white flowers the first of May. Blooms followed by small edible fruits attractive to birds. Hardy, rapid growers. **2-Yr., 2-3 ft. trees, \$1.65 each; 2 for \$3.00.**

Ornamental TREES

Cork Tree

Purple Leaf Plum

Red Amygdalus

Judas Tree, Red Bud

3-225 — CORK TREE (Phellodendron Amurense). Imagine a real cork tree growing on your lawn! The bark is a thick, spongy layer that you may actually cut and float in a pan of water. The foliage is distinctive, too, having a pleasing aromatic scent reminiscent of far away places. Trees are hardy, thriving under conditions where others would fail. Rapid grower, with perfect rounded form; 30-40 ft. at maturity. Free of insects and disease. We know this tree will delight you in every way. Price: 3-4 ft. trees, \$3.00 each.

3-208 — PURPLE TREE WISTERIA. A tree of sheer beauty when in full bloom — gorgeous, long purple clusters of flowers hang from this dainty tree in May and early June. Grafted form stays small. We are including a stake with each tree for they should be staked the first year. Price: 2-3 ft. trees, \$3.95 each; 2 for \$7.50.

Note: These trees should be staked the first year; therefore, we are including a stake with each tree.

3-351 — RED AMYGDALUS. Persica Double-Flowering Peach. One of the most beautiful ornamental trees. At its blooming time in May, every twig and branch is completely covered with beautifully formed double flowers, followed by green, glossy foliage. In fact, so attractive your neighbors will not rest until they inquire as to what it is. Is a rapid grower, attaining a height of 15 ft. at maturity. Price: 2-Yr., 3-4 ft. trees, \$1.55 each; 2 for \$2.75.

3-204 — "THUNDER CLOUD" (The Purple-Leaf Plum). This dwarf tree comes out red in the spring, stays red all summer and bronze-red in the fall. Beautiful, single-pink flowers in May. Hardy. 2-Yr., 3 to 4 ft. trees, \$1.85 each; 2 for \$3.50.

3-226 — PAUL'S DOUBLE-SCARLET THORN (Crataegus oxyacantha paali). A handsome dwarf tree with shiny leaves of attractive shape and color; blooming in profusion late in spring with compact clusters of deep crimson-scarlet flowers, red fruits of vivid autumnal colorings. Very hardy. 2-Yr., 3-4 ft. trees, \$2.50 each; 2 for \$4.50.

3-212 — ASH, European Mountain. (Sorbus Aucuparia). A hardy, medium size tree; head dense and regular. Covered from July until winter with large clusters of bright red berries. 3-4 ft. trees, \$1.85 each; 2 for \$3.50. 5-6 ft., \$2.75 each; 2 for \$5.25. King Size, 6-8 ft. trees, \$3.75 each; 2 for \$7.00.

3-207 — JUDAS TREE. (Red Bud) Cercis Canadensis. Beautiful bright pink blossoms in early spring before leaves appear. Medium size tree with large irregular head and heart-shaped leaves. Hardy. 2-Yr., 2-3 ft. trees, \$1.15 each; 2 for \$2.10; 4 for \$3.75.

BARGAIN NO. 30

HYBRID TEA ROSES

Ackerman's Hardy Field-Grown Roses Insure Better Blooms

The Roses offered on these pages will bloom continuously this summer and every year following AND ARE AN INVESTMENT IN PLEASURE THAT WILL PAY BIG DIVIDENDS IN COLORFUL, FRAGRANT FLOWERS. Remember, our Roses are all strong 2-year, field-grown bushes, ready to bloom.

Prices: All varieties of Roses Listed on this Page, all 2-Year bushes, 95c each; 3 for \$2.65.

2-31 — Ami Quinard. Deep velvety crimson, fragrant and very lasting. Long, pointed buds.

2-37 — Betty Uprichard. Carmine and coppery-orange outside, inside salmon-pink.

2-44 — Condesa de Sastago. Double flowers of coppery red and yellow; rich raspberry perfume.

2-32 — Editor McFarland. Perfectly formed flowers of clear, brilliant pink. Very fragrant.

2-182 — Countess Vandal. Lovely, long tapered buds of salmon-pink shaded with copper and gold which open to big, long-lasting, richly fragrant flowers on fine stems.

2-50 — Etoile de Hollande. Large, velvety crimson flowers. Long stems. Richly perfumed.

2-39 — Frau Karl Druschki. (Perpetual) Pure white; perfect in form. Free flowering.

2-40 — Golden Dawn. The ovoid, lemon-yellow bud is heavily splashed with crimson before opening and develops into a well formed, sweetly scented, large, double, sunflower-yellow.

2-45 — Mme. Joseph Perraud. Pointed nasturtium-orange buds open to nasturtium-buff, straying to lovely shade of shell-pink at the petal edge. Sweetly perfumed.

2-28 — K. A. Victoria. Large double, very fragrant white flowers; long, stiff stems.

2-43 — Mrs. P. S. Dupont. Long-pointed buds of reddish gold, opening to a semi-double, cupped fragrant flower of deep golden yellow.

2-64 — Paul Neyron. (Perpetual). Largest rose in cultivation. Bright rose-pink

2-36 — Picture. Flowers are very double, and open to velvety clear-rose pink with undertones of salmon. Strong and vigorous grower.

2-30 — Poinsettia. A rose of true Poinsettia color; indeed one of the most brilliant red roses ever produced. The buds are ideal in form, long and pointed, which open to a full petaled Rose. Bush is sturdy and hardy. Awarded a Certificate of Merit by American Rose Society.

2-69 — Pres. Hoover. Multi-colored. Large flowers of scarlet, yellow, cerise, pink and flame.

2-76 — Rouge Mallerin. The pointed buds of brilliant red open to 3½ inch blooms of glowing scarlet, the deep pile on the petals making them look like rich scarlet velvet. Rich old Damask perfume.

2-77 — Red Radiance. Large, globular flowers of an even, clear red.

2-63 — Signora. Long-pointed, orange-red buds open into large, double, fragrant, orange-apricot, turning apricot suffused gold flowers. Large glossy foliage. Vigorous.

2-70 — Soeur Therese. Chrome-yellow pointed buds, heavily marked with carmine, open to a rich, daffodil-yellow. Sweetbriar fragrance.

2-47 — Talisman. Its brilliant orange-red buds open to large, fragrant, high-pointed blooms of glowing golden yellow stained with copper-red and orange-rose on inside of petals. As petals unfold, they become bright apricot-gold, deep rose-pink, or old rose.

2-56 — The Doctor. Long-pointed buds of sparkling pink, open to large flowers 5 to 6 inches across, of satiny, silvery pink.

2-52 — Yellow Condesa. Buttercup yellow. This fragrant rose will be a joy to even the amateur gardener.

Four Outstanding Everblooming HYBRID TEA ROSES

The "Elite" of the Rose Family!

2-51 — GOOD NEWS. This is a 60-petaled peach-toned beauty whose blooms open from coppery pink buds. It's a big Rose, and it comes in clusters on erect stems. All summer long, the bush bears them in abundance. The glowing centers which tone to shell-pink on the outer petals are perfectly entrancing. Add the delightful fragrance to all these virtues and you have a splendid, all-around Rose with a good deal of quality. **Price: \$1.10 each; 3 for \$3.00.**

2-33 — CRIMSON GLORY. The beautiful, flaring, urn-shaped buds open into magnificent flowers of velvety crimson with black and maroon shadings. The richly perfumed bloom seems to glow like an ember when light is reflected from its velvety petals. A continuous succession of flowers. The best in its color class. **Price \$1.10 each; 3 for \$3.00.**

2-48 — ECLIPSE. Spicily fragrant, exquisitely beautiful slender, urn-shaped buds of chrome yellow, are often more than two inches long. In our opinion no rose garden worthy of the name is complete without this variety. **Price: \$1.10 each; 3 for \$3.00.**

2-42 — KONIGN LOUISE. Beautiful ivory-white buds, about as perfect as any you will ever find, open to large, fully double globular flowers of milk-white. **Price: \$1.10 each; 3 for \$3.00.**

Sub-Zero ROSES

Easy to Grow — Long to Live — Save
REPLACEMENT EXPENSE

These are the famous Brownell Sub-Zero Roses — a New Race of hardiness previously unknown in Roses. They are more vigorous, can live many times longer, are easier to grow, bloom more abundantly and more consistently, and their size, form and color compare with the best of the common Roses. Why? Because they are bred back to hardy species. They are super-hardy roses that absolutely won't kill out even in temperatures that dip 25 degrees below zero. The technical meaning of our "Sub-Zero" is wood safe to about 15 degrees below zero unprotected; hilled up with a little clean dirt 25 degrees below and colder; well hilled up about 95% safe at 50 degrees below. Because they are so hardy we guarantee them unconditionally to live through one year without winter killing. Best of all they are free blooming, and the flowers last a long time. We are offering this unique strain of roses in 5 varieties of Hybrid Tea Bush Roses as follows:

Handsome Red. This new variety has its own wonderful velvety sheen of glowing, brilliant red. So many garden visitors have exclaimed: "That is the most beautiful red Rose I have ever seen." Probably the most brilliant fully double Red Rose.

2-192 — Orange Ruffles. One of the most beautiful Roses of all time. A gorgeous new color of orange never before found in Rose. It is luminous like glowing sunshine in the rain. Large flowers most singly on stems constantly in great abundance. As many as 50 petals gracefully warped, curled, frilled and ruffled, artfully shading from Capricorn Orange through Saturn to Saffron yellow. No black spot.

Pink Princess. Bud deep pink, blooms slightly lighter, very popular, famous as the first Hybrid Tea free from premature defoliation; very double; no blackspot.

2-193 — Helen Hayes. The newest introduction. Has semi-double, luminous peaches and cream colored blooms, which are produced on a background of outstanding glossy foliage. Bush is practically free from thorns. **Price: \$2.50 each; 3 for \$6.00. THIS VARIETY NOT INCLUDED IN BARGAIN No. 33.**

2-196 — Yellow Ruffles. A new Rose the same as Orange Ruffles except color is a beautiful fade-resistant yellow. Probably the only gorgeous Yellow Hybrid Tea Rose non-susceptible to blackspot.

PRICE: All varieties listed, \$1.85 each; 3 for \$5.00. Net, no further discount.

Multi-Purpose ROSE and Flower Garden Dust

The most effective plant protection known
— Ackerman's ORTHO Rose Dust.

• May be used as a dust or as a spray

Contains the most effective fungicide and insecticides to make the finest multi-purpose Rose and Flower garden dust or wettable powder on the market, for the control of most insects such as Aphids, Japanese Beetles, Thrips, certain Caterpillars, Lacebugs, Rose Weevils, Red Spider Mites; and plant diseases, such as Black Spot, Powdery Mildew, Leaf Spot and Rust. Can be used as a spray as well as a dust. Packaged in handy plastic squeeze duster, and this duster can be refilled.

ACKERMAN NURSERIES

Plant Climbing Roses

Have Hundreds of Blooms in a Limited Space

Climbing
Talisman

New Dawn

2-180 — BLAZE. This hardy scarlet climber is a cross between Paul's Scarlet and Gruss an Teplitz. Blaze is seldom out of bloom; a generous display of bloom in June; and each succeeding year, as the plants become firmly established, the sturdy canes of "old wood" bring the ever-blooming characteristics to the fore. Large clusters of blazing scarlet flowers. **Price: \$1.00 each; 3 for \$2.75.**

2-58 — CORAL PILLAR. A Pillar Rose of outstanding beauty. Rich coral-apricot blooms are borne heavily in early summer followed by repeat blooms all through the summer. Plant is a hardy vigorous grower and for trellis work up to 15 ft. in height. Buds open slowly and may be cut for bouquets. **Price: \$1.10 each; 3 for \$2.95.**

2-73 — NEW DAWN. This climber blooms almost constantly from early summer on through the fall. Silvery pink in color, the flowers are borne on long stems and are Tea Rose in size and form. Ideal for cutting. Hardy and sure to please. **Price: \$1.10 each; 3 for \$2.95.**

2-169 — GOLD RUSH. Large golden blooms are produced almost constantly from spring until fall freezes. Buds are excellent for cutting and are freely borne. **Price: \$1.10 each; 3 for \$2.95.**

2-65 — WHITE DAWN. The same as the New Dawn, but a magnificent pure white climber which is everblooming. Rapid growing and not stingy with blooms. Hardy. **Price: \$1.10 each; 3 for \$2.95.**

2-59 — CRIMSON GLORY. Magnificent flowers of velvety crimson with black and maroon shadings produced in abundance in early summer followed by repeat blooms all through the season. **Price: \$1.10 each; 3 for \$2.95.**

2-80 — Talisman. The climbing form of the well known variety described on page 32. **Price: \$1.00 each; 3 for \$2.75.**

Everblooming Baby Polyanthas

These are especially fine for solid beds and for borders. Ideal for cemetery planting because they are so easy to grow and bloom so freely. Constantly in bloom from early summer until freezing. Very hardy, growing everywhere and requiring very little care. We are offering

4 varieties of Polyantha and 2 varieties of Floribunda, as follows:

RED RIPPLES. The tallest red Floribunda and one of the best. Bright Christmas red in both bud and bloom. Free blooming and long lasting. Grows 3½ ft. or more. **Price: \$1.00 each; 3 for \$2.75.**

FLORADORA. A Floribunda of brilliant cinnabar-red, carried in sprays of from 6 to 12. Constantly in bloom. Fully double flower. 2½ to 3 ft. **Price: \$1.00 each; 3 for \$2.75.**

GOLDEN SALMON. Large clusters of bright salmon-orange. Grows 20 inches tall. **Price: \$1.00 each; 3 for \$2.75.**

KATHERINE ZEIMET. Large clusters of clear white; fully double. 27 in. **Price: \$1.00 each; 3 for \$2.75.**

ORLEANS. Masses of rich pink blooms all summer long. Grows 20 inches tall. **Price: \$1.00 each; 3 for \$2.75.**

YELLOW POULSEN. Graceful sprays of beautiful yellow. 20 in. **Price: \$1.00 each; 3 for \$2.75.**

UNUSUAL SHADE TREES

← SILVER QUEEN MAPLE

• SEEDLESS • VERY HARDY • GROWS ANYWHERE

A sensational New Hybrid Silver Maple which has everything and is fast growing! As you know, the Silver Maple has been an excellent fast growing shade tree for many years; its only fault was the production and shedding of seed pods that were such a nuisance. In this new Silver Queen Maple we are offering you a tree that has been hybridized and developed into a wonderful fast growing, seedless tree, that is hardy, and will grow anywhere. The Silver Queen is drought-resistant, and adaptable to a wide range of soils; it is a beautiful shade tree with interesting cut leaf type foliage and is pyramidal in growth habit. No need to wait years for shade — the rapid growth of Silver Queen will provide lots of shade in a short time.

PRICE	Each	2	4
2-Yr., 4-5 ft. trees	\$2.75	\$5.25	\$10.00
2-Yr., 5-6 ft. trees	3.75	7.25	14.00

DAWN REDWOOD

(Metasequoia Glyptostroboides) →

A MOST UNUSUAL TREE

Although fossils in Nevada show that this tree existed in No. America a great many years ago, it was just recently re-introduced in America from a remote village in central China. The tree grows in open or half shaded locations, but seems to thrive when planted along streams or close to abundant water supply. It is hardy throughout the country, and seems to have no special soil preference. The foliage is deciduous, bright apple-green, and about one half inch long. It is a cone-bearing tree, resembling the Bald Cypress. Cones are freely produced on 8 or 10 year-old trees, globose, mostly about one inch across. Tree is more or less Pyramidal in shape. Not an evergreen. They are very rapid growing . . . a 7-year-old specimen tree in Mass. is already 20 feet tall. A valuable new introduction.

PRICE: 12 to 18 inch tree, \$3.00 each; 2 for \$5.50.

BARGAIN NO. 12

1 Silver Queen Maple, 4 to 5 ft. **\$3.75**
1 Linden Tree, 3-4 ft.

A \$5.10 Value, **Not, not**
A Saving of \$1.35! **prepaid**

HARLEQUIN VARIGATED MAPLE

In our opinion, Harlequin is the most beautiful shade tree in existence today. It is a Norway Maple with a variegated leaf. Quite a sensation with its leaves that are green in the center with a beautiful ivory edging. The symmetrical, round top makes it a beauty, and it grows to about 30 ft. Can be grown anywhere that Norway Maple can.

PRICE: 4-5 ft. trees, \$3.95 ea.; 2 for \$7.50.

STATELY SYCAMORE

(Platanus occidentalis). American Plane Tree. The ruggedness of this stately tree make it particularly adapted to use as a street and park tree. Very picturesque with its smooth, almost white bark when developed, with its strong branches covered with large, glossy green leaves. Hardy, and disease-resistant. Attains a height of 75-100 ft.

PRICE: 2-Yr., 4 to 5 ft. trees, \$1.85 each; 2 for \$3.50; 4 for \$6.50.

SWEET SCENTED LINDEN

(Tilia Cordata). Littleleaf European Linden. A compact, upright pyramidal growing tree, splendid for street planting. Foliage is very dark green above and lighter beneath, broad and heart shaped. Flowers are white, and are so sweet scented, their fragrance may be detected a block away. Attains a height of 75-90 ft. Hardy. An excellent shade and street tree. PRICE: 2-Yr., 3-4 ft. trees, \$2.35 each; 2 for \$4.50.

Sweet Scented Linden

ORNAMENTAL TREES

Clump Birch

Chinese Elm

Pin Oak

3-214 — **BIRCH, Cut-Leaf Weeping.** A tall slender type of tree of vigorous growth, with graceful, drooping branches, silvery white bark and delicately cut foliage. 2-Yr., 4-5 ft. trees, \$3.25 each; 2 for \$6.25.

3-213 — **BIRCH, American White.** A large, vigorous, upright tree with broad, handsome leaves and brilliant white bark. (Note the bark of young trees has a reddish cast, which disappears within a year or two from planting.) 2-Yr., 3-4 ft. trees, \$1.75 each; 2 for \$3.00. 5-6 ft. trees, \$2.50 each; 2 for \$4.50. King size, 6-8 ft. trees, \$3.85 each; 2 for \$7.00.

3-227 — **BIRCH, Clump Form.** Same strain as American White, but produce two or more trunks from one root. Bark white on mature trees. An outstanding tree for your yard. 2-Yr., 3-4 ft. trees, \$2.95 each; 2 for \$5.75. 4-5 ft. trees, \$3.85 each; 2 for \$7.00.

3-201 — **ELM, CHINESE.** (*Ulmus Pumila*). Very rapid grower. Will give ample shade in only 5 to 6 years. Dense, dark green foliage. First to leaf out in the spring. Very hardy. 3-Yr., 6-8 ft. trees, \$2.25 each; 2 for \$4.00.

3-228 — **LOCUST, Moraine.** (Plant Pat. No. 836). America's Great New Shade Tree that is Thornless, Seedless, Fast Growing, Long Lived, and one which will grow anywhere. It is a round headed tree when young but tall and vase-shaped when older. Mature trees are 80 to 100 feet in height with lower branches high enough to clear any ranch-type house. The finely cut foliage allows enough light to filter through to promote excellent growth of lawns, yet provides shade dense enough to discourage growth of crabgrass. Very little pruning is needed as the lower limbs self prune as the tree grows. As it is sterile, there are no unsightly seed pods to clutter up the lawn. Tests show this new tree to grow more rapidly than either Silver Maple or Chinese Elm. It withstands drought, heat and cold. Excellent for either lawn or street planting. Fine, 5 to 6 ft., BRANCHED TREES, \$5.50 each; 2 for \$10.00. Net, not subject to a discount.

3-223 — **MAPLE, SILVER.** Very hardy, rapid growing tree. Their irregular growing leaves are a silvery green, turning to yellow and bronze in the fall. 2-Yr., 5-6 ft. trees, \$1.35 each; 3 for \$3.75. 3-Yr., 6-8 ft. trees, \$2.45 each; 2 for \$4.50.

LOMBARDY POPLAR. Tall, slender growing tree, appearing as tall sentinels at a distance. Dark green leaves, lighter shade on under side. Ideal for screening, windbreaks and back-grounds. Grow very rapidly. 2-Yr., 5-6 ft. trees, \$1.45 each; 3 for \$3.95; 10 for \$8.50. 3-Yr., 6-8 ft. trees, \$1.85 each; 3 for \$5.25.

PIN OAK. One of the best of all Oaks — a noble and attractive shade tree. One of the fastest growing of the Oak family. Develops into a handsome, tall, branching pyramid with drooping branches as it matures. Has beautiful, rich green, carved foliage turning into gay orange and red coloring in fall. Very long lived and hardy. 40 to 50 feet at maturity. PRICE: 3-4 ft. trees, \$1.95 each; 2 for \$3.75.

3-203 — **WILLOW, WISCONSIN WEEPING.** (*Salix blanda*). A graceful tree of large size. Its long, fine leaves on slender branches are a fresh, bright green tint. Rapid growers. 2-Yr., 4-5 ft. trees, \$1.10 each; 3 for \$3.00; 10 for \$9.50. 5-6 ft. trees, \$1.50 each; 2 for \$2.85; 5 for \$6.45.

Acid Loving

SHRUBS

OF GREAT BEAUTY

BARGAIN NO. 36

1 American Holly, 4-Yr.
1 Azalea Mollis, 6-8 in.
1 Rhododendron,
6-9 in.

A Saving
of \$1.15

\$3.50

Net, not
prepaid

BROADLEAF EVERGREENS and ACID LOVING SHRUBS, such as Azalea, Daphne, Rhododendrons, Blue Hydrangea, Mountain Laurel, and Holly, grow best in an acid soil. This condition can be induced by application of aluminum sulphate, one-half to one pound, or sulphate of ammonia, one to three pounds, or Acid Peat, sprinkled evenly over a square yard of surface and spaded in.

MOUNTAIN LAUREL

3-451 — (*Kalmia latifolia*). Of the Rhododendron family, with dense glossy foliage, with clusters of delightful pink flowers in May and June. Bushy, shapely plant about 6 to 7 ft. at maturity. Lovely when planted as a border. Thrives in full sunlight or shade. Fine, 12-15 in. peat-balled shrubs, \$3.50 each; 2 for \$6.50.

FIRETHORN

(*Pyracantha Lalandi*). There is no other fruiting Evergreen shrub that is so attractive throughout the year as this Firethorn. Attractive bright green foliage, which stays on all winter. Has large trusses of white flowers in the summer, followed by brilliant orange-scarlet berries, which persist all winter. Ideal for a colorful Evergreen hedge. Price: Fine 15-18 in. shrubs, out of 4 in. pots, \$2.00 each; 2 for \$3.75.

American Holly

AMERICAN HOLLY

1-49 — (*Ilex Opaca*.) An evergreen tree which has been acclimated to northern states. A moderate grower with spreading, short branches tapering upwards to a narrow head. Broad, oak-like shiny evergreen leaves with spiny teeth. Bush is covered with red berries in fall, which remain on the branches nearly all winter. Will average about 50% male and female, but no sex can be guaranteed. Price: Well developed, field-grown, heavy, bushy. Specimen, 5-Yr. shrubs, \$3.00 each; 2 for \$5.75.

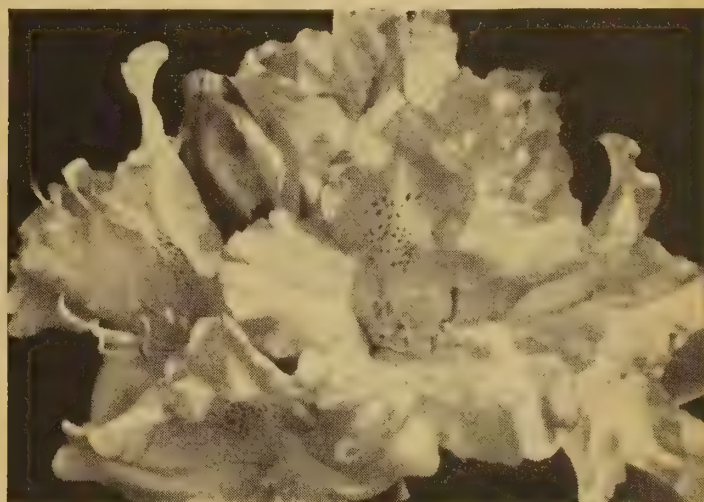

Firethorn

Hardy Azalea

HARDY AZALEA MOLLIS

2-171 — Strikingly beautiful — a mass of color during May. For brilliant coloring, profusion of bloom and various uses, there are few, if any shrubs that can rival the Azalea. Hardy. The Azalea Mollis, in our estimation, is the best and easiest to grow of all the Azalea. These are offered in the new hybrid strains; hence no color guarantee, but they will vary from yellow, through orange, flame and red. Grows 3 feet high, and do well in both sunny and partially shaded locations. Lives through our Northern winters without protection. Nice 6-8 in. plants, \$1.25 each; 2 for \$2.25. 9-12 in. plants, WITH BUDS, \$1.95 each; 2 for \$3.60.

Rhododendron

RHODODENDRON HYBRIDS

2-106 — Rhododendrons have long been considered one of the most striking shrubs. These hardy hybrids will solve your problem for shady locations as it will grow and do well without much sunlight. Foliage is large, rich, glossy green and stays that way the year around. We cannot guarantee color of bloom, since these are Hybrids, but shadings run from pink, through the lavender shades to deep rose. They prefer an acid soil. Nice, 6-9 inch bushes, \$1.15 each; 2 for \$2.00. 9-12 inch shrubs, \$1.75 each; 2 for \$3.00.

Beautiful ORNAMENTAL SHRUBS

FOR LASTING BEAUTY

FRENCH LILACS

Until you have seen these Hybrid Lilacs, you cannot realize how beautiful they are. Immense flower panicles with single to double florets. They are perfectly hardy. Bloom quickest of all Lilacs, blooming very young—generally the next year after planting. Will not sucker. Carefully budded on hardy understocks. We offer these splendid Lilacs in five colors:

2-163 — Blue. 2-162 — Pink. 2-161 — Purple. 2-160 — Red. 2-164 — White.

PRICE: 2-Yr., 18-24 in. shrubs, \$1.25 each; 3 for \$3.25.

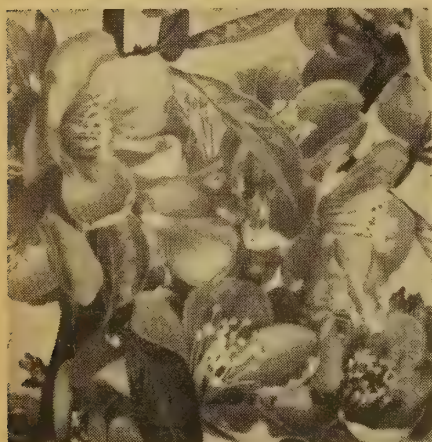

SPECIMEN SHRUBS (In Purple and red only) \$1.95 each; 3 for \$5.60.

3-N-1 Althea

Summer Glow Tamarix

Red Japan Quince

3-N-1 ALTHEA

3 Colors on One Bush! Red, White and Blue — National Colors Offered In A Living Shrub! Patriotic Flags and Banners soon fade and are forgotten, but this "Patriotic Shrub" lives on for years and Years. Hardy. Bloom from early August on into September. 2-Yr., 2-3 ft. shrubs, ready to bloom, \$1.95 each; 2 for \$3.50.

ABELIA GRANDIFLORA (Glossy Arbutus)

2-111 — Dainty, bell-shaped, white and pink flowers from early spring until frost. Shiny, practically evergreen leaves look as though they had been waxed. In cold climates, suggest planting in protected area. About 5 feet at maturity. 2-Yr., 18-24 in. shrubs, \$1.25 each; 3 for \$3.50.

New Everblooming TAMARIX

(Summer Glow). 2-107 — A new variety, by far the best. Thrives in sun or shade and in any type soil. The silvery blue feathery foliage gives a charming lacy loveliness. The attractive wine-red flowers are produced all summer. Grows 10 to 12 feet tall, but can be pruned to a lower height. Hardy. Excellent for screen or background plantings. Price: 18-24 inch shrubs, 85c each; 3 for \$2.35.

RED JAPAN QUINCE

2-123 — The Red Firebush! Very early in the spring, this fine, attractive shrub is completely covered with dazzling, scarlet flowers, followed by small, fragrant, quince-shaped fruits. Foliage dark, glossy green. Very desirable for single specimens, also for hedges. Grows 5 to 7 feet tall. 2-Yr., 18-24 in. shrubs, 95c each; 3 for \$2.70.

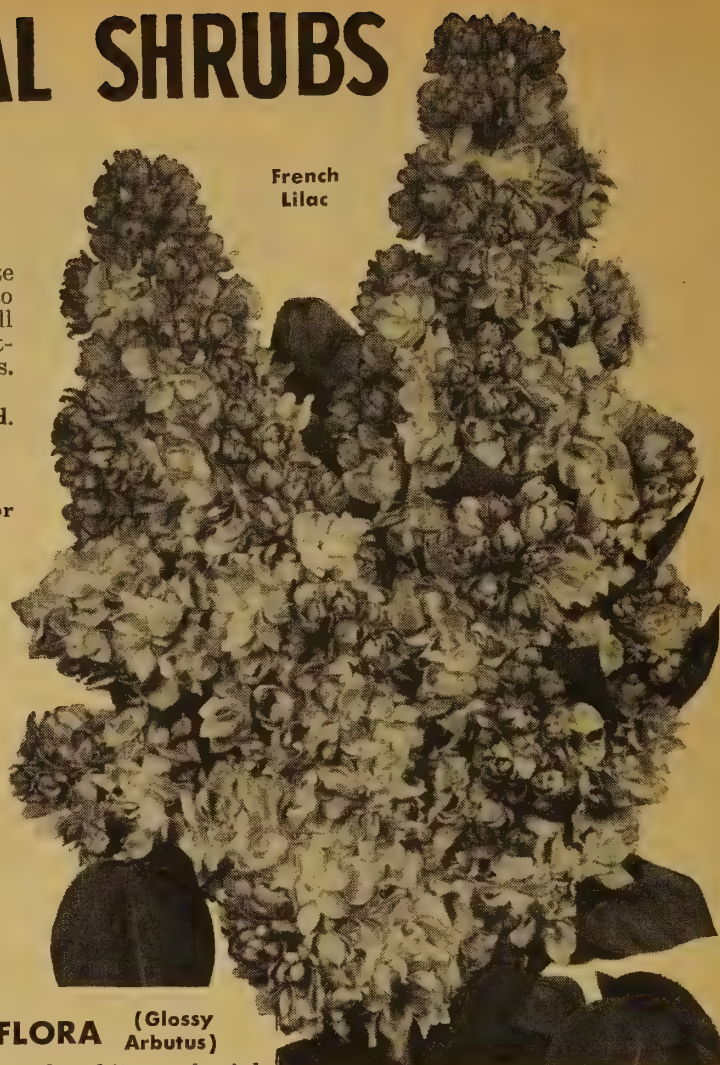

BEAUTY BUSH

2.96 — (Kolkwitzia Amabilis). Covered early in May with the utmost profusion of small, bell-shaped, clear pink flowers with brownish spots and veins. The tiny rose-colored buds are fascinating, hooded with fuzzy jackets which remain to decorate the seed pods. Graceful the year round and perfectly hardy. 2-Yr., 18-24 in. shrubs, 95c each; 3 for \$2.70.

BARGAIN NO. 37

French Lilac

Abelia Grandiflora

Beauty Bush

Rare & Colorful Shrubs

"Chartreuse" Shrub

FERN LEAF EUONYMUS

2-86—(*Euonymus Turkestanica*). We believe this is one of the most rare yet beautiful shrub known. It has been growing in Morden, Manitoba Canada for many years, which means it is perfectly hardy. The foliage stays on all year, changing from rich green to bronze-purple in late fall. In late summer, the seed pods color bright pink which gradually open showing the bright orange red fruits. Grow 4 to 6 feet tall, and thrive in full sun or partial shade. Ideal for individual specimens or can be used in the shrub border or foundation plantings. 3-Yr., 15-18 in. shrubs, \$1.25 each; 2 for \$2.40.

Fern Leaf Euonymus

"CHARTREUSE" SHRUB

(*Ligustrum Vicari*). Just The Shrub for that Extra Bit of Color for your Landscape. Bright yellow foliage makes it a fine specimen alone or as a color accent in the shrub border. Sophisticated, beautifully different. Grows to a height of 4 to 6 feet, but can be trimmed to any desired height. Makes a handsome, luxuriant hedge, as well as a specimen shrub. Hardy. 2-Yr., 15-18 inch shrubs, \$1.50 each; 3 for \$3.75.

"ROSE GOLD" PUSSY WILLOW

1-56—(*Salix gracilistyla*). Those of you who have enjoyed the common Pussy Willow, will more than thrill over this one! Breaks out in late February or early March with hundreds of the largest silvery catkins you can imagine, which progress through a fascinating series of color changes. At first silvery-gray, then turn silvery pink, then rosy pink dotted with hundreds of bright yellow stamens, finally becoming nearly solid gold. 5 to 6 ft. at maturity. Hardy. 2-Yr., 18-24 in. shrubs, \$1.00 each; 3 for \$2.75.

"Rose Gold" Pussy Willow

PINK FLOWERING ALMOND

2-119 — The shrub is a cloud of tiny rose-like blooms before leaves appear. Early spring-flowering shrub. Growth dwarf and bushy, compact with slender branches. Flowers are a rosy-pink, generally fully double, set close to the wandlike branches. Very hardy. 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$3.00.

Pink Flowering Almond

EUONYMUS (*Alatus Compactus*)

Dwarf Corkbark Shrub

1-48 — A shrub of unusual bark formation — heavily ridged branches which resemble layers of cork. Yellow flowers in May-June followed by red fruits. Foliage is especially fine in autumn when it turns to brilliant coppery-crimson tinged rose. Thrives in partial shade or full sun. Perfectly hardy, makes a compact, bushy plant 4 to 5 feet tall and just as wide. Not particular as to soil. 2-Yr., 18-24 in. shrub, \$1.50 each; 2 for \$2.85.

← CHOICE BUDDLEIAS

For delicate coloring, for their long blooming period, for hardiness and general dependability, these beautiful Buddleias described below are unexcelled. Not only are the blooms exquisite, but they will attract the most colorful butterflies. Hardy, producing bushy plants of 4 to 5 ft.

2-109 — **Empire Blue.** Gorgeous sprays of very finest blue, from midsummer until late fall.

2-95 — **Pink Charming.** Elegant, long sprays of beautiful pink, often 12-15 inches long.

2-101 — **Burgundy.** Rich dark royal purple. Large sprays 2 feet in length. New variety of Merit.

2-118 — **White Profusion.** Huge spikes of fully rounded-out bloom of glistening white. Excellent for cutting.

PRICE: All Varieties of Buddleias, strong plants, \$1.00 each; 3 for \$2.75.

"Royal" Smoke Tree

MAHONIA AQUIFOLIUM

(Oregon Grapeholly.) An ornate little evergreen shrub. Fine for interior decorative purposes. Leaves are holly-like and bright green. Has long clusters of bright golden yellow flowers in the spring, followed by bunches of bright blue, grape-like berries. One of the hardiest of the broad-leaves evergreens. Attractive foliage, flower and fruit. One-year transplants, 95c each; 3 for \$2.65.

BARGAIN NO. 39

- 1 Everblooming Pink Spirea
- 1 Mahonia
- 1 Red Crape Myrtle

(In sizes offered above)

OUTSTANDING SHRUBS of UNUSUAL BEAUTY

New "ROYAL-PURPLE" SMOKE TREE

(*Rhus Cotinus rubrifolius*). A rare grafted variety direct from Holland. Like the regular Smoke Tree in growth and form, except it has large, shiny metallic purplish-black foliage all season, with deeper rosy colored plumes. Supply is very limited. Hardy everywhere. Fine, 18-in. shrubs, \$1.75 each; 2 for \$3.25.

SILVER-VARIEGATED DOGWOOD

(*Cornus Alba Elegantissima*). One of the finest Dogwoods grown, although one of the scarcest shrubs among Nurserymen today. Branches have beautiful purplish red bark and foliage is most strikingly variegated. The color contrast in the shrub border creates a delightful effect. Reaches only 4 to 5 ft. in height, but may be easily held to any desired size by trimming. Price: 18-24 in. shrubs, \$1.00 each; 3 for \$2.75.

RED CRAPE MYRTLE

This plant, which is much a part of Southern Beauty, is now available in hardy form for those of us in more northern climates. Habits similar to Buddleia, as it dies down to the ground each winter in the North, but throws up new shoots each spring, and flowers in the summer. The flowers are a beautiful watermelon-red. Price: 2-Yr., 18-24 in. shrubs, 95c each; 3 for \$2.65.

Silver-Variegated Dogwood

Red Crape Myrtle

EVERBLOOMING LILAC

(*Syringa microphylla*). A rare new shrub introduced from China by the Arnold Arboretum. It has the unique habit of blooming a second time in the autumn and often stray blossoms throughout the summer. Quantities of lilac-pink blossoms in early spring. 2-Yr., 18-24 in. shrubs, \$1.50 each; 3 for \$4.25.

EVERBLOOMING PINK SPIREA

(*Spiraea macrothyrsa*.) The finest Spirea ever introduced. Enormous spikes of cameo-pink flowers up to 12 inches long on stems up to four feet long. Will bloom all summer if flowers are kept cut. Hardy. Grows in ordinary soil, and can stand a little shade. Excellent foliage; no pests. Strong, 2-Yr., 18 to 24 inch shrubs, \$1.10 each; 3 for \$3.00.

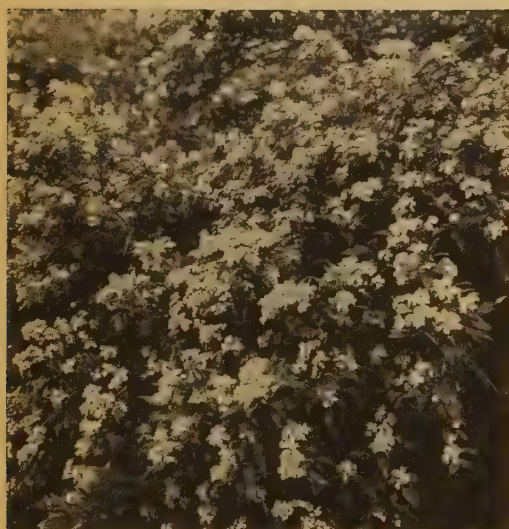

Everblooming Lilac

ALL OF ABOVE SHRUBS WILL CREATE A SENSATION

Viburnum Carlesi

Cardinal Shrub

Kerria Japonica, Flora Plena

Persian Purple Lilac

Hypericum

Dwarf Forsythia "ARNOLD"

Forsythia Lynwood Gold

Exquisite BEAUTIES

VIBURNUM CARLESI

(The Pink Snowball). Produces delicate, spice-scented flowers in May and June. The buds are pink, opening into clusters of pure white. The large flowers preserve their form and purity of color an unusually long time. Bush is low growing and of rounded form. Fine 2-Yr. 18-24 in., \$2.00 each; 2 for \$3.85.

CARDINAL SHRUB

(Weigela Vanicek). One of the most beautiful red Weigelas grown—flowers throughout summer and fall. Color of bloom is soft ruby-red shading to garnet-crimson. Attains a height of 6-7 ft.; requires very little pruning because it flowers well from old wood. Hardier and more vigorous than other Weigelas. 2-Yr., 18-24 in. shrubs, \$1.10 each; 2 for \$1.65.

"POT O' GOLD" SHRUB

(Hypericum Kalmianum). Produces handsome bright yellow, single flowers to 1 inch in diameter, in such profusion during August that this round bush truly has the appearance of a Pot o' Gold. A low compact shrub of neat habit... about 3 feet at maturity. Use it along with your evergreens as a specimen foundation plant, or plant as specimen groups. Its bluish-green foliage make it attractive even when not in bloom. 2-Yr., 18-24 in. shrubs, \$1.25 each; 2 for \$2.25.

DWARF FORSYTHIA "ARNOLD"

Now something new in the ever exciting Forsythia family — a true dwarf type which does not attain more than 2 to 3 ft. in height. This dwarf Forsythia resembles the Spectabilis because it is the first shrub to bloom in early spring. Its bright yellow flowers on these low-growing bushes light up your border planting or specimen planting in your yard. Hardy, easy to grow, thrives in ordinary soil, sun or partial shade. Suitable for foundation planting. Fine, 18-24 in., \$2.00 each; 2 for \$3.85.

LILAC, PERSIAN PURPLE

A shrub with slender arching branches, attaining a height of 8 to 10 ft. The foliage is small, the flowers bright orchid-purple. Blooms in May and June. A much more profuse bloomer than the common, and does not sprout so much from the roots. 2-Yr., 18-24 in. shrubs, 80c each; 3 for \$2.25.

KERRIA JAPONICA (Flora Plena)

1-50 — A slender branched shrub of great beauty. The flowers are orange-yellow, very double, having the appearance of little roses. Blooms in June, with enough flowers throughout the summer to make a pretty display. Matures to 8 feet. Hardy, splendid for foundation plantings, for massing and individual specimens. 2-Yr., 18-24 in. shrubs, 90c each; 3 for \$2.50.

FORSYTHIA (Lynwood Gold)

A New large-flowering Forsythia which was originated in Ireland. Golden yellow flowers are produced from top to bottom on the erect branches, and in much greater profusion than most Forsythia. The individual blooms are better and fuller in form as well as of greater substance than most varieties. Mature to a height of 5 to 7 ft. An excellent companion for Spring Glory. 2-Yr., 18-24 in. shrubs, \$1.10 each; 3 for \$3.00.

RECIPE FOR MORE BIRDS

ANY SHRUB ON THIS PAGE

75c each; 3 for \$2.10

(Except as noted after description)

2-81 — TARTARIAN HONEYSUCKLE. Tiny trumpet-shaped flowers in late May, followed by red berries in late summer and fall. Bushy, upright. Grows 8 to 10 ft. high. Berries of these shrubs are known to be eaten by 118 kinds of birds. We offer this shrub in **PINK** and **WHITE**. Specify color. 18-24 in. 75c. King size 2-3 ft. \$1.25 each.

AMERICAN BEAUTYBERRY. A native, large-leaved shrub, which blooms during August with small auxiliary clusters of pink flowers; these are followed by conspicuous violet-colored berries. If top should freeze, young shoots will come up and flower and fruit next season. Berries delight 36 varieties of birds.

2-138 — REDTWIG DOGWOOD. One of the best native shrubs; free flowering; very handsome when in bloom, and with its white berries on red stems in the fall. Grows compactly, 6 to 10 feet in height. 93 kinds of birds eat the fruit of this Dogwood. 18-24 in. 75c each; King size 2-3 ft. \$1.25 each.

2-129 — WHITE SNOWBERRY. A desirable shrub with small, pink flowers, followed by large, white, wax-like berries which hang on the plant through most of the winter. Is very showy and succeeds everywhere. Does well in shade. Grows 3 to 4 feet tall. Untold numbers of birds enjoy the berries of this shrub.

2-137 — RED SNOWBERRY. Often called Coralberry or Indian Currant. Similar to White Snowberry but with red berries. 53 species of birds feed on these berries. 18-24 in. 75c each; King size, 2-3 ft. \$1.25 each.

2-120 — HANSEN'S BUSH CHERRY. An ornamental shrub producing delicious fruit! Snow-white flowers in early spring, followed by fruit as large as any sweet cherry, but plum-shaped; good flavor — delicious to eat from the bush, fine for sauce, jams and jellies. Very hardy — grows 4 to 5 feet tall. Enjoyed by 118 kinds of birds.

2-140 — RUSSIAN OLIVE. Rugged, tree-like shrub, growing 10 to 12 feet high. Foliage is a beautiful silver-gray, contrasting sharply with other shrubs. Flowers are deep golden and very fragrant, followed by ornamental yellowish-brown fruits with silver scales. Highly recommended for tall hedges to hide undesirable views.

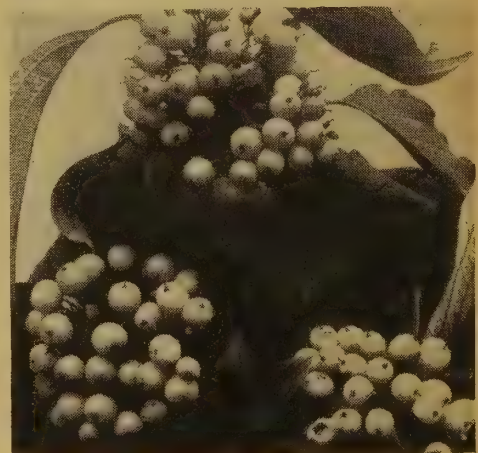

Russian Olive

The Department of Agriculture estimates that insects do over a billion dollars' damage a year to our crops, while the value of birds in combating these insects is over 300 million dollars. Besides their value in destroying insects, many species help in keeping down weeds. Offer the birds board and lodging by planting berry producing shrubs, and you will have a host of willing helpers, working tirelessly for you throughout the whole year.

Insect-eating birds flock to farms where a side dish of brilliant shrubs and tree berries has been planted.

ANY SHRUB ON THIS PAGE

75c each; 3 for \$2.10

(Except as noted after description)

ALTHEA (Rose of Sharon). Beautiful tree-like shrub, blooming late in August and September with a profusion of large and brightly colored flowers. Grows 10 to 12 feet high. Attractive as a specimen or for hedges. All Double-flowering. Your choice of following colors: 2-113 — Pink. 2-114 — Red. 18-24 in. 75c; King size, 2-3 ft. \$1.25 each.

2-85 SMOKE TREE (Rhus Cotinus). Purple Fringe. Unique spreading, tree-like shrub with large leaves. Overhung to midsummer by cloud-like masses of mist-like flowers having the appearance of smoke. Foliage changes to a brilliant red and yellow in fall. Good as a single specimen, or with tall shrubs. Matures 8-10 ft. 15-18 in. shrub, 75c each. King size, \$1.25 each.

1-56 — HYPERICUM PROLIFICUM (Golden St. John's Wort). Beautifully formed, golden-yellow flowers with dozens and dozens of bright golden stamens in the center, appear from early summer until frost, covering the bush with a blanket of gold. Unusually bright, green foliage. Grows 3 to 4 ft. tall. 18-24 in. shrub.

2-136 — PURPLE LILAC. It is hard to outclass this old-fashioned purple Lilac. Early prolific bloomer, very fragrant. Very fast growers. 18-24 in. shrubs.

2-124 — FORSYTHIA SPECTABILIS. Masses of large, yellow flowers light up the garden in early spring, often before the snow is gone. Tall growers. 18-24 in. shrubs, 75c each. King size, 2-3 ft., \$1.25 each.

2-132 — MOCK ORANGE (Philadelphus Coronarius). Tall, Hardy and vigorous. Blooms in May, in graceful sprays of large white, fragrant flowers. Grows 8 to 10 feet tall. 18-24 in. shrubs.

2-91 — SPIREA BILLARDI. A distinct variety of the Spirea family. Long, lacy conical spikes of rose-pink flowers from June to August. Hardy, Matures 4 to 5 ft. Covered with beautiful, bright rose-pink bloom during the entire summer. 18-24 in. shrub.

2-93 — YELLOW WEIGELA (Diervilla Lutea). A very attractive and desirable shrub. An uncommon Weigela with pure yellow flowers. Foliage has a decided reddish cast during the summer, becoming more pronounced in the fall. 18-24 in. shrubs.

ZABELI RED HONEYSUCKLE. Very compact, erect, well-formed bush maturing to 7 feet. Produces red small trumpet-shaped blooms, which are followed by brilliant red fruits in late summer. Hardy. 18-24 in. shrub, 75c each. King size, 2-3 ft., \$1.25 each.

2-135 — SPIREA VAN HOUTTEI. The flowers are pure white, and borne in dense clusters along the whole length of the branches. Excellent as a hedge plant or for grouping. Well branched. 2-Yr., 18-24 in. shrubs, 38c each; 6 for \$1.95; 12 for \$3.60. 2-3 ft. shrubs, 60c each; 6 for \$3.30; 12 for \$6.00.

2-126 — ROSE-ACACIA (Moss Locust). Elegant shrub, with light green pinnate leaves, and long, graceful clusters of pea-shaped, rose-colored flowers in June and often later. An attractive addition to any planting. Grows to 5 feet at maturity. 18-24 in. shrub.

GOLDEN NINEBARK. (Golden Spirea). This is a very vigorous Spirea. Striking white, rather flat blooms, are very showy. The leaves of this variety are a golden yellow. After the flowering season is over, the flowers are followed with orange colored pea-pods. 18-24 in. shrub.

*Items
of Rare
Beauty*

that will be the envy of your neighbors

1-54 — SNOWFLAKE. (Double Flowering Philadelphus). A comparatively new Double Mock Orange which is hardier and more double than the Virginal. Large clusters of white flowers with golden stamens. Blooms freely in June and July, and occasionally thereafter. Attains a height of 5 to 6 ft. at maturity. Does well in sun or part shade. Single flowers on 1-year wood and double flowers on 2-year wood. Supply your own "Bridal bouquets" with these wonderful shrubs. **Price: 2-Yr., 18-24 in. shrub, 95c each; 3 for \$2.70. King Size, \$1.25 each.**

New AUREUS Philadelphus. (Golden Syringa). Its all-season golden yellow foliage always make this a "showy" shrub. Its pure white flowers have a fragrance which is delightful, more delicate, yet as penetrating in the garden as that of the Jasmine. Grows 4 to 5 ft. tall; not fussy about location — doing well in smoky or dusty places. Hardy and early blooming. **2-Yr., 18-24 in. shrubs, \$1.95 each; 2 for \$3.75.**

Double-Flowering DOGWOOD. (Cornus Florida alba plena). **2-92 —** Its very double, showy blooms appear 10 days later than those of the Cornus Florida; starts blooming at an early age. Flowers which are not unlike the Gardenia, are often 3½ inches across the outer petals. The large red berries hang on late in winter. One of the most beautiful of the Dogwoods. **2-Yr., 18-24 in. shrubs, \$2.75 each; 2 for \$5.25.**

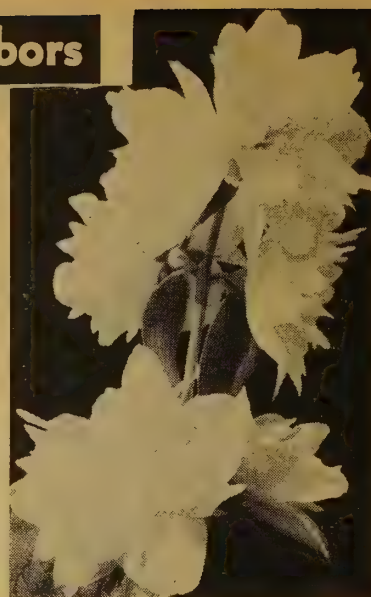

1-45 — DEUTZIA LEMOINEI. This is one of the beautiful hybrid Deutzias and it is particularly desirable as a specimen shrub because of its graceful habit and its profusion of bloom. It blooms about the middle of May, and the masses of white flowers, which are borne in thickly clustered panicles, are very showy and attractive. Seldom attains a height of more than 3 to 4 feet. **2-Yr., 18-24 in. shrub, \$1.10 each; 3 for \$3.00.**

2-139 — COTONEASTER DIVARICATA. The choicest of all varieties. Its deep, lustrous green foliage is nearly evergreen. Bush well formed and compact. Filled with dainty flowers in spring, followed later by bright red berries. Medium-tall, spreading habit. Produces pink blooms over a long period. Its bright green, waxy leaves turn a colorful red in the fall. **2-Yr., 18-24 in. shrub, \$1.00 each; 3 for \$2.75.**

1-55 — FORSYTHIA, "SPRING GLORY." When seen in bloom, it is a sight not easily forgotten. Its large, pale yellow flowers completely cover the branches in such masses that they literally bend with their weight—almost twice as many blooms as the common Forsythia. Very hardy. **2-Yr., 18-24 in. shrub, 90c each; 3 for \$2.50.**

2-164 — JUNE BERRY (Amelanchier Grandiflora). Long, pendulous white sprays of bloom with the first flowers of spring, before leaves are fully expanded. The unusual blooms are followed by fruit which is maroon-purple, and at the first glance has appearance of a blueberry. Very hardy. A delicacy for your birds as well as jam for yourself. Fine, 2-3 ft. shrubs, **\$1.15 each; 3 for \$3.10.**

2-122 — SNOWBALL. Common (Viburnum Opulus sterile). This well-known favorite, prized by every gardener. It is really one of the prettiest grown. It has immense globular clusters of flowers in May and June; grows 9 to 11 feet high. **2-Yr., 18-24 in. shrub, 95c each; 3 for \$2.70.**

Colorful-Inexpensive BEAUTIES

Calycanthus

Hydrangea A. G.

Spirea Anthony Waterer

2-100 — CALYCANTHUS. The sweet-scented Shrub or Strawberry Shrub; also called Chocolate Shrub and Carolina All-spice. Flowers very double, a brownish-purple in color, and deliciously fragrant. Blooms nearly all summer. Even the roots are very fragrant. Matures 8 to 10 ft. 2-Yr., 18-24 in. shrubs, 90c each; 3 for \$2.35.

2-97 — HYDRANGEA A. G. (Hills of Snow). Large, flat clusters of white bloom from June to September. The most hardy of the Hydrangeas and especially useful for shady places. Excellent for solid low border or in foundation planting. Very popular shrub. 2-Yr., 18-24 in. shrubs, 90c each; 3 for \$2.35.

2-94 — WITCH HAZEL (Hamamelis Vernalis). Flowers in the winter. In January, February and March great masses of orange and yellow bloom. Rarely exceeds 6 feet in height. Hardy, sweetly fragrant. An excellent shrub for border planting or individual specimens. 2-Yr., 18-24 in. shrubs, 90c each; 3 for \$2.35.

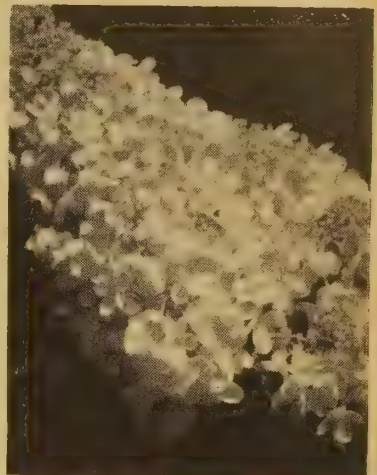

2-83 — SPIREA ANTHONY WATERER. A choice, low growing shrub, distinctive in style and form. A dwarf variety, growing 2 to 3 ft. tall. Produces large, flat clusters of reddish-pink flowers nearly all summer... don't be afraid to cut for colorful bouquets since pruning helps to continue the blossoming until frost. Handsome foliage. Hardy. 2-Yr., 18-24 in. shrubs, 95c each; 3 for \$2.70.

2-87 — AMERICAN CRANBERRY. Selected by the U.S. Dept. of Agriculture for their especially fine fruit characters. They produce large, showy masses of white flowers in June, followed by clusters of large brilliant red, edible berries in late September. Highly ornamental and attractive. 2-Yr., 18-24 in. shrubs, 90c each; 3 for \$2.35.

2-117 — OAK-LEAF HYDRANGEA (Quercifolia). Handsome 3-lobed leaves measuring 4 inches across, color to bright purplish red in autumn. Pyramidal white flower panicles measure 8 to 12 inches long. Blooms in July. Grows 4 to 5 feet tall. 2-Yr., 18-24 in. shrubs, 95c each; 3 for \$2.70.

2-103 — HYDRANGEA P. G. This lovely showy shrub produces in abundance during August and September, clusters of white flowers which gradually change to pink. Valuable for winter decoration if flowers are allowed to dry on bush. Useful for foundation planting or for massing in borders. Hardy, easy to grow and blooms first season planted. 2-Yr., 18-24 in. shrubs, 90c each; 3 for \$2.35. King Size \$1.25.

2-112 — CLETHRA ALNIFOLIA — Summersweet (Sweet Pepperbush). Their spicy, fragrant spikes of bloom are generally white, but often with a pinkish tinge; they start to bloom in July and continue until Sept. Grow 3 to 6 ft. tall. Leaves are a shining green, 2 to 3 in. long, toothed, and resemble those of the Alder. Do best in moist, acid soils. Hardy. Fine, 2-Yr. shrubs, \$1.65 each; 3 for \$4.50.

**Any Shrub on This Page (except French Lilac)
55c Each; 3 for \$1.50. All 1 to 1 1/2 ft. Shrubs**

French Lilacs. Lilacs with longer flower panicles. See page 38 for description. Can be supplied in Blue, pink, purple, red and white. Specify color wanted. Price: 75c each; 3 for \$2.00.

Althea. (Rose of Sharon) Beautiful tree-like shrub, blooming late in August and September with a profusion of double, rosette flowers. Grows 8 to 10 feet tall. Choice of Red or Pink.

Calycanthus. (Chocolate Shrub). The sweet-scented shrub, with aromatic leaves and roots. Flowers are double, brownish-purple in color. Blooms nearly all summer. Matures 8 to 10 ft. Hardy.

Cotoneaster Divaricata. Dainty pink flowers early in the spring, followed by bright red berries. Bright, waxy green leaves turn a colorful red in Fall.

Hydrangea P. G. Flower panicles 6 to 10 inches long and almost as wide of pure white during August, which gradually change to pink in Sept. Grows 4 to 5 ft. tall. Hardy, and blooms first season.

Forsythia Spectabilis. Masses of large, yellow flowers light up the garden in early spring, often before snow is gone. 8-10 ft. at maturity.

Weigela Rosea. Beautiful pink, trumpet-shaped flowers, May to June. Grows 5 to 6 feet tall. A easy variety to grow. Very hardy.

Smoke Tree. (Purple Fringe). Unique spreading, tree-like shrub with large leaves. Overhung to mid-summer by cloud-like masses of mist-like flowers having the appearance of smoke. Foliage changes to a brilliant red and yellow in fall. Matures 8-10 ft. Hardy.

Lilac, Common Purple. The Old-fashioned Lilac, with the exquisite fragrance. 8-10 ft. at maturity. Very hardy.

Red Snowberry. Often called Coralberry or Indian Currant. Similar to White Snowberry but with small red berries. Hardy. 3-4 ft. at maturity.

Persian purple Lilac. A shrub with slender arching branches, attaining height of 8-10 ft. Blooms May and June, with bright orchid-purple flowers. Does not sprout so much from the roots. Hardy.

Redtwig Dogwood. One of the best, native shrubs; free flowering, and very handsome when in bloom, and with its white berries on red stems in the fall. 6-10 ft. at maturity.

Red Japan Quince. The red Firebush. Covered with dazzling scarlet flowers early in the spring, followed by small, fragrant, quince-shaped fruits. Attains a height of 8-10 ft.

Spirea Van Houttei. The flowers are pure white, and are borne in dense clusters along the whole length of the branches. Excellent as a hedge plant. 6-8 ft. at maturity

Spirea Billiardi. Long, lacy conical spikes of rose-pink flowers from June to Aug. Hardy, matures 4 to 5 ft.

Rosa Hugonis

ROSA HUGONIS

The "GOLDEN ROSE of China"

Often called "Father Hugo Rose". China named this often-called "Golden Rose" after Father Hugo, who discovered it in China. We believe this to be the first Rose to bloom in the Spring — real early in May! An old-fashioned variety that is again regaining popularity very rapidly. Early in May, these 4 to 5 foot bushes are a mound of gold with their single, bright yellow blossoms. A splendid Rose for the shrubbery border, good for hedging, and also a colorful protective Shrub. It is truly a lovely addition to the garden because of its early flowers, its clean, fresh foliage and its charming arching habit. After it has finished flowering it remains an attractive decorative bush for the balance of the season; perfectly hardy.

PRICE: 2-Yr., Field-grown bushes, \$1.25 each; 3 for \$3.45.

For That Shady Spot Plant *Double Camellia* **BEGONIAS**

(Tuberous-rooted). No flower grown can equal these for sheer exquisite beauty. They are widely used for pot plants for winter blooming and also for summer beds outdoors. For a shady spot outdoors nothing else will bring such a magnificent display of color. A bed of these will provide a continuous supply of flowers from early summer until frost. These are the double, Camellia type blooms. We furnish the **EXHIBITION SIZE** — large 2 to 2½ inch (diameter) bulbs. When grown outdoors, take up before cold weather. We offer these in 6 lovely colors: Red, Orange, Pink, Salmon, Yellow or White. Price: 3 for \$1.10; 6 for \$2.00; 12 for \$3.75. Net, Postpaid.

Popular **GLADIOLUS**

New Varieties — Better Colors — Larger Spikes
Americas' Finest and Most Popular Cut Flower — All Will Bloom This summer.

Dahlia

Creeping PHLOX

Beautifies Rock Garden, Border and Terraces.

(*Phlox Subulata*). Just the plant you have been looking for to cover that unsightly bank or terrace, especially one which is rather hard to cultivate. Also fine to add that little splash of color to your Rockery. It is one of the most beautiful of the low creeping plants. Makes a delightful bank of color during April and May. Foliage is evergreen and mossy. Hardy under most conditions plant 1 foot apart each way to make dense ground cover in short time. We offer these in Red, Pink and Blue. Specify color wanted. 50c each; 3 for \$1.35; 6 for \$2.40. Net, Postpaid.

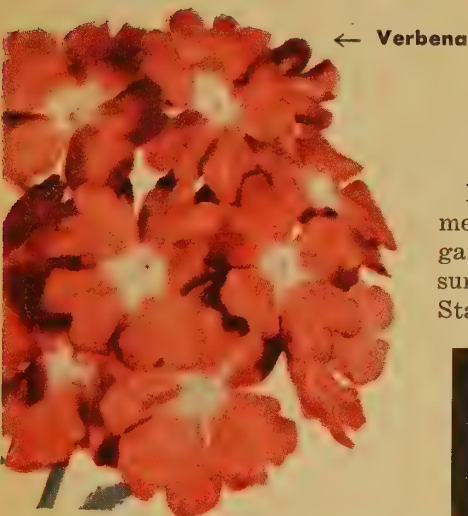

Bleeding Heart

BLEEDING HEART

(*Dicentra spectabilis*). Bears numerous rosy-red, heart-shaped pendant flowers on long, gracefully arching stems. The old-fashioned favorite. Grows to a height of 2 feet. An excellent plant for that shady border. Hardy. Price: Field-grown plants, 3-5 eyes, 95c each; 3 for \$2.45. Net, postpaid.

Hardy VERBENA

Something very special in Perennials! Best rock garden plant of all. Excellent for borders and covering banks. This true pink Verbena produces its showy, flat-cluster-like bloom at the tip end growth of each branch. Continuously in bloom from early June until freezing weather; before first flowers are through, new side-shoots will come into bloom. This is the hardy type — no need to replant each year as you do with the Annual type. Price: Fine plants, out of 2½ inch pots, 60c each; 3 for \$1.65; 6 for \$3.00. Net Postpaid.

← Verbena

CARNATIONS

Hardy. Exotically perfumed flowers in great abundance all summer. Plant them in solid beds, borders and groups in the Perennial garden. Flowers come single, semi-double and double; blooms all summer. Flowers are large. Choice of Red, Pink, White or Yellow. State color. Price: 40c each; 4 for \$1.35, Net, Postpaid.

TREE PEONIES

"The KING of FLOWERS"

"USUALLY \$10.00 TO \$15.00 EACH and SCARCE AT ANY PRICE." WHILE THEY LAST! Strong, One-Year grafts, \$2.75 each; 2 for \$5.25; 4 for \$9.95, Postpaid and Net.

TREE PEONIES are a low many branched shrub, growing 3 to 4 feet high, bearing giant size flowers in many shades of red, pink, purple, and white. They have been grown in China for a thousand years, first in the gardens of the Ming Emperors, where they gained the name "THE IMPERIAL FLOWER OF CHINA". The Chinese also call them "THE KING OF FLOWERS" because of their rare beauty and king-size blossoms. The flowers often measure 10 to 12 inches across, and have the texture of fine crepe silk. They are fragrant, are hardy — long lived — disease resistant. Grow well in any climate. Have been known to withstand 40 degrees below zero temperature. Need very little care. The sparkle and beauty of TREE PEONIES in full bloom are beyond description, and are even more spectacular and beautiful than the finest hybrid Rhododendron.

When ordering, please give first, second and third choice in the following colors offered, as supply is limited and we know many colors will be exhausted within a few weeks after you receive this book.

Colors offered: Red, Pink, Purple, and White.

Giant EXHIBITION and DECORATIVE MUMS

These world famous varieties that we offer produce huge exhibition and decorative blooms and should be disbudded to one bloom per stem, having several stems on each plant. If this is done, you will have blooms comparable with greenhouse varieties; flowers 4 to 5 in. across — just like those you see at the football games in the fall, and not the small 2-inch flowers produced on ordinary Mum varieties. Very hardy and easy to grow. We offer the following varieties in this type:

Coronet. A beautiful carnation-flowered, Pompon blooms of deep, glistening gold. Strong, upright growth; long lasting.

Doreen Monte. (D). Large, incurving flower of bright rose-pink. Long stems and medium foliage. One of the best.

Lassie. (D). Large decorative, dark pink. Long lasting. Strong, upright growth. Heavy bloomer.

Opportunity. (E). Lovely large reflexing incurved blooms of rich, plum-purple on tall stems. Blooms about Oct. 5th.

White Cloud. (D). The best early white in Decorative type; exquisitely formed with broad petals. Produce heavily branched flower sprays.

PRICE: Above 4 varieties, 75c each; 3 for \$2.10. Postpaid, Net.

Ablaze. (E). Huge cactus-like blooms of deep red. Medium height. Strong grower.

Amber-Light (E). Deeply reflexing bloom of light amber-bronze. Medium height.

Andante. (D) Large, broad-petaled blooms of luminous peach apricot. Tall, with long stems.

King's Ransom. (D) Fully double, 3-inch decorative blooms of rich old gold with rounded petals, form solid crown on rugged, upright 2-2½ ft. bushes.

Stylish. Large, reflexing, cactus-like blooms of old rose, flushed raspberry-cerise. 2-2½ ft. tall with rigid stems.

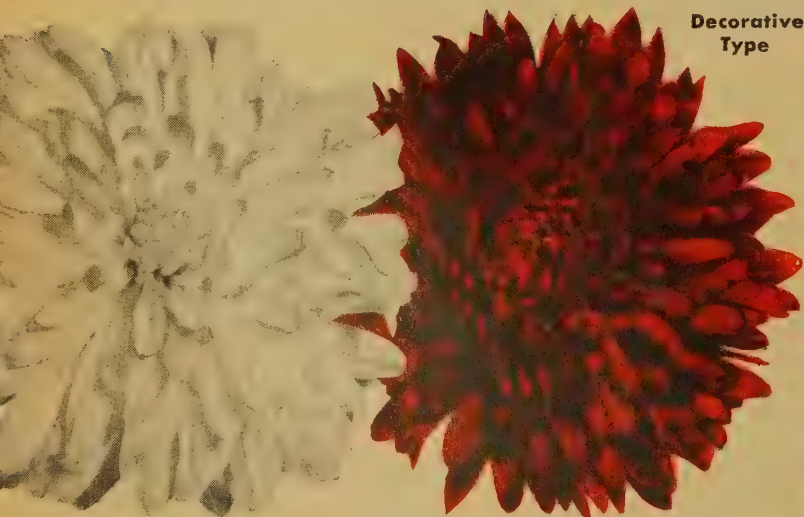

Truly Yours. (D). Lovely rose-pink bloom, with pointed petals. Very double, slightly reflexing, and 4 to 6 inches in diameter. Medium plant. Color becomes deeper as weather becomes cooler.

PRICE: Above 6 varieties: 90c each; 3 for \$2.50. Net, Postpaid.

FREEDOM. (E). New outstanding variety. Deeply reflexing balls of pure white, 5 to 6 inches in diameter. Extremely double with well rounded petals. Compact plant of medium height. Weather and frost resistant. Destined to be a favorite.

PRICE: Freedom, \$1.10 each; 3 for \$3.00, Net, Postpaid.

NOTE: Due to State Quarantine Regulations, are not permitted to ship Chrysanthemums into following states: ARIZONA and IDAHO.

Decorative Type

Ackerman's HARDY CUSHION CHRYSANTHEMUMS *Will Grow Everywhere*

Glorious Colors To Brighten Your Fall Garden!

Imagine a perennial which produces hundreds of blooms at one time. When these plants are fully matured, they are so completely covered with bloom, and the colors are so intense, the sight is positively breathtaking. Customers have reported as many as 500 to 700 blooms on one well matured bush at once. These beautiful, showy "Mums" make a rounded, compact bush of immense size. Hardy and easy to grow. We are offering some of the newest and best of the "Cushion" type Mums below:

Cameo. Deep, rose-pink. The best.

Glamour. Fully double, non-fading deep purple.

Lipstick. Bright red, aging to rosy-red. Best in its color.

Midget Gold. Tiny, ball-like buttons of deep gold.

Pepita. Hundreds of beautiful white blooms produced on round, compact plant.

Rocket. Low growing, orange with bronze tints.

PRICE: 70c each; 3 for \$1.95; 6 for \$3.75. Net, Postpaid.

Grown**

HARDY PHLOX

These are Northern-grown — the best strain obtainable. You will note we are offering an especially fine collection — 10 of the newest and best varieties of the popular kinds offered today — each a different color. All strong, field-grown plants, which will bloom this summer.

PRICE: All varieties listed, 45c each; 3 for \$1.20; 6 for \$1.95. Net, Postpaid.

ADONIS. A new variety of the most unusual shade of bright red. Tall stems; large flower head.

AIDA. An outstanding phlox; large flower heads of the brightest violet.

AMERICAN BEAUTY. Large flower heads in the most beautiful American Beauty-pink.

BLUETTE. A good "blue". Soft lavender-blue with delicate pink shadings without a trace of violet.

CECILE HANBURY. An exciting salmon phlox with a scarlet sheen. New.

CHEERFULNESS. Sparkling pink, light salmon overcast. Blooms later than most pinks.

DRESDEN CHINA. Immense flower heads of soft pale-pink florets. Really outstanding.

STARLIGHT. Rich violet with sharply defined white star in center of floret.

SIR JOHN FALSTAFF. The largest of all Phlox. Vigorous grower, huge luminous salmon-pink bloom.

WHITE ADMIRAL. Enormous heads, like great mounds of snow on stems 30" high. The best white; late blooming.

SEDUM "SPECTABILE BRILLIANT"

An unusual Perennial of wide and varied usage — use it as a flowering Perennial in the foreground of the bed or border; plant it among low-growing shrubs for increased foliage and color effects; use it for flowering hedge around your Perennial bed; ideal for window boxes, and many other spots too numerous to mention. Is one of the hardiest of all plants, and thrives under the most difficult conditions, and in all types of soil. Round, succulent, handsome silvery gray-green foliage, which is very ornamental all summer long. The large, flat head of clear pink blooms are often 8 inches in diameter. Plant usually grows 12 to 18 inches high, with bloom stems rising 10 to 12 inches above foliage during blooming season. **Strong, field-grown plants, 55c each; 3 for \$1.50; 6 for \$2.60; 12 for \$4.80. Net, Postpaid.**

SEDUM SPECTABILE BRILLIANT

PACIFIC HYBRID PINK DELPHINIUM

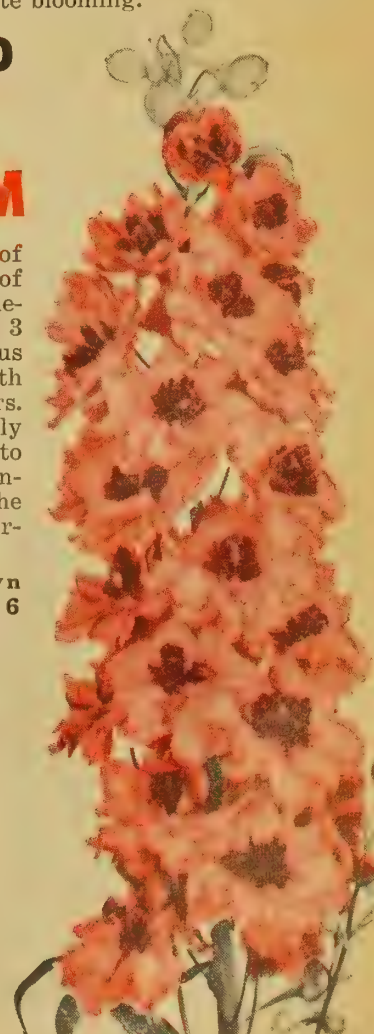

The elegance and beauty of this marvelous new strain of Hybrid Delphinium almost defies description. Great stalks, 3 to 5 feet tall, bear enormous flower spikes heavily laden with delicate pink individual flowers. Very free flowering, and entirely hardy. Excellent foliage. Easy to grow. Makes a beautiful contrast when planted with the Pacific Hybrid type we are offering on page 56.

Price: Strong, field-grown plants, 65c each; 3 for \$1.80; 6 for \$3.30. Net, postpaid.

GIVE YOUR GARDEN PERMANENT BEAUTY WITH

All Perennials offered in this book are quoted prepaid, and will be shipped separate from the balance OF THE STOCK YOU ORDER. Prices not subject to the cash discount. They are all 2-Year, Fieldgrown transplants.

ASTILBE. One of the easiest of all Perennials to grow as it is not too particular as to soil. As with most plants, it comes to fullest glory in complete sunlight, but does fairly well in semi-shade. In June and July has exquisite 15 to 18 inch long, plummy wands of feathery character and brilliant coloring. Very hardy. We offer this sensational cut-flower in two varieties. Specify variety wanted. Very hardy. **GLORIA.** Rosy-pink. **FANAL.** Lively, deep red. Price: 65c each; 3 for \$1.80; 6 for \$3.30.

BABY'S BREATH, Pink Double. Established plants reach a height of about 2 feet, and are in bloom throughout the summer and fall. Foliage is a fine blue-green and very graceful. Flowers are of a delicate pink. Ideal for cutting. Price: 55c each; 3 for \$1.50.

ORANGE BUTTERFLY PLANT. (Asclepias Tuberosa). During the months of July and August this unusual plant produces immense numbers of brilliant orange flowers. It can be successfully grown in any type of soil, grows about 2 to 2½ feet tall. The only hardy perennial having true orange flowers. Price: 50c each; 3 for \$1.35.

DAISY, ALASKA SHASTA. A handsome plant, with large, glistening white blooms during June and July, borne on long, sturdy 24 to 30 inch stems. Fine for cutting. Hardy. Profuse bloomer. Price: 45c each; 3 for \$1.20.

SWEET WILLIAM. Flowers are colored, clustered and shaped much like Phlox. Tall growing; blooms from late spring and most all summer. Hardy. Price: 35c each; 3 for 90c; 6 for \$1.50.

PYRETHRUM. (Painted Daisy). Fern-like foliage surmounted by many pink and red, yellow-eyed daisies on 18 to 24 inch stems. It blooms in early summer; fine for cutting. Hardy. Price: 45c each; 3 for \$1.20; 6 for \$1.85.

COREOPSIS, Dbl. Sunset. A profusion of showy yellow blooms all summer long. Long stems and fine for cutting and mixed bouquets. Very hardy and easy to grow. About 2 feet. Price: 40c each; 3 for \$1.00.

MONARDA. (Bergamot or Beebalm). Striking, clustery heads of fragrant, whorling flowers in pink and scarlet. 2½ to 3 ft. tall. Flowers produced freely from June until August. Does well in shady gardens and is excellent for cutting; an irresistible attraction for humming birds. We offer this wonderful plant in **Cambridge Scarlet** — crimson-scarlet, and **Croftway Pink** — rich rose-pink. Specify variety wanted. Price: 60c each; 3 for \$1.65.

DELPHINIUM. (Pacific Hybrids). Giant stalks 4 to 6 feet tall, bearing enormous flower spikes. Individual blooms are double, to semi-double; exceptionally large, often measuring 2 inches across. Delightful shades of blues, lavenders and mixed colors. No color guaranteed. Hardy. Price: 50c each; 3 for \$1.35; 6 for \$2.40.

FEVERFEW. (White Matricaria). Hardy, dwarf edging plant. Double white flowers resembling Pompon Mums, from June to October. Excellent cut flower. Price: 55c each; 3 for \$1.50; 6 for \$2.70.

GEUM. Splendid plant for the hardy border. Blooms freely from May through October. Large blooms 1½ to 3 inches across with large waxy petals, borne on 12 to 18 inch stems. Very attractive foliage. We offer 2 varieties: **Bradshaw.** Fiery red. **Lady Stratheden.** Golden yellow. Price: 55c each; 3 for \$1.50.

CATANANCHE. (Caerulea major). (Blue Cupids-dart). Bright, deep violet-blue flowers, 2 inches in diameter. These beautiful double flowers are borne on 1½ ft. stems, in great profusion from July to frost. Fuzzy silver foliage. Silver buds and seed pods. Price: 55c each; 3 for \$1.50.

AQUILEGIA (Long-spurred Hybrids). One of the best perennials. Dainty, showy and desirable as cut flowers. Bloom in June and July. Prefers partial shade. A fine mixture of all shades. Price: 45c each; 3 for \$1.20; 6 for \$1.85.

True Double RUSSIAN VIOLETS. These all bloomed in the field and were then potted so we can be sure of their being DOUBLE. Perfectly hardy everywhere. Produces an abundance of double, sweet-scented flowers, of a deep shade of purple. Price: Out of 2¼ inch pots, 60c each; 3 for \$1.65.

Hardy Perennials

CANTERBURY BELL. Plants attain 2½ ft. in height, profusely covered with large, bell-shaped flowers. Bloom May to July. Beautiful array of color, ranging from white, pink, rose through all shades of blue and purple. No color guaranteed, for ours are mixed. Price: 55c each; 3 for \$1.50; 6 for \$2.70.

FOXGLOVE. (Shirley Hybrids). Large flower heads are 2 to 3 ft. long; crowded with big, bell-shaped blossoms. These beautiful "wedding bell" flowers are produced in a wide range of solid and two-tone colors — from white and shell-pink to deepest rose, many attractively dotted crimson or chocolate. For continuous bloom, cut off old stems when flower fades. Price: 50c each; 3 for \$1.35; 6 for \$2.40.

PLATYCODON (Blue Balloon flower). Large, bell-shaped or broadly cup-shaped, blue flowers, growing 1½ to 2 feet tall. Handsome, dark green foliage. Very hardy. Blooms in July and August. Does well in sun and shade. In bud, has appearance of a blue balloon. Price: 50c each; 3 for \$1.35; 6 for \$2.40.

DAISY, DBL. MOUNT SHASTA. Pure white blooms with high tufted center and a double row of overlapping guard petals which enhances the beauty of this fine double Daisy. Flowers are produced in abundance on 24-inch wiry stems, from late spring until frost. Price: 60c each; 3 for \$1.65; 6 for \$3.00.

DOUBLE-FLOWERING HOLLYHOCKS. The Chater's Hybrid strain of an old favorite garden flower. Fully double flowers of exquisite colors. They are so pretty they scarcely look real. An excellent variety for a colorful background; grow 4 to 5 ft. tall. Hardy, and easy to grow. Bloom during June and July and often into Aug. Being hybrids, they come only in mixed colors, no color guarantee. Price: 45c each; 3 for \$1.25; 6 for \$2.25.

LAVENDULA. (Sweet Lavender). This is the true Sweet Lavender; grows about 18 inches high; delightfully fragrant blue flowers in July and August, which may be dried and used as sachet. Price: 55c each; 3 for \$1.50.

LUPINES, Russell Hybrids. Tall spikes of bloom, often 3½ feet high, from June to September. Flower spikes resemble a closely set well-rounded column of sweet peas. A vast range of color. A most superior strain. Price: 55c each; 3 for \$1.50; 6 for \$2.70.

LYTHRUM (Carmine Prince). This beautiful plant provides bright rosy-pink flowers from July to frost. Grows 3 feet tall, with graceful spikes. Excellent for cutting. Thrives in all soils, in sun or part shade. Very hardy. Price: 55c each; 3 for \$1.50.

PANSIES, Swiss Giants. These are of the Roggli strain — real Super Giants! Plants are robust and flowers are really big, often 3½ in. across, with stiff stems. Richest reds, coppers, bronzes and yellows, plus the choice rosy pinks and rare light blues. No color guarantee, however, as they are offered as mixed. Price: 10 for 75c; 25 for \$1.50; 50 for \$2.90; 100 for \$5.50.

HARDY PRIMROSE. (Primula veris). Harold Pedigree giant strain. The individual flowers are as large as a half a dollar. These beauties grow anywhere. Most colorful of our early spring flowering plants, succeeding best in dampness and shade. Flowers in May, about 8 inches tall. Includes various shades of lilac, purple, violet, buff, orange, salmon and rich reds. No color guaranteed. Price: 55c each; 3 for \$1.50; 6 for \$2.70.

"HELEN" PYRETHRUM. (True double Painted Daisy). New, offered for the first time last year. No other variety can compare with these for size, form and brilliant coloring. Beautiful chrysanthemum-like flowers on long stems, in deep rosy-pink color. Long blooming season, especially fine for cutting. Price: \$1.00 each; 3 for \$2.85. Supply is very limited.

RED HOT POKER. (Tritoma Pfitzeri). Flaming scarlet flowers, the opened lower petals rimmed with orange. Grow 18 to 24 inches tall. Bloom August to October. Price: 55c each; 3 for \$1.50; 6 for \$2.50.

VERONICA. (Blue Spires). One of the handsomest blue-flowering plants. Its 2-foot spikes are completely covered with beautiful blue flowers. Blooms July to September. Hardy, increases in strength and beauty each year. Excellent for cutting. Price: 55c each; 3 for \$1.50; 6 for \$2.70.

Specimen Size Plants of

Showy and Unusual HEDGING

**"ROBIN HOOD"
MUSK ROSE HEDGE**

A perfect hedge Rose; its habit of growth is densely compact, with deep green foliage. Like all Hybrid Musk Roses it is strongly resistant to common Rose ailments. In spring, blazing clusters of brilliant, cherry-red flowers completely cover the healthy, deep green foliage, and again sparingly during the summer and autumn. Not particular as to soil, can be cut to any desired height over 3 ft. Supply is limited. **Price: Strong flowering plants, 3 for \$2.85; 6 for \$5.50; 12 for \$10.00; 25 for \$20.00.**

**ILEX BULLATA
(Crenata Convexa)**

Very low-growing, evergreen hedging with shiny dark green convex boxwood-like leaves. Grows about 4 feet high and 3 feet across. As a small accent plant it is faultless. Grows very dense and contrasts well with other evergreens. Makes a perfect low hedge. **Price: 2-Yr. twice-transplanted, 9-12 inch plants, 85c each; 6 for \$4.50; 12 for \$8.40; 25 for \$15.00.**

Ilex Bullata

**DWARF CRIMSON
PYGMY BARBERRY** →

A recent introduction from Holland. Grows 6 to 8 inches high, 15 to 24 inches across. Slow growing. Its lustrous bronzy-red foliage is a sparkling contrast to evergreen and shrub plantings. Best color when grown in full sunlight. May be used along walks and for low borders. **We offer 2-year, field-grown plants, 6-8 in. in dia., \$1.50 each; 2 for \$2.75; 5 for \$6.25; 10 for \$10.00.**

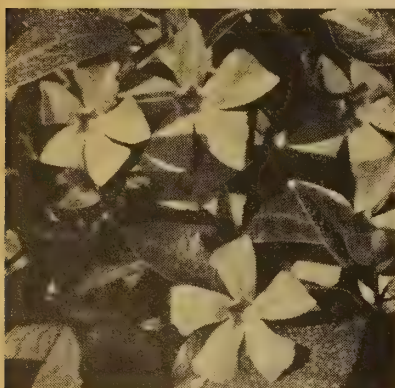

TEUCRIUM CHAMAEDRYS

An unusual Hardy Dwarf Hedge or Edging plant. Foliage is evergreen for 10 months of the year and plants stay dwarf. Ten to fifteen inches is as tall as they grow, and an occasional very light trimming will hold their beautiful compact shape. Hardy in all sections of the country, and thrives in most any location. Should be planted 6 inches apart for a dense hedge. Very effective when planted as an edging for a perennial bed. Four to five plants in a group will make an ideal corner clump for a perennial bed or the corners of a Rose Garden. **Price: 50c each; 6 for \$2.50; 12 for \$4.50; 25 for \$8.00; 100 for \$25.00.**

A Saving of \$1.40! not prepaid

VINCA MINOR MYRTLE

A trailing plant that spreads rapidly and makes a dense, compact growth. Attractive, glossy green leaves and lovely violet-blue flowers, tend to make this a showy and effective ground cover. Plants are hardy and trouble free; will thrive in sun or shade. Used extensively under shrubs and trees and on graves; also suitable for edgings to shrub borders, along wooded paths, etc. **Price: 6 for \$1.25; 12 for \$2.25; 25 for \$3.85; 50 for \$7.35.**

EVERGREEN GROUND COVERS

These ground cover plants are one of the most useful groups that we grow. Each home-owner has a spot in his yard where it is difficult to grow or mow grass. These ground covers make ideal substitutes for grass and are beautiful the year around. Make a luxuriant growth in shade as well as in full sunlight. Are hardy and rapid growing. Plant one of the varieties offered below and you need not worry about how you are going to mow that hillside or slope.

POLYGONUM REYNOUTRIA

A dwarf-growing ground cover, which is completely covered with airy pink sprays of flowers in the Fall. Buds are deep red, adding to its charm. Foliage is pale green, which turns to a brilliant red in autumn. Very hardy, easy culture; does best in full sun — in fact, one of the best ground covers for sunny places where Vinca and Pachysandra would not grow. **Price: 6 for \$1.65; 12 for \$3.10; 25 for \$5.50.**

PACHYSANDRA TERMINALIS

A ground cover, which will grow in all shady situations and the only plant which will thrive under pine trees. A trailing plant with beautiful waxy green leaves that stay green all winter. Plants make a dense growth, spread out rapidly and should be set 1 to 2 feet apart. Its main uses are for planting under evergreens, under all shrub plantings, or for shrub and flower bed borders, for bordering walks and drives, etc. **Price: 6 for \$1.25; 12 for \$2.25; 25 for \$3.85; 50 for \$7.35; 100 for \$14.00.**

A Living Farm Fence

ROSA MULTIFLORA

HARDY — STOCKPROOF — ATTRACTIVE

The Miracle Rose Hedge

2-79 — An all-purpose hedge for your lawn, for windbreaks, to hide that unsightly view, or for stock-tight fences. Is very hardy. Blooms late in the Spring. A medium-fast grower — on soil of average to good fertility, it will produce a hedge in three or four years that will turn any kind of live-stock except small pigs. The attractive plants grow 6 to 8 ft. tall and 5 to 7 ft. wide. Rosa Multiflora hedges do not need clipping, pruning, training or supports, although for lawn hedges it can be kept pruned to any height or size. Thrives under a wide range of soil types and conditions.

You will find the Multiflora hedging a natural for conservation farming — it's stock-proof, hardy and well-behaved. Recognized and developed by U. S. Soil Conservation Service. Trial fences have been planted in the East, South, Middle-west and Northwest and proven successful. You can have a cheap, stock-tight fence for 40% less cost of woven wire fence by planting Multiflora, and at the same time kiss your fence-maintenance problems goodbye. Note photographs at left which will give you some idea as to the adaptability of this unique hedge. Should you want to remove this hedge it is quickly destroyed with 2-4-D or by clipping.

This easily grown hedge makes an excellent cover, nesting facilities, and provides winter food for wild life. The natural propagation and successful wintering of game assures a growing supply for sportsmen.

Green Barberry

Russian Mulberry

Amoor River Privet

HEDGE PLANTS

2-144 — **GREEN BARBERRY.** (*Berberis Thunbergi*). Immune from rust. Dwarf growing, uniformly bushy and rounded in form, numerous leaves covering thorny twigs. As a filler edging for shrubbery, as foundation screen in front of porches, as a hardy, low hedge, it is unsurpassed. **PRICE:** 15-18 in., 6 for \$1.65; 12 for \$2.75; 25 for \$4.95; 50 for \$8.75; 100 for \$15.35. 18-24 inch field-grown transplanted bushes, 6 for \$2.30; 12 for \$3.95; 25 for \$7.00; 50 for \$12.50; 100 for \$21.95.

2-145 — **RED BARBERRY.** Similar to Green Barberry in all respects except color is a brilliant red. Early spring, assumes a deep bronzy-red color, which it retains until fall, when it changes to vivid orange, scarlet and red shades, far more brilliant than the ordinary Japanese Barberry. **PRICE:** 2-Yr., 15-18 in., field-grown, transplanted bushes, 6 for \$2.45; 12 for \$4.75; 25 for \$9.00; 50 for \$16.50. 18 to 24 inch, 55c each; 3 for \$1.55; 6 for \$3.00; 12 for \$5.50.

SPECIMEN RED BARBERRY

The same hedge described above, but are six-year-old, well developed bushes — just the thing for a specimen hedge needed to finish corner plantings in your yard, or where a bush of color is needed for contrast with your other shrubs. **PRICE:** 6-Year, Heavy 2-3 foot shrubs, \$2.25 each; 2 for \$4.00.

REMEMBER, Our Barberry are not seedlings out of beds, but are strong, field-grown **TRANSPLANTS.**

3-366 — **BLUE LEAF ARCTIC WILLOW.** (*Salix purpurea nana*). A dwarf bush that is distinctly different as a hedge plant. Foliage is of unusual blue-gray-green. Hardy enough to withstand Arctic Circle temperatures. Grows anywhere, even in wet or heavy soils where nothing else will thrive. Matures into a beautiful, thick hedge, up to 4 feet tall. **PRICE:** 2-year, 15-18 in., 6 for \$2.75; 12 for \$5.00; 25 for \$9.50; 50 for \$18.00; 100 for \$32.00.

2-99 — **AMOOR RIVER NORTH PRIVET.** One of the best hedge plants because of its extreme hardiness. It is of similar form and habit to the well-known California type but much hardier. Of fine, upright growth with lustrous dark green foliage, nearly evergreen. Grows quickly, making a hedge the first year, and succeeds in practically all soils. Especially valuable for hedges and borders in cold, exposed locations. When planting, cut back to 4 inches above ground to make hedge bushy at bottom. **Price,** 2-Yr., 15-18 in., 12 for \$2.75; 25 for \$4.65; 50 for \$7.15; 100 for \$11.00. 18-24 in., 6 for \$1.95; 12 for \$3.50; 25 for \$5.65; 50 for \$9.50; 100 for \$15.50. Heavy 2-3 ft., 6 for \$2.25; 12 for \$4.10; 25 for \$6.25; 50 for \$11.50; 100 for \$20.00.

RUSSIAN MULBERRY. Hardy in all states, never winterkills. Superior to most other kinds, as it makes a dense hedge from the ground up. Unlike most other hedge varieties as to growth and shape of leaves, and are a deep bright green; very attractive hedge, altogether different than old common varieties. Cannot be surpassed for tall hedge to hide unsightly views. Trim the same as Privet. When planting, cut back to 6 to 8 inches above ground to make hedge bushy at bottom. **Price:** 2-Yr., 18-24 in., 6 for \$1.10; 12 for \$1.95; 25 for \$3.00; 50 for \$5.50; 100 for \$8.95.

BARGAIN NO. 60 \$5.65

40 Amoor River North Privet, 18-24 in.

Unusual Climbing Vines

CLIMBING HYDRANGEA

(*Hydrangea Petiolaris*). The Choicest of All Climbing Vines. Par excellence for growing on shady walls. It is woody but clings to brick or wooden walls without support, and also does fine on old trees or stumps. Its foliage is bold, clean and shrub-like, and a rich dark green color. Short spur branches projecting from the wall are topped with white, fragrant, Hydrangea-like blooms throughout the summer. The effect created is most artistic as well as amazing. Does equally well in shade or sun. In fact, we recommend the Climbing Hydrangea for north, west walls or such places where shade is dense in summer. The height can be easily controlled from 10 to 20 feet as desired. If you own one of these vines, you will have something you will admire all of your life. Strong plants, \$3.00 each; 2 for \$5.75.

Climbing Hydrangea

SCARLET TRUMPET

(*Bignonia*). Rapid growing, hardy, climbing vines. Extra large trumpet-shaped flowers of bright orange-crimson, for a month to 6 weeks during the summer. Attains a height of 12 to 15 ft. Price: 2-Yr. vines, 40c each; 2 for 70c.

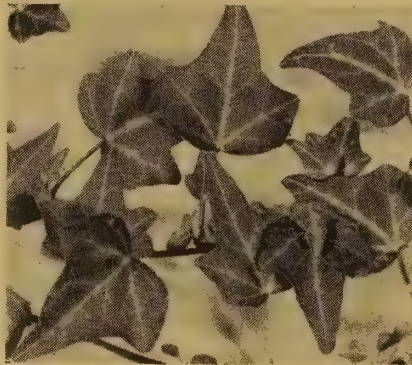

FLAMING BEAUTY HONEYSUCKLE

(*Heckrottii*). 2-67 — The Wonder plant of the Century. Everblooming. A Lonicera that will fill that long-felt need of a variety that will produce continuous bloom. Blooms all summer with beautiful red flowers. Very highly scented. Wonderful foliage. We feel sure you will not regret placing several of these in your order. 2-Yr. vines, 80c each; 3 for \$2.25.

PASSION FLOWER

(*Passiflora Caerulea*). A fascinating flower, so beautiful it seems unreal! An intricate arrangement of floral parts giving it religious significance. According to ancient legend the stamens represent 5 wounds suffered by the Savior; the 3 pistils, nails in His hands and crossed feet; the filaments, crown of thorns; and petals 10 apostles at the crucifixion. Bushy, vine-like plants bloom throughout the summer and fall, attain height of 10-20 ft. on trellis in summer; can be potted for overwintering indoors. Not hardy outdoors in north. Blooming-size pot plants, 95c each; 3 for \$2.25.

BALTIC IVY

(The Hardy English Ivy). Beautiful, hardy, fast growing variety. Holds its attractive green leaves winter and summer. Climbs brick, concrete, trees, etc., without support. Recommended for covering concrete walls, foundations, etc., and also as a good ground cover for lawns. Especially good for slopes or shaded areas where grass grows poorly. 2-Yr. pot plants, 45c each; 3 for \$1.20; 10 for \$3.25.

EVERGREEN BITTERSWEET

(*Euonymus Radicans*). Dark green waxy leaves last through the winter and form an excellent background for large clusters of large orange-red berries, which make lovely winter bouquets when dried. Adaptable as a climber or shrub; also as ground cover for steep banks. 2-Yr. plants, \$1.25 each; 2 for \$2.25.

CLIMBING VINES

CLEMATIS →

In planting Clematis, be sure the collar of the plant is set 2 to 3 inches below the surface of the soil. We offer 5 of the best varieties in the the large-flowering type, as follows:

2-150—PURPLE JACKMANI. Immense flowers of an intense violet-purple color continuously throughout the summer.

2-151—COUNTESSE de BOUCHARD. Gracefully curved petals range from satiny rose to rich pink. The nearest to clear pink; a profuse bloomer from July to September.

2-152—DUCHESS OF EDINBURGH (Double). Double, pure white, and not unlike a Gardenia. Blooms on year-old wood. Very outstanding.

2-153—LANGUINOSA. Large, glistening white flowers of waxy texture. Great profusions of blooms are produced throughout summer and fall.

2-154—RAMONA. Large flowers, of intense lavender-blue, are accentuated by a disc of darker anthers. Excellent bloomer.

Price: All varieties listed. Fine plants out of 4-in. pots, \$1.35 each; 3 for \$3.75.

BOSTON IVY

2-60—One of the finest hardy climbers for covering walls and trunks of trees, as it clings firmly to any surface. Deep green in summer, bright red in autumn. **2-Yr. vines,** 80c each; **2 for \$1.45.**

Boston Ivy

SILVER LACE VINE

2-75—Unusually charming. Climbs gracefully anywhere. Grows very rapidly, averaging 25 feet in a season. A well grown specimen is a cloud of lacy, misty white shot with tints of cream and pale rose, of exquisite effect. Blooms late summer and fall. **2-Yr. vines,** 75c each; **3 for \$1.95.**

HALL'S JAPAN HONEYSUCKLE

2-68—Strong, vigorous vine, with pure white flowers changing to yellow. Fragrant blooms all summer. **2-Year vines,** 60c each; **3 for \$1.65.**

CHINESE PURPLE WISTERIA

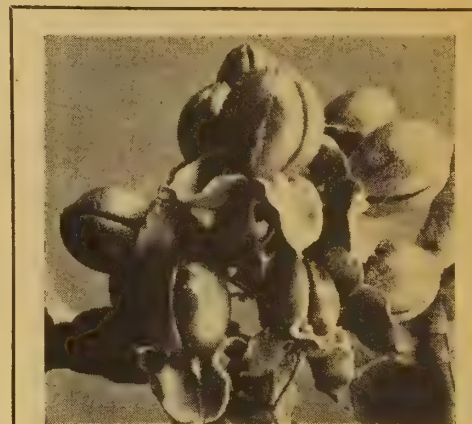

2-61—Elegant and very rapid growing. Has long, pendulous clusters of pale blue flowers in May and June, and in autumn. **2-Year, choice specimens, from blooming wood,** \$1.00 each; **3 for \$2.75.**

KUDZU VINE

2-74—Hardy. Large foliage and dense shade. Runs 30 to 40 feet in one season. Blooms in Aug. Rosy purple, pea-shaped flowers in small racemes, **2-Yr. vines,** 65c each; **3 for \$1.75.**

Silver Lace Vine

Sure to Fruit Bittersweet

SURE TO FRUIT BITTERSWEET

2-105—(Celastrus Orbiculatus). Oriental Bittersweet. The most prolific fruiting variety known. The ordinary Bittersweet often fails to fruit. In this variety we offer you a Bittersweet that always fruits. Even one vine if planted alone will fruit, but we recommend that you plant two close together and take advantage of the resulting cross pollination. It's worth it. This rare species was imported from Central and Western China. The leaves are a glaucous green and somewhat larger than those of the common Bittersweet. It grows rapidly in any kind of soil, in sun or partial shade. In autumn yellow and orange-scarlet berries cover the vine all over instead of an occasional small cluster as in the common kind. Excellent for late fall and winter bouquets. **Strong vines,** 85c each; **2 for \$1.50.**

EVERGREENS

Help Make Your House a Lovely Home
Our small and medium-size Evergreens are shipped packed in peat or moss

5-700 — PYRAMIDAL ARBOR-VITAE. Densely columnar type compact and erect. Foliage is deep green. Height matured is 12 to 15 feet. **Price: 18-24 inch Transplants, \$2.75 each; 2 for \$5.00.**

5-716 — GLOBE ARBOR-VITAE. Most popular globe, retaining shape without trimming. Seldom attains a height of more than 3 feet. Foliage is dense and of deep sea-green shade. **Price: 12-15 inch Transplants, \$1.85; 2 for \$3.50. 15-18 inch Transplants, \$2.65 each; 2 for \$5.00.**

5-717 — CANADIAN HEMLOCK. Most graceful of all Evergreens. Its long branches droop gracefully to the ground, and the branchlets bend willingly to the breeze. The common shape of the tree is conical, tapering evenly from a broad base to a long straight thrifty shoot. The needles are soft and delicate, not more than 1/4 to 1/2 inch long. The color is dark green on top, glaucous or whitish beneath. Grows rapidly. **Price: 2-yr., 8-12 inch seedlings, 3 for \$2.10; 10 for \$5.85; 50 for \$25.75. 4-Yr., 15-18 inch Transplants, \$2.75 each; 2 for \$5.00.**

5-707 — SPINY GREEK JUNIPER. This variety forms a broad, conical, beautiful tree; broad at base, gradually tapering to a tall, dense, conical head. Color is fine glaucous blue. **Price: 12-15 inch Transplants, \$1.85 each; 2 for \$3.50. 15-18 inch Transplants, \$2.75 each; 2 for \$5.00.**

Pyramidal Arborvitae

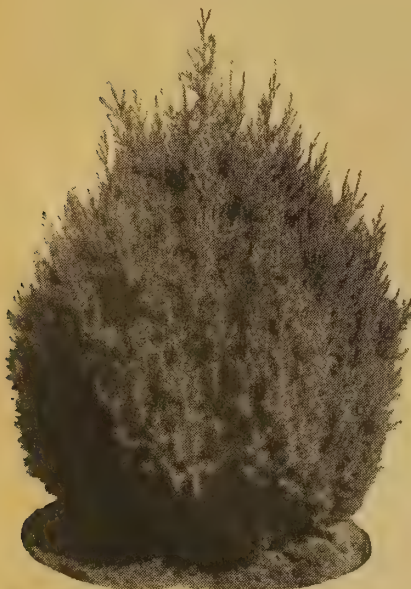

5-705 — PFITZER'S JUNIPER. Low spreading type, deep-green foliage with grayish cast. Excellent for foundation plantings and to plant in front of tall Evergreens, in full sun or part shade. Hardy. **Price: 12-15 inch Transplants, \$1.85 each; 2 for \$3.50. 15-18 inch Transplants, \$2.75 each; 2 for \$5.00.**

5-715 — COLORADO SPRUCE. One of the hardiest and most beautiful of all evergreens for specimen planting. One of the showiest and most impressive. Should have plenty of room to develop its branches and stately form. Should be planted where they have plenty of sunlight to get best color effect. An excellent hardy Christmas tree with deep green needles, often showing slight traces of blue when new growth appears. Very hardy. **Price: 4-Yr., 15-18 inch Transplants, \$2.95 each; 2 for \$5.50. 18-24 inch XXX B&B, \$4.75 each, 2 for \$9.00.**

5-704 — IRISH JUNIPER. Erect and slender, formal and columnar in form; fine prickly needles. Excellent for corner or entrance plantings, and also ideal for specimen plantings in the lawn. Hardy. **Price: 15-18 inch Transplants, \$1.85 each; 2 for \$3.50.**

5-718 — SAVIN'S JUNIPER. One of the most beautiful of the spreading evergreens. Rather upright, plume-like branches are densely covered with bright green, short-tufted foliage. Habits similar to Pfitzer's Juniper. **Price: 12-18 inch Transplants, \$1.85 each; 2 for \$3.50.**

5-719 — ANDORRA JUNIPER. A prostrate creeping type very valuable for planting in areas where height is a controlling factor. Silvery-green foliage in the spring and summer, turning at the first touch of frost to a beautiful mauve-pink. Very hardy. **Price: 15-18 inch Transplants, \$2.75 each; 2 for \$5.00.**

HARDY JAPANESE YEW

Most Luxuriant Evergreens Grown!

- ★ **Extremely Hardy** ★ **Landscape Favorites**
- ★ **Easy to Grow** ★ **Do Well in Shade**

All varieties offered below have the same type needles, which is a rich deep green in color, with waxy appearance. Will withstand complete shade, and can be sheared any shape or size.

Capitata (Upright) Yew. This variety has but one leader, is pyramidal in form, broad at the base and tapering to the top. Matures to 10-12 ft. **Price: 15-18 in. Transplants, \$4.00 each; 2 for \$7.50. 18-24 in. B&B trees, \$6.25 each; 2 for \$12.00.**

Intermedia Yew. Grows similar to the Hicksi, but is shorter and broader. Ideal for hedges or any use requiring trees of dwarf habit, such as under window planting, etc. Numerous red berries in Fall. **Price: 18-24 in. XXX B&B trees, \$5.50 each; 2 for \$10.00.**

Hicksi (Upright) Yew. Grows in columnar, erect form. Excellent for corners and entrance planting. Foliage will be extremely dense and compact from ground up, by shearing tree lightly as it grows. **Price: 15-18 inch Transplants, \$2.95 each; 2 for \$5.50.; 4 for \$10.00.**

Spreading Yew. (Cuspidata). Spreading type. Numerous red berries in Fall. May be sheared for low hedge; ideal for under windows. Size and shape of tree can easily be controlled by pruning. **Price: 18-24 in. XXX, B&B trees, \$5.50 each; 2 for \$10.00.**

 (10 each, your choice any four varieties listed under Xmas Trees, in sizes as offered.)

EVERGREENS for XMAS TREES AND FOR SOIL EROSION CONTROL

Norway Spruce. Most extensively planted, outdoor living Christmas tree. Highly recommended for street and specimen plantings. Fast growing, tall, stately trees. Also, good for windbreaks. 6-8 in. trees.

Black Hills Spruce. This is the hardiest of all Spruce-symmetrical, compact and bushy habit of growth. Foliage varies from green to bluish tint, and all trees are remarkable for their bright, fresh color. When matured, reaches 25-30 ft. with a spread of 10-12 ft. 6-8 in. trees.

Austrian Pine. Few trees show such remarkable resistance to the trying conditions of city planting. Needles are such a rich, deep, green color that it is often called Black Pine; they are 2 in a sheath, straight and slender, and 4 to 5 inches long, 40 to 50 ft. at maturity; 6-8 in trees.

Scotch Pine. Staunch hardy, beautiful evergreens for windbreaks and specimen planting. Attains a height of 40-50 ft. Dark green, medium needles of about 3 inches in length. 6-8 in. trees.

PRICE: (4 varieties listed above; 10 for \$2.25; 50 for \$10.25; 100 for \$17.50.)

Colorado Spruce. The popular tree at Christmas time. One of the showiest and most impressive Evergreens. Color ranges from deep green to glaucous blue, depending upon the season. When matured reaches 25-30 ft. with a spread of 10-12 ft. **Price: 6-8 in. trees, 10 for \$2.90; 50 for \$12.65; 100 for \$22.00.**

AMERICAN WONDER LEMON

(Grows Lemons Indoors on Small Plants.) Sometimes offered as Ponderosa Lemon. The most unique plants ever offered for indoor culture. Covered with waxy white flowers several times each year, nearly as large as Tuberoses and as fragrant as Orange Blossoms. Flowers are followed by large lemons of high quality. Fruit often weighs more than 2 pounds. **Strong plants, \$1.10 each; 2 for \$2.00. Net, postpaid.**

THE ROSE GARDENIA

(Gardenia Veitchi.) The Gardenia is the most popular and fashionable flower — the flower of romance! It makes a grand house plant. Blooms from early spring until fall. Flowers are waxy white; foliage rich glaucous green. Plants prefer living room temperatures. Culture same as Geraniums. **Price: Strong plants, \$1.10 each; 2 for \$2.00. Net, postpaid.**

NEW DWARF ORANGE

(Otaheite Orange.) A grand pot plant of great beauty and novelty. Its glossy green leaves, fragrant waxy white, faintly tinted with pink, blossoms create a most pleasing sight. Fruit is about one-fourth the size of an ordinary Orange. A 5-inch pot has been known to carry 10 to 12 oranges at one time. **Price: Strong plants, \$1.10 each; 2 for \$2.00. Net, postpaid.**

DWARF TANGERINE

We are proud to offer something unusual in the way of House Plants. A real Tangerine which is easy to grow. Has beautiful glossy-green leaves, delightful fragrant flowers, followed by brilliant colored fruit, which is very good to eat, too. So unusual you will probably be the only one in your neighborhood that has one. **Price: Strong plants, \$1.10 each; 2 for \$2.00. Net, postpaid.**

PIGMY DATE PALM
Fruit for Your Living Room

The Pigmy Date Palm is a close relative of the larger commercial variety. While in warm climates it will reach a height of ten feet, it seldom grows over two or three feet high indoors. From an ornamental standpoint, the Pigmy Date Palm is just as attractive and desirable as other varieties of Palms, and in addition it will produce edible fruit in your own living room, under pot culture, as well as outside in the South. **Price: Strong plants, \$1.10 each; 3 for \$2.75. Net, Postpaid.**

BIRD OF PARADISE

"Jungle Magic" for Your Indoor Garden

Strelitzia Reginae. Festooned with reds, yellows, blues and oranges rivaling the jungle bird of the same name and exotic nature, this amazing plant speaks for attention from everyone. It is easy to grow and requires very little care and attention. Is sun-loving, and prefers a fairly rich, well-drained sandy loam soil. Deep planting should be avoided. The juncture of the roots and plant should be about level with the soil surface. Fertilize about once a year with well balanced plant food. Water moderately at all times. **PRICE: 10-14 in. plants, \$2.65 each; 2 for \$5.00. Net, postpaid.**

HOLLIES as House Plants

The Traditional Christmas green, is familiar to everybody, but Holly as a house plant is something new. Just imagine this unique little tree growing in your living room and producing bright red berries at Christmas time! No more trouble than growing ordinary house plants — simply repot in a fairly firm soil, being sure the space around and under the root ball is filled in snugly with garden loam, to which moisture-holding humus has been added. A mulch of peatmoss or compost is also desirable. Water should be applied often enough to keep foliage fresh and crisp, with occasional sprayings to wash off dirt. Do not fertilize during winter, but start in March, using a liquid house-plant fertilizer. Then, after all danger of freezing is past in the spring, like many other house plants, it can be given an outdoor vacation, by sinking the pot and plant in your garden bed. We are pleased to offer these in SEXED plants — Male and Female. One of each should be planted to insure proper pollination. Specify kind wanted. **Price: Fine plants, out of 2 1/2-inch pots, \$1.25 each; 2 for \$2.25. Net, not postpaid.**

Giant Olympic

Estate Lilies

Regal Lily

HARDY LILY BULBS

GIANT OLYMPIC HYBRIDS. America's Finest Hardy Garden Lily. The huge trumpet-shaped flowers are 7 to 9 inches long and 5 to 6 inches across, blooming in great clusters on husky stems 4 to 6 feet tall. A pleasing variation of colors from cool icy green, shades of yellow, pink to white with a golden throat and shades of pink on outside. Fragrant and free blooming. Plant 7 inches deep. Price: 6-7 in. bulbs, 70c each; 3 for \$1.95; 6 for \$3.60.

FIRE KING LILY. A tremendous number of large out-facing blooms of true fiery red, with faint black dots, are in constant bloom over a period of 3 weeks during June and July. Fire King in bloom is beautiful and showy even from a long way off. It is quite common to have these 3-4 foot stemmed lilies on well established plants to have as many as 60-80 blooms per stem. Very hardy and showy. Price: 5-6 in. bulbs, 95c each; 3 for \$2.70.

ESTATE LILY. (The Hardy Easter Lily). A true, long-trumpet white one like you'd pay \$3 to \$4 at the florists. Amazingly beautiful and perfectly hardy. You'll have blooms this summer and for years and years to come. Grows 2½ to 3 ft. tall. Price: 6-7 in. bulbs, 65c each; 3 for \$1.80; 6 for \$3.45.

PINK PERFECTION. A magnificent trumpet Lily of enchanting pink, which fulfills every gardener's desire for a Lily that "tops them all". A vigorous grower . . . produces stately stems 4 to 6 feet tall topped with a huge cluster of lovely flowers in June and July. Plant where they will receive light shade at least a part of the day . . . this will intensify their glorious color, soft, pleasing tints of fuchsia-pink. Price: 6-7 in. bulbs, \$1.35 each; 3 for \$3.50.

TIGRIDIA (or Aztec Lily). A great garden novelty direct from Mexico. Blooms continuously from July until frost. Flowers, which are brightest yellow to deepest scarlet, are 6 to 8 inches across. Culture same as for Gladioli. Flowers are oddly marked at the cup-shaped center, and the outer petals are in various colors. Price: 4-5 in. bulbs, 35c each; 3 for \$1.00; 6 for \$1.85; 12 for \$3.60.

MID-CENTURY HYBRIDS. A Hybrid Lily of distinction. Blooms are produced in a range of color that is altogether breathtaking! Superb shades of yellow, apricot, pink, salmon, and many shades of red. Blooms come in clusters on strong, upright stems 3 to 4 feet tall. They grow everywhere. Very hardy. 5-6 in. bulbs, 60c each; 3 for \$1.65; 6 for \$3.00; 12 for \$5.40.

REGAL LILY. Tall spikes of white flowers, slightly suffused with pink, with a beautiful glow of canary-yellow at center. Starts blooming end of June. Price: 5-6 in. bulbs, 45c each; 3 for \$1.20; 12 for \$3.85.

Queen of the Night

QUEEN OF THE NIGHT (Epiphyllum Oxpetalum)

From Tropical America and Mexico . . . comes this exotic member of the Cactus family. Also known as "Night Blooming Cereus". Of all types offered in this unusual plant, we prefer this one as it has **no thorns** and, unlike the others, it **blooms 4 times each year**. You can actually see the petals move as the enormous, waxy, white flowers unfold . . . flowers are 8 to 10 inches across and nearly a foot long; they open only in black of night, when their fragrance completely fills the room. Easy to grow. An unusual House Plant. Price: Strong plants, out of 2¼ inch pots, \$1.25 each; 2 for \$2.25. Net, no discount, and Postpaid.

RED POWDER PUFF (Calliandra)

Another new and unusual House Plant! A beautiful, tropical plant producing large, fluffy, bright red balls 2 to 3 inches across in February and March. Soft as down, the most delicate and unusual flower you have ever seen. Even when not in bloom the fernlike foliage makes an attractive plant for indoor decoration. Price: Strong, plants, out of 2¼ inch pots, \$1.25 each; 2 for \$2.25. Postpaid, net and no discount.

Red Powder Puff

FRUIT *Out of the Ordinary*

Bring The Delicious Taste Of Far-Away-Lands Into Your Own Home —

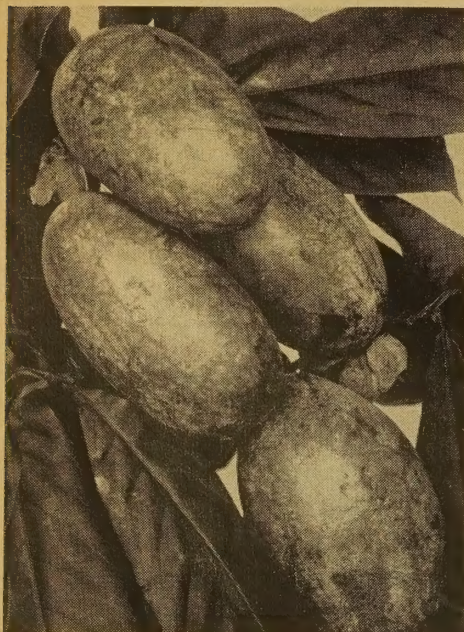

Everbearing Fig

EVERBEARING FIG

3-220 — Our Dwarf Fig is particularly adapted to growing in the north as it does well in either tubs or in the open ground. The root is perfectly hardy. Should tops freeze, it can be cut to the ground, and when it begins growing again it will produce fruit on the new wood. We recommend tub culture north of Philadelphia. Plants bear the first year they are set out, and abundantly each year thereafter. The fruit is of good size, sweet and delicious with flesh that is firm and meaty. Is an excellent fruit for making preserves, jams, canning, drying or to eat fresh. **Price:** 2-3 ft. trees, \$1.45 each; 2 for \$2.75.

OLD-FASHIONED PAW PAW

3-355 — (Michigan Banana Tree). A handsome tree attaining a height of about 20 feet. Has large purple flowers, which are very beautiful and fragrant. Makes a handsome tree for the park or lawn as the foliage is large and dark green. Produces good size yellow fruits which have the flavor of the banana and are very delicious. Although the fruit is somewhat shorter and thicker than the banana, the resemblance is very close. Trees are hardy and can be grown anywhere in the U. S. Prefers a shady location and somewhat rich humus soil. **Price:** 2-3 ft. trees, \$1.95 each; 2 for \$3.50. 3-4 ft., \$2.45 each; 2 for \$4.50; 5-6 ft., \$2.95 each; 2 for \$5.50.

Old-Fashioned Paw Paw

HARDY AMERICAN PERSIMMON

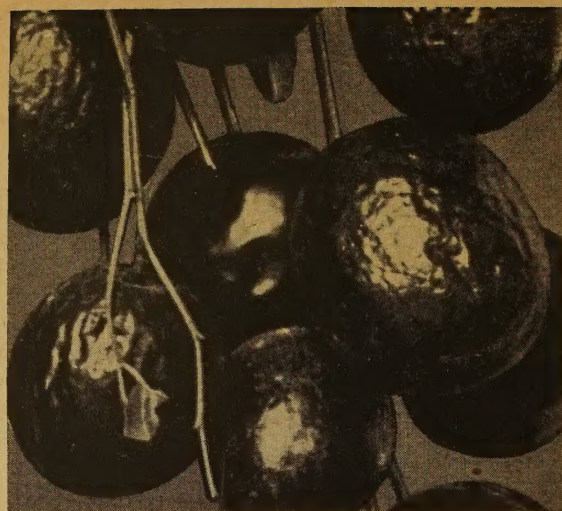

3-224 — Bright golden orange fruits with a rich, spicy and delicious flavor, which are highly prized when gathered after the frosts. Bear at an early age. Hardest variety grown. Highly ornamental. **Price:** 2-3 ft. trees, 90c each; 3 for \$2.45.

Hardy Chinese Dates

HARDY CHINESE DATES (Jujube)

3-219 — Coming from the high interior of China, it is quite hardy, the U. S. Dept. of Agriculture bulletins reporting it has withstood 22 degrees below zero without injury. It is adapted to a wide range of territory and all kinds of soil.

It blooms very late in the spring. The tree is a heavy and constant bearer, commences to bear at an early age; four-year-old trees having produced 150 pounds of fruit. The chocolate-colored fruit is one to two inches long. Delicious eaten fresh or cured like dates. **Price:** 2-3 ft. trees, \$2.95 each; 2 for \$5.50.

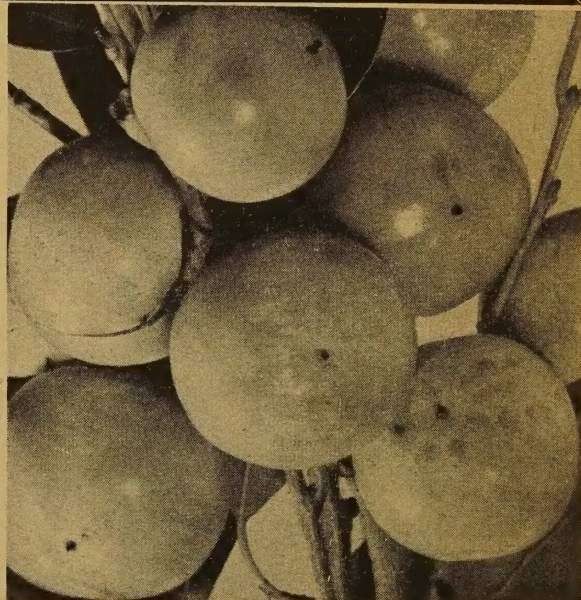

New WONDER BREL Contains GIBREL*

Amazing New Plant Growth Stimulant
GIBBERELLIC ACID Makes Plants Grow to GIANT SIZE

Now you can make plants mature earlier, bloom faster, and grow bigger, simply by spraying with GIBREL. Acts so fast that you begin to see results sometimes within days of treatment. Gibrel can double the size of Geranium blooms and increase the number of flowers on African Violets and other plants. Beautiful, long-stemmed roses with more buds, on many varieties. Plants grow faster, mature earlier; size and bulk are greatly increased; blooms are heavier, yields are higher; grasses grow faster, more luxuriantly than with fertilizer alone; flowering time is advanced; seeds are produced earlier; dormancy is broken; transplants are not set back. These are some of the wonderful results obtained with WONDER-BREL.

We offer this phenomenal Plant Stimulant in Ready-to-Use Aerosol Spray Cans! (two sizes), as follows; **Price: Net, Postpaid.**

6 oz. (household size)	\$1.25
15 oz. (GIANT spray-can)	1.98

Hardy American Persimmon

THE BEST IN PATENTED ROSES

BUSH TYPE

KORDES PERFECTA. (Plant Pat. 1604). The intriguing color combination is completely different from any Rose in existence . . . creamy-white and blended pink edged in rich carmine with suffusion of yellow at base of petals. Produces a great number of flowers of very strong fragrance. Luxuriant foliage. **Price: \$3.50 each; 3 for \$9.20. Net.**

PINK PEACE. (Plant Pat. 1759). Their remarkable 6-inch blossoms are produced one to a long stem, and the vigorous plant produces them in a generous, free-blooming style. These 60 to 65-petal Roses are a satiny, dusty pink, with a strong and memorable fragrance. Keeps its fine color throughout its life, and does not fade or wash out. **Price: \$3.00 each; 3 for \$7.95. Net.**

GARDEN PARTY. (Plant Pat. 1814). This New 1960 All America Winner produces huge flowers (often 6 inches or more across) perfectly formed of creamy ivory beautifully flushed with a delicate tint of apple blossom pink. Peace and Charlotte Armstrong are its parents and from them Garden Party has inherited its vigorous, healthy, free-blooming plant. A truly great new rose. **Price: \$3.50 each; 3 for \$9.30. Net.**

PEACE. (Plant Pat. No. 591). Its great charm is the changing panorama of colors. The buds are rich gold edged cerise, opening to ivory or alabaster white with pink blush along each petal. Very large and very double. **Price: \$2.50 each; 3 for \$6.60. Net.**

CHRYSLER IMPERIAL. (Plant Pat. No. 1167). 1953 All-America Award Winner. A sparkling red — truly America's first true red rose. Very high centered rose of 4½-5" flowers of the most vibrant red of all times. **Price: \$2.50 each; 3 for \$6.60. Net.**

Peace

Chrysler Imperial

STARFIRE. (Plant Pat. 1742). A 1959 Grandiflora Award Winner. Its shapely urn-like buds open into distinctive perfectly contoured flowers of unusual sun-fast currant red. Flowers occur singly on long cutting stem . . . or in lovely clusters. Tall-growing bushes; bronzy green foliage. Abundant bloomer. **Price \$3.50 each; 3 for \$9.20.**

GOLDEN GIRL. (Pat. applied for). New 1960 Grandiflora. The shapely buds open to big (4 to 4½ inch), bright yellow blooms which are borne upright on strong canes; excellent for cutting. A prolific bloomer . . . a real good, pure yellow rose. **Price: \$2.75 each; 3 for \$7.20.**

NEW 1960 ALL AMERICA FLORIBUNDAS

FIRE KING. (Plant Pat. 1758). The fully double flowers of vermillion-red are in brilliant display from June to Frost. For a blaze of color nothing can surpass this outstanding new Floribunda. Vigorous plant about 30 inches tall. **Price: \$2.50 each; 3 for \$6.60. Net.**

SARABANDE. (Plant Pat. 1761). Here is a new floribunda ideal for beds, borders or low hedges. The luminous oriental-red, semi-double flowers open to disclose bright yellow stamens in striking contrast. **Price: \$2.50 each; 3 for \$6.60. Net.**

CLIMBING ROSES

CL. PEACE. This is the climbing-form of the world-famous Peace rose described above. Same large flowers and long stems. **Price: \$2.25 each; 3 for \$6.00.**

CL. GOLDEN SHOWERS. (Pat. 1557). It can be trained on a fence or trellis, or it makes a natural pillar Rose about 5 to 6 feet tall. The fragrant 4 to 5 inch flowers are a fresh daffodil yellow. **Price: \$3.00 each; 3 for \$7.95.**

CL. CHRYSLER IMPERIAL. (Pat. 736). Now this wonderful variety in climbing form! Long buds, large flowers of crimson red. Fragrant; long stems. **Price: \$2.75 each; 3 for \$7.20.**

Fascinating NEW Offer **MINIATURE TREE ROSES** BLOOM INDOORS AND OUTDOORS

... The Talk of the Town! The most thrilling new development since miniature roses began — a Tree Form — whose trunk is only 12 inches tall! Its top is crowned with a mass of exquisitely dainty, double miniature Roses just like the Miniature bush Roses. Very hardy and easy to grow — bloom until frost. Grow them indoors like a houseplant — you will be delighted. Don't miss the thrill of being among the first to enjoy the world's rarest tree roses! Make your selection of the 5 varieties offered below, NOW! Supply is limited.

BABY GOLD STAR. (Pat. 407). The only true yellow Miniature. Blooms a bit larger than others; double and golden yellow all through.

BO-PEEP. (Pat. 976). Deep rose pink buds open to vase-shaped, double blooms. (25 to 30 petals). A continuous bloomer. Flower stems are longer than most.

PIXIE. (Pat. 408). World's tiniest, fully double white Rose with perfect blooms $\frac{3}{4}$ inch across. Continuous bloomer.

RED IMP. (Pat. 1032). Deep, rich, unfading crimson. Up to 60 petals. Fully double; excellent form of bud and bloom.

TINKER BELL. (Pat. 1293). Bright pink in bud and bloom. Up to 65 petals. Open bloom $1\frac{1}{4}$ inches wide. Long lasting blooms of excellent form.

PRICE: All Varieties listed above: \$3.95 each; 3 for \$11.00. Net, no discount.

MINIATURE BUSH ROSES

**Ideal for Borders and Rose Gardens —
Ideal for House Plants!**

Truly these are miniature "FAIRY ROSES" — dainty, but Hardy. We believe these to be the smallest Roses in the World. Foliage, blooms and growth habits of these fairy size roses are just like the big hybrid teas in miniature. Plants grow 8 to 12 inches tall, are hardy and free blooming from spring to fall. Excellent for borders, rock gardens, flower beds, porch boxes, etc. All miniature roses are grown own root, in pots. We offer 5 varieties in heavy, well established pot plants, usually in bud or bloom when shipped. Specify variety.

JACKIE. Beautiful shade of yellow. Fully double. One of the finest.
OAKINGTON RUBY. Tiny crimson buds and ruby-red blooms in abundance.
SWISS ALPINE. (Rouletti). Tiny exquisite rose-pink, double flowers.

PRICE: Above 3 varieties: \$1.10 each; 3 for \$2.95.

PIXIE. (Pat. 408). See description above under Tree Rose, White.
BABY TALISMAN. (Presumida). A beautiful bi-color, producing tiny blooms of red and gold continuously. Very lovely and exciting.

PRICE: Pixie and Baby Talisman: \$1.25 each; 3 for \$3.25.
